## In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. "I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui. "Since taking Cardui, I am so much better and can do all my housework."

# Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition. In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health. ### To The People of North Carolina.

Johnson City, Tenn., April 14.—Monday, May the first, has been made the day for you to write a personal invitation to one or more of your friends, now living in the North, West or Northwest, to come back to the South, "Back home." You are earnestly requested to do this, and to send their names and addresses to me on a postal card, and if convenient, a copy of your letter. We desire to reinforce your appeal by literature and proofs that the South is now different and better for them than the South they formerly knew—better, in fact, than any other part of the United States.

The time has come to resist the constant drain upon the South for people to go upon Western lands to make business for the Western railroads. The "Back Home" movement is encouraging a return movement of our own people, and a discouragement to further inroads upon our already scanty population.

There are five million of our people in the west; will you not help us to reach them all on May the first?

This is something definite you can do towards advertising your State, and at the expense of only two or three cents and a few minutes time. The publisher of this paper is giving his space (which is his stock in trade) to aid this movement, because it is for the common good. Will you not do what is here asked of you?

Yours for the South,  
W. D. ROBERTS,  
Sec., "Back Home" Movement Association.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

"I hearn dat bullet once when it passed me, and den anudder time when I passed it!"
