FOOLED HIS SUPERIOR.

An Astonished Pasha and a Lieutenant Who Won Promotion. Kassim Pasha when minister of war for Egypt was very particular in regard to the personal appearance of his officers and issued stringent orders that they should never appear unshaven in public.

The young man obeyed, and the twin road along gloomily enough for some time, when the pasha stopped his carriage and entered an office where he would be detained for some time on business.

Abasseuh was reached at last, and all the officers were assembled to witness the degradation of their comrade, who all the while kept well in the rear of his chief.

THE HOMEMAKER.

Man's Chivalry to the Fried Goddess of the Fireside.

As we men frequently admit, it is our chivalrous regard for woman which leads us to desire that she shall confine her wholly admirable energies to the making of our home and the keeping of our houses.

Particularly let us not do so because if a woman does not keep the house it will not be kept. Would we men engineer and prepare 1,065 meals in one year? Would we wash dishes 1,065 times, wipe them 1,065 times, sew, darn, mend, devote our lives to a gray monotony of treadmill effort?

I have penned this little tribute to man's chivalrous regard for woman because anybody can see that it deserves it. Woman, the housekeeper (and nothing else), the fried goddess of the fireside, the queen of her domestic domain, with a stepman for a tarr and a stove hook for a scepter, let us together pledge her, while we register our chivalrous regard for her, while we will keep her where she is unless we will keep her as a stenographer or something else, in which event our chivalrous regard may stretch a few points.—California Monthly.

Drink and Diplomacy. Prince Bismarck once boasted that in his youth he drank a bottle of champagne at one draft from a "puzzle goblet so constructed that one could not bring it close to one's lips, yet one was not allowed to spill a drop. Not a single drop fell on my waistcoat. Every one was immensely surprised, but I said, 'Give me another.' Such tricks were formerly an indispensable part of the diplomats' trade. They drank the weaker vessels under the table, wormed all they wanted to know out of them and made them agree to things contrary to their instructions. When they got sober they could not imagine why they had acted so."

Wood's Trade Mark Grass and Clover Seeds are best qualities obtainable, of tested germination and free from objectionable weed seeds.

Wood's Seed Book for 1910 gives the fullest information about all Farm and Garden Seeds, especially about Grasses and Clovers, the kinds to sow and the best way to sow them for successful stands and crops.

MICROBES IN THE SCALP

The Latest Explanation is That Microbes Cause Baldness.

Professor Unna, of Hanburg, Germany, and Dr. Sabourand, of Paris, France, share the honor of having discovered the hair microbe.

Baldness is not caused through a few week's work of these hair microbes, but is the result of conditions brought about by their presence. Baldness may not occur until years after the microbes began work, but it is certain to come sooner or later.

The microbes out off the blood supply. They feed on the fatty matter about the roots of the hair, through which the blood is absorbed. Finally the fatty matter is consumed, and food supply of the hair is gone and it starves and finally dies.

Resorcin is one of the most effective germ destroyer ever discovered. Beta Naphthol is the most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to the hair when loss of color has been caused by a disease.

Borax, because of its well defined softening and cleansing qualities, it useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating qualities.

We want every one who has scalp or hair trouble to try Rexall '93' Hair Tonic, which contains all these ingredients. If it does not give you complete satisfaction we will return every penny you paid us for it, for the mere asking and without question or formality.

Of course you understand that when we say that Rexall '93' Hair Tonic will grow hair we do not refer to cases where the roots are entirely dead, the pores of the scalp closed, and the head has the shining appearance of a billiard ball. In cases like this there is no hope. In all other cases of baldness Rexall '93' Hair Tonic will grow hair, or cost the user nothing. Two sizes 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Marion only at our store.—The Rexall Store. J. W. Streetman.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Large Boulder Fell in Front of a Passenger Train Going at Fifty Miles an Hour.

AND IT WAS ALMOST MIRACULOUS THAT EVERYONE OF THE TWO HUNDRED PASSENGERS WERE NOT CRUSHED TO DEATH.

When you read such startling headlines in the daily papers, did you ever stop to think how many lives are being crushed out daily by stones in the bladder of hundreds of human beings, he cause no remedy was ever known to medical science that would remove them, until bloodine was discovered; and since bloodine has been found to be a specific for this terrible affliction it has had the most phenomenal sale throughout the East and West, of any remedy ever known. Thousands of bottles have been sold in a single day in many of the large cities.

If you are suffering with stone in the bladder, aching pains over hips, backache, sediment of deposit in urine, irritation of the bladder pain in urinating, rheumatism, uric acid in blood, sudden stoppage of the urine, highly colored or milky white urine, passed blood or mucus in urine, retention of urine, straining after urinating, thick or sloughy urine, cystitis inflammation of bladder, catarrh of bladder or bowels, puffiness under eyes, voracious appetite, thirst, gall stones, gravel, pain in urethra, swollen ankles, dimmed vision, specks before the eyes, scanty urine, frequent calls, mouth dry, bad odor of perspiration, biliousness, dribbling, lumbago, weakness, loss of flesh, irregular heart action, ulceration of the bladder, skin pale, waxy and dry, don't delay but send to your druggist and get a bottle of bloodine at once; if he does not keep bloodine, you can secure a six weeks' treatment, six bottles, for \$3.50 or single bottle 50c, trial bottle and booklet 10c, from the Bloodine Laboratories, Boston, Mass.

UNDER AN UMBRELLA.

An Expensive Adventure of a Famous Parisian Wit.

Romieu, the famous Parisian wit, was one day caught in a shower and forced to seek refuge in a doorway of the opera house. It was 6 o'clock already, and he had an engagement in the Cafe de Paris for that very hour. The rain fell in torrents. There was no carriage to be had. He had no umbrella. What was to be done? While he was lamenting his bad luck a gentleman with a large umbrella passed by. Romieu was seized with a sudden inspiration. He rushed out and grasped the stranger by the arm and gratefully installed himself under the protective umbrella.

"I am overjoyed to see you," he immediately began. "I have been looking for you for two weeks. I wanted to tell you about Clementine."

Without giving the stranger time to express his surprise Romieu rattled away with gossip and anecdotes until he had led the unknown companion to the door of the Cafe de Paris. Then he glanced at him with a face of well feigned astonishment.

"Fardon, monsieur!" he cried. "It seems I am mistaken." "I believe so," said the stranger. "Good gracious!" added Romieu. "Be discreet. Don't repeat what I have told you."

"I promise you." "A thousand pardons!" Romieu hastened within the cafe and amid great laughter told the adventure to his friends. Suddenly one of them said: "Your errand is rumpled."

Romieu put his hand to his neck and turned pale. His pin, a valuable sapphire, was gone. On further examination his purse and watch were found to be gone. The man with the umbrella was a pickpocket.—London Tit-Bits.

An Italian Superstition. There is an Italian superstition that whenever a king belonging to the house of Savoy dies a huge eagle is to be seen crossing the Alps over the valley of Aosta in the direction of Savoy, and the conviction prevails among the inhabitants of Aosta that this eagle guides the soul of the dead sovereign to join those of his ancestors in Savoy. When King Charles Albert died at Lisbon, King Victor Emmanuel died at Rome and King Humbert was assassinated at Monza in 1900 the eagle was seen winging its way across the Alps. All other eagles crossing the Alps don't seem to count for much.

Ancient Ropes. Ropes made of various kinds of fiber and leather are of very ancient date. Ropes of palm have been found in Egypt in the tombs of Beni-Hassan (about 3000 B. C.), and on the walls of these tombs is also shown the process of preparing hemp. In a tomb at Thebes of the time of Thothmes III. (about 1600 B. C.) is a group representing the process of twisting thongs of leather and the method of cutting leather into thongs.
