### The Cold Wave.

**A Winter Long To Be Remembered.**  
THE THERMOMETER BELOW ZERO NORTH, SOUTH, EAST AND WEST—MUCH SUFFERING PREVAILS—PEOPLE FREEZING TO DEATH.  
This winter is one that will long be remembered. There has hardly been a day in two months when the ground in this section has not been entirely covered with snow. The thermometer in Marion has registered several degrees below zero, a very unusual occurrence for our climate, which has heretofore been noted for its mild winters.  
But the freezes have been general and confined to no particular section. Reports from Florida, where the sweet fragrance of flowers have heretofore permeated the atmosphere in December and where the water melons are in the habit of "smiling on the vine" in January, show the winter is as severe there as in North Carolina or New York. Lakes are frozen over, orange trees killed and the damage done in that State is greater perhaps than that done anywhere else.  
A special to the Charlotte Observer from Patchogue, L. I., says:—It is stated that nine of the crew of the unknown schooner ashore off Lone Hill life saving station have perished. Through a field glass some persons claimed to have seen eleven men in the rigging, shortly after she struck yesterday, but one by one they fell into the sea from cold and exhaustion, till but two remained.  
The vessel struck in the outer bay off Lone Hill life saving station. The life saving crew, as soon as they discovered the vessel's plight, made preparations for a rescue. The life-saving apparatus was brought to the beach and a life-line shot over the wrecked vessel, but the unfortunate men composing her crew, who had sought refuge in the rigging, were unable to get to it, probably because they were benumbed with cold and thoroughly exhausted. The boat Munning, the crew of which was taken off in safety and which went ashore near where the other vessel struck, is in the outer bay and has all her sails set. Her rigging and hull is a solid mass of ice.  
EAST HAMPTON, L. I., Feb. 9.—The frozen body of a man is drifting along the south side of Long Island, about half a mile from shore. The body has a cork jacket on. The life saving crews are unable to get off shore owing to the ice inside the bar. It is supposed that the body is from the wrecked vessel off Lone Hill Station.

**CHICORA, Pa., Feb. 9.**—The Pittsburgh and Western Railroad is blocked for 100 miles north of Butler. A train going north passed here yesterday and stuck in the snow two miles out, and is still there. The passengers were brought back in a farmer's bob sled. Three engines attached to the stranded train have been snowed in, and will probably remain until the weather breaks. The New York and Washington express is snow-bound east of Cumberland, with no indication as to when it will arrive. The Chicago express, already four and one-half hours overdue, has not yet arrived at Wheeling. Perishable goods are being shipped as baggage or express, while live stock is positively refused. The officials hope to resume regular traffic by the first of next week.

**ANNOUNCEMENT.**  
The Quarterly meeting for the North Cove circuit will embrace the first Saturday and Sunday in March, at Centerville. There will be preaching at North Catawba on the first Sunday by the Presiding Elder, Rev. R. M. Hoyle. I will preach at Capernum and Carlisle on the second Sunday at the Quarterly meeting embracing the first. At Capernum at 10:30 o'clock a.m. and at Carlisle at 3 p.m.  
E. N. CROWDER, P. C.

**NEW MARION.**  
SHE WILL RISE PHOENIX-LIKE FROM THE ASHES AND BE THE BEST TOWN IN THE COUNTRY.  
Marion wears a sad appearance just now, but "all things come to him that waiteth." It is gratifying to learn of the many solid improvements to be made here as soon as the weather will permit.  
Mr. J. B. Dysart will erect a handsome brick block containing four stories, 30x109 feet each, work to begin early in the spring. The building will be two stories high. He will erect one smaller brick, 25x80 feet at once.  
The new and commodious building of W. P. Blanton is nearing completion. It is 30x100 feet and three stories high. The brick work was done by Mills Murphy, and is a first class job. Mr. Blanton hopes to open a large stock of goods in the new building in about 30 days.  
J. L. Morgan and Thos. Medd will build a handsome brick block on their lots.  
Capt. Seagle, W. F. Crrig, W. McD. Burgin, J. C. McCurry and others will make similar improvements, and new life will be infused into the whole town.  
Now give us water works, some more factories and electric lights, and Marion will make some of its neighbors jealous over her prosperity.  
Mrs. Emily Thorne, who resides at Tolede, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for lame back with great success. For sale by Morphew & White, Druggists.

**J. G. NIHOIS & BRO.** have just received a very large stock of general merchandise consisting of clothing, dry goods, shoes, hats, notions, queensware, woodenware and groceries. Tariff was in effect before this stock was purchased, therefore prices are the lowest ever offered in Marion. Call and see them. Hardware of all kinds is one of their specialties.  
A subscriber says it is amusing to see the Shanghaies wading the snow to mville. No waiting on wear'her.

### OUR PROSPEROUS NEIGHBOR.

**The City of Institutions and Enterprises.**

**SKETCHES OF SOME OF THE BUSINESS ENTERPRISES OF MORGANTON.**  
THE PIEDMONT BANK, of Morganton, is one of the safest and most successful monetary institutions in Western Carolina. Mr. Geo. P. Erwin is president and Mr. S. T. Pearson cashier, of this bank. Both are safe, able and popular business men, and the bank under their care has won the confidence of everybody.  
This bank was established in 1889. It has built up a surplus of \$10,000 and paid its stockholders a dividend of 10 per cent last year. It has done a large business since it was established, and it is a high tribute to its good management to say that it has never lost a dollar.

**A LARGE ENTERPRISE**  
Is the plant of the Burke Tanning Co., of which Mr. W. F. Camp is general manager. To Mr. Camp's untiring energy, business ability and experience this tannery owes its success. It has a capacity of 800 hides per week. The company spends about \$30,000 a year for bark which is distributed among the farmers of Burke and McDowell. A large number of men are employed by this company, and it is an industry of which Morganton is proud.

**LEADING CLOTHIERS**  
The clothing house of Collett & Gilliam is one of the progressive firms of Morganton. The above named gentlemen are numbered among Morganton's most popular and enterprising young men. They carry a large and varied stock of clothing, gents' furnishing goods, etc., which can not be surpassed in style, quality and prices.

**GROCERY HOUSE.**  
Mr. J. A. Shuping has opened a new and attractive grocery house in the Huffman block where a complete stock of heavy and fancy groceries is to be found at the lowest possible prices. Mr. Shuping is one of Morganton's best known, business men and deserves success. He is clever, energetic and deals on the square with his neighbor.

**O. W. O. HARDMAN, Sheriff of Tyles Co., W. Va.**, appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." For sale by Morphew & White.

**Special Rates by the Southern.**  
The Eastern Carolina Fish, Game and Industrial Fair will be held at Newberne, N. C., and round trip tickets will be sold by the Southern Railway Co. from Marion to Newberne for \$11.50. This includes one admission to Fair Grounds. Tickets on sale Feb. 16th to Feb. 21st, inclusive.

For further information call on Geo. E. Lee, Agent, Marion.

The experience of Geo. A. Apper, of German Valley, N. J., is well worth remembering. He was troubled with chronic diarrhea and doctored for five months and was treated by four different doctors without benefit. He then began using Chamberlain's Colic, Cholera and Diarrhoea Remedy, of which one small bottle effected a complete cure. It is for sale by Morphew & White Druggists.

**DID YOU SAY SHOES.**  
Any one wanting good HAND MADE SHOES or repairing can be accommodated by calling at Smith's shop. He will give you first class material and work at hard time prices. He can be found under Swindell's jewelry store for a few days until he can get a room fitted up at theraig block.
