

# MILAM

## FOR GOOD BLOOD

### What Milam IS

Milam is a vegetable remedy made from a formula successfully used for 46 years in all troubles arising from impure, impoverished or acid blood. Contains no alcohol, mercury, potash or other dangerous or habit-forming ingredients. Beneficial to the stomach and digestive organs as well as the blood. A true tonic.

### What Milam DOES

Cures the most desperate blood diseases. Builds up the system, eradicates uric acid, thus curing rheumatism, gout, eczema, etc. Beneficial in all run down conditions, consumption, catarrh, anaemia, failing eyesight from impoverished blood supply, creates appetite, aids digestion, and is a genuine RECONSTRUCTIVE TONIC.

### ENDORSEMENTS FROM RELIABLE PEOPLE

Your medicine is, in my estimation, a godsend to humanity.—C. D. Jefferson, 375 Woodland Ave., Roanoke, Va.

Milam is a grand medicine. I have taken only a few bottles, but the effect has been splendid. I feel better and stronger and more able to stand up under my work. For some years I have been troubled with excess of uric acid to such an extent that I could not eat tomatoes without breaking out with a rash. To my my surprise and pleasure I can now eat tomatoes to my heart's content without any evil consequences.—Rev. H. D. Guerrant, Danville, Va.

You said you would cure me or refund the money. Well, you may keep your money—my face is entirely well. After having suffered with eczema for 20 years I am cured.—C. H. Williams, care Glantz, Peabody & Co., Troy, N. Y.

I had not taken Milam more than three or four days when I began to see a decided improvement in appetite and digestion, and within a few weeks my strength was restored. I have great faith in Milam.—Rev. R. L. McNair, Charlotte, C. H.

I will always take pleasure in recommending Milam for Uric Acid troubles.—C. T. Barksdale, Ex-postmaster Danville, Virginia.

On March 15th I commenced to use Milam. From the first the benefit derived was noticeable even to my friends. My catarrhal trouble is nearly gone, my digestion better than for years, my tongue is clean (first time in years) and this is the first spring in years that I have had no rheumatism. I can conscientiously give it an unqualified endorsement.—Rev. Nathan Maynard, Salem, Va., returned missionary from Japan.

I was both surprised and gratified at the great benefit I derived from the use of Milam. I have conscientiously recommended it ever since. R. W. Thompson 168 W. Main St. Richmond, Va.

I think Milam is the finest thing in the world.—Mrs. H. H. Reynolds, Critz, Va.

For nearly eight years I suffered with rheumatism, at times unable to walk. I am now taking Milam with great benefit, as I suffer no pain and am able to walk with ease.—Miss Ira R. Preston, Abingdon, Va.

Since I have been taking Milam the boils have quit coming, my skin is much improved and I can eat almost anything I want without hurting me. I seem to be improved in almost every way.—Rev. L. C. Douthit, Walhalla, S. C. State Evangelist for Wesleyan Methodist Conference of N. Carolina.

**BUY SIX BOTTLES FOR \$5, AND GET YOUR MONEY BACK IF NOT BENEFITED**

For sale by druggists and most country stores—get it from them. If your dealer cannot supply you, order direct from us.

These four great newspapers and magazines will be supplied for a short time only. All at the low price of \$1.50. Send in your order today.

### NEW PENSION PLAN

Would Result in Saving to Pensioners and Government.

Washington, Oct. 23.—A saving, estimated at \$1,000,000 annually to the pensioners of the United States and eventually about \$180,000 a year to the government, is contemplated by a simplified plan for the payment of pensions without vouchers which commissioner of pensions, J. L. Davenport, submitted to the secretary of the interior in his annual report just made public. During the year \$157,325,160 was paid as pensions, a decrease of \$3,498,154 from last year, bringing up the total amount in pensions since the foundation of the government to \$4,230,391,730. There were 55,185 names dropped from the rolls and 26,200 added, leaving a net loss of 28,985 pensioners and making the total number at the end of the year 892,098, the smallest since 1892. Methods of economy resulted in a decrease of the cost of administration by \$140,946 to \$2,517,127, the lowest since 1882.

The commissioner's plan, which was devised at the request of congress and which will require the passing of a law by that body to carry it into effect, would greatly simplify the methods of paying pensions, result in the mailing of pension checks on the date upon which the pension falls due, eliminate the pensioners in a large majority of cases of the execution of pension vouchers, which varies from \$1 to \$3 yearly; decrease to a considerable extent the work in drawing and mailing of pension checks eliminate the sending of 4,000,000 letters yearly through the mails, saving about \$80,000 thereby.

The plan contemplates payment direct by checks, mailed to the last address of the pensioner. Co-operation from the postoffice department in delivering the letters containing the checks would be required. Besides the indorsement on the back of these checks, the government would require, under this plan, certification by two witnesses as to the identity of the person obtaining the money.

### Cost of Cotton Production.

Raleigh, Oct. 25.—The chapter on farms and farm labor in the State for the forthcoming annual report of Mr. M. L. Shipman, as State Commissioner of Labor and Printing, will show that cotton has been produced in this State this season at an estimated cost of \$33.07 a bale, as compared with \$33.37 a bale last year, the decrease in the cost of production being attributed to increased yield in spite of higher cost of farm operation that tended to increase the cost of production. Concerning the cost of production of other crops the report will show wheat raised at 69 cents a bushel in 85 counties; corn at 48 cents a bushel in 99 counties; oats at 35 cents a bushel in 96 counties and tobacco at \$7.63 a hundred pounds in 54 counties.

Twenty-eight counties reported increase in farm wages and 28 counties reported no change. There was report of increased cost of living in 93 counties. Increase in the value of farm lands was reported from 98 counties and no increase in 2 counties and 87 counties reported retention of farming fertility with tendency to smaller farms in 91 counties and to larger farms in 8 counties. Labor is reported scarce in 91 counties and plentiful in 9. Reports of unreliability of negro labor is reported from 94 counties.

T. E. Fields, one of Hickry's oldest merchants, has filed a voluntary petition in bankruptcy. The petition shows the assets to be nearly \$20,000, with liabilities to the amount of about \$25,000.
