The endorsement of "The Methodist" is not to be had by anything of doubtful merit, but this paper stands ready to lend its influence for that which it believes will tend to the betterment of humanity, spiritually, morally, materially or physically.

When such men as Revs. D. P. Tate, Horace D. "The Baptist" Endorses Milam.

Milam is the name of a great medicine... manufactured in Danville, and from a list of testimonials of some of our best citizens we can safely recommend it to our friends who are suffering with any of the diseases it proposes to cure. The men at the head of the company manufacturing this medicine can be relied on.—Rev. J. E. Hicks, in the Baptist Union.

Best Poultry Exhibit South Has Ever Shown

World-Famed Poultrymen to Be at the Appalachian Exposition at Knoxville.

The Appalachian Exposition poultry show at Knoxville, Tenn., will be another one of those clean, square southern shows. Last year's record was absolutely perfect, and with L. B. Audigier as manager again, the poultry people know that they will be honorably and fairly dealt with. As managing editor of The Industrious Hen, second vice president of the American Poultry association and president of the state branch, Mr. Audigier is in touch with poultrymen everywhere and with every poultry interest in the United States.

The executive committee to which all weighty matters for discussion are referred, is composed of L. B. Audigier, chairman; Jas. H. Henderson, Sam M. Cooper, C. W. Henderson, Capt. Thos. E. McLean, E. H. DePoy, Knoxville; John A. Murkin, Nashville; J. C. Vaughan, Lebanon; M. Jackson, Johnson City; A. J. Lawson, Cleveland; J. A. Dinwiddie, New Market; Hugh M. Clark, Maryville.

John E. Jennings, for a number of years secretary of the East Tennessee Poultry association, and secretary of exposition poultry show last year, has been re-elected for 1911. J. C. Vaughan, a prominent Middle Tennessee poultryman, was re-elected superintendent.

The ablest judges in the United States have been selected, from the north, east, south and west. Judge W. C. Denny, Buffalo, N. Y., has been assigned the Rhode Island Reds, Barred and White Rocks and all the Orpingtons.

Chas. I. Fishel, Hope, Ind., will judge the Wyandottes and the Games.

Judge A. F. Kummer, Butler, Pa., is especially commended by such well-known judges as Judge Wittman and F. H. Cook, the Brown Leghorn man of Beaver, Pa., hence he was selected to pass on Leghorns, Hamburgs and Bantams.

H. L. Hutchison, Crystal Springs, Miss., will judge Brahmans, Cochins, Langshans, Minorcas and Houdans. Judge Hutchison is painstaking and just to all, and gives universal satisfaction wherever he judges.

With the reputation made by the Appalachian Exposition poultry show last year for honor and integrity, there will be no discount of less care being taken again. The dates of the poultry show have been fixed for the last week of the exposition, Sept. 25 to 30, and the entries will positively close midnight Tuesday, Sept. 12. Last year about 500 birds were refused entry because this rule was not complied with, and Manager Audigier and his assistants will be as fair and as rigid in enforcing the rules now as then.

The Appalachian Exposition opens Sept. 11 and continues to Oct. 1.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. It's surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, Laryngitis, Asthma, Croup—all Throat and Lung troubles. 50c and \$1.00. Trial bottle free at J. W. Streetman.

Floods in China Cause Alarm.

According to dispatches from Shanghai, China, great fears are felt for the safety of the American men and women missionaries who are stationed in the Yang Tsiang Valley where the floods have already claimed more than a hundred thousand lives.

For sore throat there is positively no remedy that will relieve so quickly and cure permanently the most aggravated case, as Bloodine Rheumatic Liniment.—J. W. Streetman, special agent.

A Slave to Style.

"Your little friend has the ribbon of honor again this week, while you never win it."

"Why, mamma, Suzanne is blond, and blue is becoming to her, but I am a brunette and can't wear it."—Pele Mele.

No More Tobacco for Mars Hill.

Last Tuesday was a memorable day in the history of the town of Mars Hill when, after a concerted action on the part of the faculty and student body of Mars Hill college and the citizens and merchants of the village, the entire supply of cigarettes and smoking tobacco in that town was converted into a big bonfire, around which circled a large number of people who offered prayer and songs of thanksgiving as the aromatic smoke circled upwards and vanished into the air.

Rev. C. W. Reese, who graduated from Mars Hill college in 1908, now state evangelist of Illinois, while visiting his parents at Mars Hill for a few days, waged an anti-cigarette campaign, which resulted in the destruction of all the cigarettes and smoking tobacco at that place and the signing of a pledge by all the merchants of Mars Hill that they no longer handle the article, the sale of which Prof. R. L. Moore, president of Mars Hill college, has continuously fought against for many years.

No Need To Stop Work.

What you need is Electric Bitters to give tone, strength, and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at J. W. Streetman.

A Dreadful Slight

to H. J. Barnum, of Freeville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and wrote: "It has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Bruises, Swellings, Corns and Piles like magic. Only 25c at J. W. Streetman.

Average Prosperity.

The crops may be short—in fact, it is conceded that they have been larger, on the whole, in some other years, but the country will hardly be disposed to make this fact the basis of a panic or even of dull business. This is a great country and it produces billions of dollars worth of commodities in the worst years. There is no longer any excuse for panics in this country and when one happens it is a certain sign of crooked manipulation in some quarter.—Greensboro Telegram.

NEWS OF THE STATE

Happenings of General Interest Condensed for Busy Readers.

Catawba County will build two miles of sand-clay roads, from Hickory to Brookford.

It is believed that a chair factory will be established at Hickory in the near future as a result of Hickory's \$200,000 guarantee fund.

It is now thought that the State Treasurer will not have to borrow the \$250,000 authorized by the last Legislature to meet appropriations to public instructions.

Prospects are better than ever before for building of the electric trolley line between Gastonia, Dallas, Cherryville, Shelby, Rutherfordton and Asheville by the North Carolina Interurban Railway Company.

The work on the central highway between Newton and Hickory will be begun at once, says the Newton Enterprise. All funds needed above the \$50 a mile given by the county will be made up by private subscriptions.

Paul Beattie and Beulah Binford Released.

Richmond, Va., Sept. 7.—After being held in the Henrico county jail as witnesses for the commonwealth in the Henry Beattie case for more than a month, Paul Beattie and Beulah Binford were given their liberty today by order of Judge Walter A. Watson, of the Chesterfield Circuit court. Paul Beattie went directly to his home and enjoyed his liberty immensely. He will later go to New York and go into vaudeville, having received many tempting offers during his incarceration. The "Girl in the case" did not leave the jail until some time after Paul Beattie. She was in conference with agents of a New York Film company and left about noon with them for the metropolis to pose for moving picture productions. No demonstration whatever marked the liberation of the two witnesses.

Life's Three Questions.

The three great questions of life are: "Is it right or wrong? Is it true or false? Is it beautiful or ugly?" These our education should help us to answer, and in so much as it fails it will lack in reaching a proper physical or moral standard. When the college girl returns to her home, whether it be her parents' or her own, her college training should have fitted her to answer these questions in relation to the fundamental needs of life, in food, clothing, and shelter. This education I believe the teachings of home economics to give. General culture not alone means the capacity to understand and appreciate, but to react on the resources and problems of modern civilization, and these problems in the large mean the preservation of health, the prompting of physical vigor, and the material well-being of the race.—Harper's Bazar.

Even the caucuses of the Democrats of the House are to be public in the next session of Congress. The Democrats are public servants who are not afraid to let their countrymen know what they are doing.
