MARION, N. C., FEB 8, 1910.

S. C. LITTLE, EDITOR. S. E. WHITTEN, MANAGER.

Entered at the Postoffice at Marion, N. C., as second class matter.

TERMS: ONE YEAR, \$1.00; SIX MONTHS, \$0.60; THREE MONTHS, \$0.35. Strictly in Advance.

The Telephone Situation. The city council will soon hold a special meeting to consider the question of allowing the Southern Bell Telephone company to enter Marion.

For years Marion, in this respect, has been cut off from the outside world. It has not only worked a hardship on our home people but upon business men and others who have been visiting in Marion and who require the use of such a service.

As we understand the situation they do not wish to enter into competition with the local system but just to establish long distance connection, probably by means of booths.

The business interests of this town demand and need long distance connection and the city council should bear this in mind while considering the matter.

Plenty of Nerve.

The Carolina, Clinchfield and Ohio railroad comes along with a communication to the Manufacturers' Club asking for the assistance of the club to have a summer resort established at Alta Pass.

We have heard of nerve and rumors of nerve but this is about the "greatest nerve" on record. Build a summer resort hotel at Alta Pass with Marion only a short distance away—well, we guess not.

Here Marion has been needing and wanting a summer resort hotel for years and then the C. C. and O. requests us to help them promote such a hotel at Alta Pass. Let the C. C. and O. join the business men of Marion in promoting a hotel for Marion and then we will make the dust fly, but at Alta Pass, never.

They Want To Come.

This week's issue of the Marion Progress carries no less than six news items dealing with the people who have written in the past few days for information in reference to Marion and the advantages offered here for new industries and homesekers.

Though no systematic advertising campaign has been carried out, as yet, by the business men of the Manufacturers Club, still many citizens are devoting much time in advertising the town.

Hundreds of news-paper articles telling of the town's advantages have been published all over this section of the country and in many eastern papers.

Inquiries have come recently from Brooklyn, New York, Auburn, Pittsburg and other large cities show the value of articles which appeared in eastern papers. All information possible has been sent to people who inquire about the town and the result of this work will soon manifest themselves in a "Greater Marion."

SUES C. C. & O. RAILROAD

Young Man Arrested in Marion Dec. 29 Will Sue For Damages.

It will be remembered that a short time ago the Spartanburg Herald had charge of an excursion from that city to Alta Pass and during the trip a fight occurred between several young men who were arrested and placed in the Marion jail. They were afterwards tried before Magistrate Ratliffe and it was thought the incident had ended but the following from the Spartanburg Journal shows that the last chapter in the case is yet to be written.

O. R. Berry, a well known young man of this county, who was a passenger on the excursion over the C. C. & O. road from Spartanburg to Alta Pass, December 29, and who was arrested at Marion on the charge of creating a disturbance on the train, has engaged John Gary Evans to bring suit against the railroad company for damages in the sum of \$5,000.

When asked today about the suit, Mr. Evans said that the case would probably be tried in Marion N. C. If suit is brought in this county, it would have to be by attachment, and in order to obviate this the case would be brought at Marion.

It will be recalled that a fight took place on the excursion train as the result of drinking. During the scrap Ralph McMillan was cut by Martin Turner. McMillan, Turner, Trim Wall, W. C. and O. R. Berry were arrested. The plaintiff in the case alleges that he was not in that part of the car where the fight took place and knew nothing of the incident, though he was placed under arrest at Marion and taken before a magistrate. The officer at Marion, he claims, warned the authorities not to arrest Berry unless they were certain he was one of those who were disorderly.

Do You Speak German.

There is a German lady in Marion who several years ago purchased an interest in a land company and also some land in and around Marion. The lady cannot speak enough English to be understood. She has consulted Mayor Dysart as to the best course to take in disposing of her property but as he cannot understand her English he does not know what to advise her to do.

He has taken the matter up with the German Embassy at Washington and a man from that office may be sent to Marion to look after the woman. She is old and very feeble and has also been in bad health for some time.

Dysartsville Dots.

Dysartsville, Jan. 31.—Charles Washington Laughridge, Senior, died at his home four miles north of Marion, on Monday, the 24th day of January, 1910, and was buried here in Trinity cemetery on Tuesday following. The bad weather last week seems to have caused a great many cases of colds and La Grippe and there is not a doctor nearer than Glen Alpine, which is six miles away. We would be glad to have some good doctor locate here. We are sure he could get a good practice.

Abernathy, Lyerly and Company have bought the McCarthy farm on Muddy Creek.

JACK AND JILL.

I hope "Stinky Valley's" good people will keep coming within its borders on St. Valentine's day as he is very likely to do considerable damage among the soft ones like "Snowball."

I put on a new face last Friday and somewhat enlarged myself so that I can stand warm weather better. SNOWBALL.

Mrs. Ingram Holland, whose death occurred at her home in Marion, was buried in the cemetery near the home of her father, L. A. Chapman, the 19th. The news of this death, although expected for some time, came with unusual sadness to the many friends who knew and loved her. From early girlhood she had been a devoted Christian and faithful worker in every good cause. Being endowed with an intellect beyond ordinary, combined with application, will and energy made a decided success in our public schools as a teacher.

Why such a bright and promising life is taken just in its bloom we cannot say. We can only know her spirit has returned to the Giver "Who doeth all things well."

FOR INSTANCE: Is it strongly built? Does it run smoothly and easily? Is the body roomy and comfy looking yet spice and attractive? Is the seat so built as to be comfortable when traveling over any ordinary road? Is the top (when there is one) well attached and not wobbly?

IN FACT—Is it a good runner good looker and good stayer—and is the PRICE RIGHT? I have the right buggy at the right price. I have you the price right handle for this buggy vice? If so, we can trade!
