Newsday can boast of more candidates for the population than any other in the nation. We have not heard of charges of "freezing" being hurled at them, however.

Prof. Van L. lectured on phrenology and noted some excellent pieces of work by the court house last Saturday night. He is the finest phrenologist that has been in town in a week or more. All who survived his lecture are now convalescing.

The reporter had the pleasure of hearing some exquisite music Tuesday evening, rendered by Mrs. M. A. Newland upon an old-time piano, which the Grady has just overhauled and made good as new. It is said to be over 20 years old.

We call attention to the new advertisement of W. L. Douglas's \$3.00 shoe which appears in our issue today. We have every assurance from the manufacturer that the recent improvements in style and quality will give more satisfaction than ever to the wearers of these popular shoes.

Lee Crawford has decided to be a candidate for the Democratic nomination for the Legislature. He prints a card in this issue in which he declares his unwavering devotion to the Democratic party. Let every Democrat attend the primary election next Wednesday, and vote for their choice of candidates.

Mr. R. L. McCurry announces himself a candidate for Register of Deeds, subject to the action of the Democratic primary election to be held next Wednesday. Mr. McCurry is a sterling Democrat, and a popular and competent young man, whose reputation as an honest and upright man is known to all who know him.

We learn that the carcass of a cow which died from fever she contracted while grazing about the back lots of the town was allowed to remain so near the center of the city that it could be easily located by the effluvia arising from it. This is a sanitary condition that you read about. Whoever left his cow ought to come after it, and pay a few cents.

Mr. T. C. Reese, of Shamokin, Pa., was in Marion this week. He expresses himself as highly pleased with the farming property he bought near Dysartville some time ago. He has never seen before this trip, but is agreeably surprised, as the place is better than he expected. The best part of it is, there is a good gold mine on it, and he is arranging to develop it.

ATTENTION, DEMOCRATS!

On next Wednesday, all Democrats in the county are earnestly requested to meet at their respective voting places, and vote for the men of their choice as the Democratic nominees for the county offices. Let every Democrat vote in the primary election.

To Men of Principle!
The following is a letter which Black and Dula did not write, but we kindly offer it to them as an explanation of their platform. No charges. If it doesn't suit you, why don't use it?

To the voters of the 31st Senatorial district:

While it is true that the Republicans with the hatred of Satan despise the Populists and denounce their doctrine as tending to anarchy; and while the two parties do not agree on a single issue, except that we both want office; while one party wants free silver and the other is opposed to it, and one party is for high tariff, and the other is opposed to any tariff, one party wants the Government to buy all the railroads and telegraph lines, and the other believes such a course would eternally bankrupt the Government; one party wants to give every loafer fifty dollars in spot cash, and the other can't see where in the devil the money is coming from, and while the Republicans consider the Populists renegades and scoundrels and disappointed Democrats whose party couldn't give them all office, still we believe the voters of this senatorial district are a set of honest Republicans can be induced to lay down their principles and swallow Dula, railroads, telegraph, subtreasury and other cranky planks, and that the few honest Populists can be whipped into taking their pill by voting for Black, a man who is in direct opposition to every thing that the Populists are in favor of, and assuring the blamed fool voters that there is one thing we do agree upon, and that is that we both want office, and you can go to the devil after we get it. We close by saying we have "fused," and expect all good men to support us.

Yours truly,
Blackendully.

You will see that Sheriff Geo. H. Gardin is a candidate for re-election. We cannot say enough in praise of Sheriff Gardin as a man, and his kindness toward the people is well-known and appreciated by them. No man in the county is stronger or more popular than he. No man more deserving popularity than he. True to friends, obliging to the public, self-sacrificing to all, but faithful and efficient as an officer, George Gardin is too strong a candidate to need any recommendation at our hands.

It is reported that typhoid fever is raging in over 60 counties in this State. A Baltimore dispatch states that a ship's crew at that place are sick with something like yellow fever. Cholera is spreading rapidly in Europe. We mention these sad facts to warn the people of this vicinity against the habit of living in filth. Clean up your premises, burn up your old rags and trash, take a bath, disinfect with lime, perfume your breath with carbolic acid and garlic, wash the children with lye soap, scrub the last year's dirt off the floor and whitewash the kitchen. Do anything to keep off fever. We appeal to the authorities of Marion to enforce the law requiring people to keep their homes and back yards clean. The horse lots, log pens and alleys of the town would kill the inhabitants were it not for the splendid climate.

He is a Democrat.
Mr. Editor:—I am informed that it was reported a few days since that I withdrew my name as a candidate for the Democratic nomination for the Legislature to become a candidate for sheriff. This is absolutely untrue. I am now a candidate for the Legislature subject to the action of the Democratic primary election next Wednesday, and whether I am nominated or not I am a Democrat, and will work zealously for the success of the ticket. If Maj. Conley defeats me I will support him heartily. I will support every nominee of my party from W. T. Crawford for congress down to Corcoran.

Very truly yours,
LUC P. CRAWFORD.

A. M. Bailey, a well-known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her and she is well. Give it a trial and you will be surprised at its prompt relief. Afflicts 25 and 50 cent bottles for sale by Morrish & White, Druggists.

Irving W. Larimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balm to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one-half the time usually required. For sale by Morrish & White, Druggists.
