As soon as I had my attention called to this boy, I immediately took the matter up with the sheriff of McDowell county also with the clerk of the court of the peace, Esquire Sandlin, who lives at Old Fort, for the purpose of getting this boy admitted into

the hospital at Morganton. They took the matter up with the boy's father and mother, and the mother persistently refused to allow him to be taken from under her care and keeping. She stated that she had managed to take care of him all during his life, and that because C. R. McCALL of his pitiful condition, she was unwilling to let him go. She stated that on account of his affliction, and his utter inability to help himself, she could not bear the idea of placing him under the care and keeping of absolute strangers. It was on her account alone that the Coffins and Burial Supplies officials of McDowell county have not taken official steps to place this poor boy in the hospital, and while she is doing the best she can for him, the boy is not as well cared for as he would be at the hospital, yet her devotion to her child is The fact that the boy has to be occasionally tied in order to keep lish has just died. him from harming himself or getting into trouble, is not as bad as
