## PLOT TO KILL TAFT AND DIAZ

October Fifteenth.

PLANS MADE IN CHICAGO.

Detectives Gather and Chief Wilkie Holds Conference. Secret Service Men Attend Chicago Meeting.

Chicago, Oct. 15.-The Chicago Journal to-day declares that an anarchist plan, directed by Chicago men planning to assassinate President Taft and President Diaz at El Paso, Tex., to-morrow, has been discovered by secret service men

The Journal story proceeds: "Chief Wilkie, of the secret service bureau has assigned many detectives to Chicago to learn the identity of the men selected to kill the two presidents.

Plans Made in Chicago

"For the past two weeks, it was learned to-day, meetings have been held by the anarchist groups in every large city of the country, the Uplift in McDowell county. but the assination plans, according to government agents, were completed in this city.

"Four of Chief Wilke's men dis guised as laborers attended the socialist meeting here last night at which the execution of Professor Ferrer, in Spain was condemned." Secret Service Gathers.

The Journal declares that secret service men have been brought here from Denver and other cities to assist in the investigation and that others have been rushed to El Paso. It is asserted that the cancellation of a public meeting of the heads of the two governments was at the advice of Chief Withter

Meeting of Taft and Diaz to Be Secret on Advice of Wilkle.

El Paso, Tex., Oct. 15.—Those who had anticipated witnessing the meeting of President Taft and President Diaz, at El Paso, Saturday, will be disappointed, according to an announcement made by the committee having charge of the arrangements today, following a conference with Chief John Wilkie, of the secret service of the United States, who is here.

"Advices from the state department at Washington and the foreign office in Mexico City," the announcement reads, "indicate that both governments regard this meeting of the presidents as a purely international affair. In order to carry out this view of the meeting. it will be necessary to constructive. ly consider the chamber of comthe respective presidents, and it years in the Philippine islands. be able to obtain in the White ander county visiting relatives.

palace at Chapultepec.

President Diaz is the guest of Chi- Bridy October 4. hushua today and will reach the border on Friday afternoon. All the Mexican troops have reached Juarez. The bridges between El

## FLAGGED TRAIN.

Paso and Juarez are guarded.

On last Sunday some boys from Valdese out for a Sunday afternoon stoll discovered a broken rail about two miles west of Conelly Springs just in time to stop westbound passenger train No. 21. The boy who "flagged" the train was almost exausted from a run of en rail was on a night init, and it is awful even to think of the probable consequence had it not been discovered. These boys, whose names we could not learn, are indeed be slave. Burdock Blood Buter builds up

## McDOWELL CO. AGAIN LEADS

So Says Chicago Journal of In Movement for Betterment of the People.

WE SAVED THE DAY.

Was the First County in State to Raise the Assestment. Will be Inspiration to Others.

The following letter to Prof. D. G. Giles, of Marion, shows that McDowell County has again taken the lead in a movement for a better condition of the entire people of the State. The Uplift, the paper referred too in the letter, is school and through the medium of that paper they hope to enlarge the school and their scope for good work.

Prof. D. F. Giles. Marion, N. C., My dear Mr. Giles:-

I have just gotten your pleasant favor, announcing that you had secured the entire appointment for am writing at once to tell you that you have made me genuinely happy. You have done more than you realize-you have absolutely guaranteed the success of the campaign. «We shall now win without

a doubt. The fact that you went at it personally and in a business like man ner and succeeded in so short time will be to others an inspiration. From a distant county, too, and being the first to maise the assesment, is something that you have reasons to be proud of. I want you to accept my thanks and my congratulations. You have sered

I will thank you, if convenient, to have the names and addresses in my hand by the 27th of this month so we can start in the subscriptions with the November number-that is about the time we go to press on the next number.

Again thanking you for your great help, and with regards I am, Yours sincerely,

J. P. COOK.

MAUCK BURIED AT

Sergeant Mauck Who Was Killed at Fort Brady Buried at His Old Home.

## THE CRY OF THE KNOCKER

Advertising the Best Way to Many Sidewalk Improve-Make Town Grow.

"OH, WHAT'S THE USE?" TWO SEWERS ARE ADDED

A Sensible Article Dealing With Crushed Stone Will be Part un Questions of Interest Which are Applicable to Marion at the Present.

You have heard it often, and; At a meeting of the rity movement on foot. The knocker improve several drawls it out, "The What's the sewers on two streets

Is it the brand of trade which is proved being organized or rejuvenated! Concrete When the booster has something street, from Main street afoot like that to help build a tirmsed ortsoot. This knocker, the man who halts and down on Sween's street querries "What's the use!" If as south Garden street much time and effort could be put Henderson street from the M. of a town that is put into the work gan street will be improved upon the men of little or no public. One quarter of a mile of newer spirit, to get them to support the age will be laid on become and undertaking, there would be more Spring streets.

The man who would ask, "What streets has already started and it is the use?" for a board of trade will be restind requility to compleor for him to youn the board of tion he has not given much thought to slee be resproved. the subject or else is not subcere when he asks the question. A board of trade exists to promote the interests of a town, to give it advertisement, to let the man who may be interested, know what adto give it a name of being a town with enterprise. All these things count for much in the building of a city. Of course, with the growth of the city the business of every man in it grows and gains prominence, and of course the man who asks. "What's the use?" does not

"What is the use?" is not only asked by the men who are not easily persuaded to make an inter est in advertising their town but it is equally true of the man who SPRUCE PINE, does not advertise his own business.

The principle is the same whether it is advertising a city or a firm A city's business can be be developed and a firm's business can be enlarged in the same way. It is radicious advertising in each case that counts. A city that has been getting up some advertising scheme gains a fame wherever that adverenterprising town. Every body has observed it. Just so with a busi

Furthermore whenever a city is favorably known through its advertising campaigns, it is expect, are lost among express measurigners ed, and people will be surprised if they do not find, that every enterprise in that city is loyal to every other enterprise. If there is an opportunity for boosting the firm other enterprise in the same city. the boosting spirit which makes for a city's welfare, will certainly
