The Country Boy's Creed.

I believe that the country which God made is more beautiful than the city which man made; that the life out-of-doors and in touch with the earth is the natural life of man. I believe that work is work wherever we find it, but that work with Nature is more inspiring than work with the most intricate machinery. I believe that the dignity of a job depends not on what you do, but how you do it; that opportunity comes to a boy on the farm as often as to a boy in the city; that life is larger and freer and happier on the farm than in town; that my success depends not upon my location but upon myself, not upon my dreams but upon what I actually do, not upon luck but upon pluck. I believe in working when you work and playing when you play, and in giving and demanding a square deal in every act of life.—Written for the Boys' Corn Clubs of Virginia by Edwin O. Grover.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui. "Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition. In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and by you will arrive at the north pole of perfect health.
