C. & O. railroad Monday afternoon when the mail car of passenger train No. 3, southbound, was derailed at Penland. No one was hurt and no damage was done. The train was delayed about five hours. Mrs. Dysart Entertains.

With the advent of the summer season when enthusiasm in social circles is at a low ebb, the Bridge club has renewed its energies and the meetings vie with each other for pleasantness. When Mrs. H. W. Dysart extended an invitation to meet at Riverford, three miles in the country, it was with pleasure every one responded, for aside from remembering the delightful hostess Mrs. Dysart invariably is, the novelty of the meeting caused no one to be absent. After a pleasant drive in the early morning, the ladies arrived at the river where Mrs. Dysart and Miss Nell Swinney made all welcome with the assurance the crossing is not as perilous as it seems and soon all were in the pretty home of Mrs. Dysart where they were greeted by Mrs. John Hopper. There all abandoned themselves to the spirit of the day and after refreshing lemonade was served by Misses Louise Dysart and Julia Burton, the hostess bade all follow her, the destination being the most rustic and picturesque spot—the old mill. Having mounted the stairs, many exclamations of delight were given for the mill had been converted into a bower of beauty and the guests were reminded that "this is the land where the rhododendron roseate glows." Here also were tables, chairs and all necessary to the ever popular bridge, the score cards bearing pictures of the mill and other nearby scenes. Here to the music of the mill wheel all played until the noon hour when the hostess again took the lead, the destination in this instance being the spring and here a delightful luncheon in two courses was served. After an hour of "converse with nature's charms," the ladies reluctantly departed with the memory of a happy day. Those present were Mesdames Yancey, Kirby, Fleming, Little, P. A. Reid, Thomas, A. Blanton, Bird, Pless, Burton, Hopper, Winborne, Alexander and Misses Dysart, Louise Dysart, Julia Burton.

The Ball Game.

Baseball enthusiasts in Marion had quite a treat on Tuesday. The great western bloomer team of baseball girls were on hand to meet a select team of Marion boys and to say that the game was interesting is not quite enough. It was a close game throughout and really exciting at times. An immense concourse of people filled the grounds and financially the occasion was a success, at least for the visitors. Our lively townsman, Attorney McBrayer, acted as umpire and at times his reputation for exact justice was in serious danger, for the visitors, feminine as they were, did not hesitate to "kick" even with little provocation. We felt sorry for "Hattie" one time, for she was really the best batter and runner of her team; she was called out on three strikes when even she wasn't ready for the third. "Fatty," one of the ladies, was a feature of the game. The game started with five runs in the first inning for Marion but after being twice tied, ended in favor of the ladies 10 to 9. One of the ladies pitched 3 innings and was then relieved by a really good male pitcher. Ed Kanipe and Roscoe Mouser pitched for Marion. Knights of Pythias Officers. Officers for the term from July 1st to December 31st were elected last Thursday night, viz: J. F. Conniffe, C. C.; C. R. McCall, V. C.; R. D. Green, Pre-late (re-elected); R. S. Finley, M. A. A.; J. Edgar Nichols, M. of W.; C. N. Barber, I. G.; E. P. Foy, O. G. The convention was well attended and Attorney C. B. McBrayer received the second rank. Regular convention to night at 8:00 o'clock. Work in one and, perhaps, two degrees. Come out and take part. YOU should own shares in the McDowell Building and Loan Association if you are interested in the county or town. Greenlee News. The McIntyre, of the Crooked Creek thieving episode, are tenants of Lee Williams, of Greenlee, and live near the Old Parsonage. Thus far, they have not been captured, though we understand that a reward of \$25 apiece has been offered for them. Marshall Johnson, a man of middle age, and a citizen of Clear Creek neighborhood, died of typhoid fever June 8th, and was buried in the Clear Creek cemetery on the afternoon of the same day. Mary Olive Tate, little daughter of Mr. and Mrs. John M. Tate, who has been quite ill, is improving.

He went to Hickory Saturday morning for treatment and returned to his home that afternoon. Messrs. Reams and Boswell, representing the Carolina Engineering Co., of Burlington, have arrived in Nebo and are looking after the unloading and hauling of the several cars of bridge material for the new bridge across the river near Nebo. A car load of cement and other necessary supplies are expected daily, and when they arrive, the erection of the bridge will begin in earnest. When completed, this bridge will have supplied a long-felt necessity and will be a great convenience to the people of the surrounding country. The Children's Day exercises which were to have taken place at the Nebo church last Sunday, had to be postponed until next Sunday on account of an all-day rain. The Weatherman has promised us an ideal day and a large crowd is expected. Bring a basket full of something good to eat and let us all enjoy ourselves all day. "There Is a Reason"

for every wage earner depositing a portion of his earnings in a building and loan association: There's more than one reason; they are so numerous that this issue could be entirely devoted to reasons, and there would be no blank pages. Did you ever see anyone try to save money without a system? Weeks and months pass by and the result is nil; the good intentions remain but the financial showing is not improved. Let the same individual bind himself to the deposit of a definite portion of his wages; each week sees an increase and at the end of the year the result is almost unbelievably gratifying. This alone is a sufficient reason for becoming the owner of a pass-book. Another good reason is the interest—which may be called paternal—that the government takes in supervising co-operative associations. Every move is guarded, in this state, by proper officials. Then, too, the men who have this association in charge—they are without exception the best and most enterprising citizens of the community—men who have succeeded in their own particular lines and who wish success and prosperity to all their neighbors. They give their services without compensation, often allowing their own interests to suffer that the association may not be neglected. Yes, "there's a reason," thousands of reasons, and they are not difficult of discernment to any person who is the least inclined to look into matters whereby he can benefit himself.
