LATEST NEWS IN BRIEF.

GLEANINGS FROM MANY POINTS.

Important Happenings, Both Home and Foreign, Briefly Told.

January Cotton Will Go to 10c.

Mr. Hector D. Lane, President of the Southern Cotton Growers' Association, was in Montgomery on Monday, after having taken a look over the cotton situation, to ascertain whether there was any reason for the recent fall in prices. He says he believes the depression in the price is only temporary, and that January cotton will go to 10 cents. He says he estimates the total crop now to be 60,000,000 bales. He does not believe more than 800,000 bales of it will come from Texas. He says this has been the finest season for gathering cotton he has ever known.

Broke the Record.

The first trans-continental train of the Great Southern Pacific, is without a doubt the most important trip of the season. It left New Orleans, La., on Monday, Oct. 31, with a full complement of passengers, arriving at Los Angeles, Calif., on the 10th day of the month. The trip was made in two days, nine hours and 45 minutes. The train was made up of 45 coaches, the fastest ever made in the history of railroads over an equal distance.

THE DOCKING SYSTEM DOWNED.

A Decision at Chattanooga which is to the Interest of Workmen.

By a decision handed down at Chattanooga, Tenn., Cross & Tenny, the government contractors at Chickamauga Park, must refund to their employees, some 400 in number, the amount of the "dockers' foot" and rent money deducted from their wages, a sum approximating \$6,000. This construction of the law makes it unlawful for an employer to require employees to sustain a physician known as the "company's doctor" or live in tenements owned by an employer, which is an attempt to the Tennessee workmen even greater than the "dockers' foot" in vogue in some Southern States. Every mining camp in the South claims and exercises the right to dock the employees.

THE STATE PENSION ROLL.

The List Shows a Total of 5,143 Widows and Soldiers.

The State Pension Roll has just been completed by the Auditor, and the warrants are now being issued, and will probably go to the register of deeds of the various counties between December 1st and 15th.

THE N. C. SOLDIERS' HOME.

The North Carolina Soldiers' Home was opened in September, 1889, the first money on hand being about \$1,000 raised at a lawn party here in July of that year. The home was in a small dwelling, and there were only eight inmates. The present home was occupied April 1, 1891. There are now a main building, chapel, hospital, superintendent's quarters, mess hall and three dormitories. The main building contains dormitories and a small library. There are now 65 inmates actually present. In the hospital there are seven beds. There are 5 acres in the property of the home. It was granted by the Legislature of 1883. Nearly two acres is rented to the county for use as convict quarters. During the year there has been no sickness save such as is usual in old age. The water is very fine. Books are greatly needed for the library, also old magazines. The home needs \$12,000 a year, so as to enable it to shelter 100 veterans. The railroad officials are very kind and give free transportation to inmates to and from their homes. There is a good garden and the supply of vegetables has been bountiful. There are religious services each Sunday afternoon.
