## A Word to Parents, Young Men and Young Women.

STANLEY McCORMICK SCHOOL, located at BURNSVILLE, N. C., desires to call the special attention of the young people of adjacent counties to the following facts:

Sixty Thousand Dollars has been expended in building and equipment. A new dormitory for the boys has just been completed and furnished at a cost of \$20,000. This building, together with the girls' dormitory, has all modern improvements and conveniences.

The school has a competent corps of teachers specially trained for their respective departments.

The rates are so low that parents can positively keep their children in Stanley McCormick School cheaper than they can keep them at home. The rate is \$7.00 per month, which includes tuition, table board and furnished room. Music is \$2 per month extra.

Burnsville is an ideal location for such a school. The altitude (nearly 3,000 feet) guarantees healthfulness. There is no better water in the world. The religious and social influences are all that could be desired by the most exacting.

Special arrangements have been provided for the younger boys, who will room separately from the large boys, and will be under the direct care of a competent and painstaking teacher.

There is no better school, no cheaper school than Stanley McCormick School. The next term opens August 15th, 1910. Young men and young women who seek an education, and parents who are interested in the education of their children, should at once confer with the Principal. Information cheerfully furnished. Address  
 C. R. HUBBARD, Principal, Burnsville, N. C.

### Pa's Boy.

When pa was just a little boy.  
 Gee, how he ust to work.  
 He saved the wood an' built the fire  
 An' never tried to shirk.  
 He always filled the reservoir  
 An' swept the porches too;  
 N' I guess there wasn't many things  
 Pa didn't ust to do.

Now ma gets up and builds the fire;  
 She says I am too small—  
 An' sweeps the porches an' the walks  
 An' doesn't mind at all.  
 She says she's glad to let my pa  
 His morning nap enjoy.  
 Because he's tired with all the work  
 He done when he's a boy.

When I get big I'll get a wife  
 Edzactly like my ma;  
 To do the chores an' let me sleep  
 Just like she does my pa.  
 An' when I've had my mornin' nap  
 You bet that I'll enjoy  
 To tell 'em how I ust to work  
 When I's a little boy.

### Stingy Valley Items.

Stingy Valley, July 4.—Most of the farmers have finished harvesting and are laying by corn.

B. M. Bright and son of Sugar Hill spent Sunday at E. R. Bright's.

Mr. and Mrs. C. C. Burgin and children of Old Fort were visiting at E. T. Burgin's Saturday and Sunday.

Fred Pendergrass is spending a week at home.

We will be very sorry to lose one of our best neighbors and citizens, E. R. Bright, who has sold his large farm and handsome home to Hon. Woodhouse and W. W. Stuart, who will take possession of "Riverside" about the 1st of August.

We hope that the new friends will be pleased and that every one will join us in extending good wishes. Mr. Bright and family will leave for Phoenix, Arizona, in the latter part of July. We are always sorry to lose good friends, but we wish them good luck and good fortune in the Golden West and hope that they will hear from them in their new home.

A few of our young people enjoyed the glorious Fourth with a delightful fishing party on the banks of the Shady Catawba river. They assembled at the home of M. G. Pendergrass about nine o'clock and after enjoying the shade and eating apples awhile made their way to the Old Catawba where

they fished and conversed and enjoyed themselves until noon, when a delightful lunch was spread beneath the grand old maples. Warned by the threatening thunder clouds about the middle of the afternoon, they departed after having a good time, but disappointed because they had caught no fish. Mrs. Miaue Briggs, Marion and Mrs. Simpson were chaperones. The party included Misses Hattie Pendergrass, Priscilla Simpson, Cordie Erwin, Amney Hall, Mrs. J. Smith, Annie Callahan, Mary Cordell, of Marion, and Arvel Simpson, Vincent Cordell, of Marion; Fred Pendergrass, Oscar Young, John Smith, Leonard Simpson, Millard and Sidney Hall.

### The Financial Side of the Reno Affair.

The manager of the Jeffries-Johnson prize fight at Reno, Nev., says the gate receipts totaled \$270,775. The paid admissions were 15,760 and there were 760 complimentary tickets. It is estimated that probably 1,500 got in some way without paying and the total attendance was 18,000.

There were sold 1,518 seats at \$50, 150 at \$40, 643 at \$30, 1,505 at \$25, 1,457 at \$20, 1,706 at \$15 and 9,050 at \$10. The purse with the bonuses given the two fighters amounted to \$121,000.

It is said that Johnson's share of the purse, including the picture interests, will total \$190,000, and that Jeffries' share, including the picture interests, will total \$117,000. The reason Jeffries' share so nearly equals that of Johnson is explained on the ground that he made a better deal on the pictures.

The average man is moderately sane, except when he is engaged.

Progress adv. bring results.

Hundreds of young men now standing on the threshold of life are asking, "What must I do?" The sons of farmers are looking to the cities for an answer, the sons of merchants and tradesmen are looking to the country. There never was a time when the question was more important than now. Living now means activity, intense and persistent. The young man who chooses a profession without being prepared for it and understanding the measure of his work and its demands simply enters on an uneven race and will be left far behind. Our schools hold out to you the golden opportunity where this needed preparation can be had. Seize it; improve it and make life a success.—Gaffney Ledger.

## Mexican Mustang Liniment

For Man and Beast.

It is the most economical remedy because it is made of oils and don't evaporate like alcohol liniments. It penetrates to the bone in a hurry and healing begins instantly.

One of our enthusiastic friends writes:  
 WAREVELL, ALA.

JENTLEMEN:—  
 I think Mexican Mustang Liniment one of the greatest medicines I ever saw, and always keep a bottle or so in my stable. I've never known a single instance where it failed to give satisfaction, and have been selling and using it for 10 years.

You are familiar with the "sweet refrain" are you not? You know also that the weather is hot, do you not?

But do you know that "THE OLD RELIABLE" is hotter after your banking business—than all our door—than all the rag-time "hot-times" ever composed or written—than all the burning, seething chunks of red hot Sapho that ought not to have been composed or written.

## Threshing Machine Repairing

Talks with the Foundryman---No 8

Now does the Farmer think of getting his wheat threshed.

Now does the man who owns a thresher think of getting busy.

To do good work and do it quickly and cheaply, his machine should be in first-class order.

Perhaps it needs repairing—needs a new belt or some other small part replaced.

I can furnish any part or make any repairs. I do it quickly and cheaply.

Why not replace the steam power engine, which is heavy to "take about" and expensive to use. Besides, there is the danger of fire. I can furnish a light gasolene engine, which is cheap to run, easily moved and no danger from fire.

Call and see my plant and outfit.
