

## CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should not Be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Marion who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of anyone who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. J. W. Streetman.

The Gaston county farmers, says the Gazette, are now making from 25 to 100 bushels of corn to the acre, whereas only a few years ago they were making only ten to fifteen bushels.

The North Carolina Electrical Power company will soon have completed a duplicate power line from Marshall to Asheville, the two lines between these points going through different territory.

F. A. Gordon, traveling representative of the International Harvester Company, fell dead in Hickory last Wednesday while preparing an exhibit of his company's goods for the street fair at Hickory.

The Supreme court found no error in the trial of Mrs. Janie Noell, convicted in Rowan county of being engaged in the "white slave traffic," and her sentence of five years in the state penitentiary will stand.

No. 35, the west bound passenger train on the W. N. C. railroad now stops regularly at Cleveland, Elmwood, Catawba and Bridgewater. Heretofore it has been a through train, making only principal stops along the way from Salisbury to Asheville.

A charter was issued last week for the Brevard cotton mill of Brevard, capitol \$100,000 authorized and \$51,000 subscribed by W. C. Cleveland and J. H. Williams of Greenville and Welch Galloway of Brevard, for the establishment of a mill for general textile purposes.

Nine millions of tags and an equal number of wire hooks with which to attach the tags to the bags of fertilizer and cotton seed meal are being stored in the department of agriculture as the supply for the fiscal year beginning December 1. Each tag represents a revenue of two cents to the state department.

A car load of hogs, consigned to some man in South Carolina, was broken open last Thursday and the hogs escaped and scattered over the landscape, when a southbound freight train was derailed near Fletcher on the Asheville and Spartanburg road of the Southern Railway. Many of the hogs have been recovered.

The plea of the Southern Railway Company that its having its passenger station for Rutherfordton incorporated as Hamptonville precluded the possibility, under the law, of the corporation commission requiring the company to join in a passenger station for Rutherfordton at the site of the Seaboard Air Line, is overruled by the commission and the two railroad companies are directed to submit plans for a union station within thirty days.

### Balked at Cold Steel.

## DOCTORS FAILED. RESTORED BY PERUNA.

Catarrh of the Lungs Threatened Her Life.

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna."

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me."

"I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it."

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me."

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment."
