#### Wild Animals Are Popular.

There has of late been a sudden and anprecedented increase in the demand for wild animals, not only for the continent, but for the United States. The stocks in most of the European zoological gardens have decreased of late, a shrinkage partly caused by the closure of the Soudan by the dervishes. In America the popularity of the great menagerie at the world's fair started the boom in wild animals of all kinds. Circuses and private menageries are and keys and carried to the jail, who know the facts, and they fully competing with the zoological gardens and scientific societies for rare and interesting animals, and the demand for America is far greater than for the When the foreman of the blood acy, the meeting was purely acci- continent of Europe.
