

MILAM

FOR GOOD BLOOD

What Milam IS

Milam is a vegetable remedy made from a formula successfully used for 43 years in all troubles arising from impure, impoverished or acid blood. Contains no alcohol, mercury, potash or other dangerous or habit-forming ingredients. Beneficial to the stomach and digestive organs as well as the blood. A true tonic.

What Milam DOES

Cures the most desperate blood diseases. Builds up the system, eradicates uric acid, thus curing rheumatism, gout, eczema, etc. Beneficial in all run down conditions, consumption, catarrh, anaemia, failing eyesight from impoverished blood supply, creates appetite, aids digestion, and is a genuine RECONSTRUCTIVE TONIC.

ENDORSEMENTS FROM RELIABLE PEOPLE

Your medicine is, in my estimation, a godsend to humanity.—C. D. Jefferson, 375 Woodland Ave., Roanoke, Va.

Milam is a grand medicine. I have taken only a few bottles, but the effect has been splendid. I feel better and stronger and more able to stand up under my work. For some years I have been troubled with excess of uric acid to such an extent that I could not eat tomatoes without breaking out with a rash. To my surprise and pleasure I can now eat tomatoes to my heart's content without any evil consequences.—Rev. H. D. Guarrant, Danville, Va.

You said you would cure me or refund the money. Well, you may keep your money—my face is entirely well. After having suffered with eczema for 23 years I am cured.—C. H. Williams, care Cluett, Peabody & Co., Troy, N. Y.

I had not taken Milam more than three or four days when I began to see a decided improvement in appetite and digestion, and within a few weeks my strength was restored. I have great faith in Milam.—Rev. R. L. McNair, Charlotte, C. H.

I will always take pleasure in recommending Milam for Uric Acid troubles.—C. T. Barksdale, Ex-postmaster Danville, Virginia.

On March 15th I commenced to use Milam. From the first the benefit derived was noticeable even to my friends. My catarrhal trouble is nearly gone, my digestion better than for years, my tongue is clean (first time in years) and this is the first spring in years that I have had no rheumatism. I can conscientiously give it an unqualified endorsement.—Rev. Nathan Maynard, Salem, Va., returned missionary from Japan.

I was both surprised and gratified at the great benefit I derived from the use of Milam. I have conscientiously recommended it ever since. R. W. Thompson 160 W. Main St. Richmond, Va.

I think Milam is the finest thing in the world.—Mrs. H. H. Reynolds, Critz, Va.

For nearly eight years I suffered with rheumatism, at times unable to walk. I can now take Milam with great benefit, as I suffer no pain and am able to walk with ease.—Miss Ira R. Preston, Abingdon, Va.

Since I have been taking Milam the boils have quit coming, my skin is much improved and I can eat almost anything I want without hurting me. I seem to be improved in almost every way.—Rev. L. C. Douthit, Waltham, S. C. State Evangelist for Wesleyan Methodist Conference of N. Carolina.

WEALTH IN OLD CHEST. PROFESSIONAL

Silver Hoarded Four Years Drops Suddenly Into View—Finder An Honest Man.

Rutherfordton Special, 25th.

An incident of unusual human interest, and one which goes to show that Diogenes with his lantern need not have traveled further than Rutherford county, this State, occurred yesterday.

To begin at the beginning—three years ago Mr. Millard Parton purchased at a sale of the personal effects of the late H. B. Hines an old tool chest for the sum of \$1.50. Having no other use for the antiquated affair Mr. Parton made it a receptacle for powder and shot, used in fillingshells. In the course of time much of the ammunition sifted its way into the crevices of the chest, and yesterday, thinking to gather up all the fragments the owner turned the chest upside down. Behold! silver dollars literally rained. A false partition in the chest had been dislodged by the jar, and hoarded wealth to the amount of \$410—ammunition for Christmas stockings—mixed indiscriminately with that used for hunting purposes.

Calling County Commissioner Richard Ledbetter, the surprised Mr. Parton had him count out the money and then turn it over to the clerk of the superior court with instructions to deliver it to the Hines' heirs. It was learned today that Hines had no heirs, and the long-hidden money will probably go to the University of North Carolina. Hines was a miserly Confederate veteran and was known to have amassed considerable wealth.

The discovery of the silver adds another interesting chapter to the McIntyre case also. Hines was one of the three men for whose murder Will McIntyre was indicted at the November term of court. The others were Melton and Atchley. The alleged crimes were committed nearly four years ago, but only recently was sufficient evidence adduced to fasten guilt. McIntyre was living in Columbia, S. C., when the indictment was returned, but departed hastily just two days before officers from Rutherford, armed with warrants, reached the South Carolina capital. Governor Kitchin has offered \$200 reward for him, and this will probably be increased to \$500, which will be supplemented by offers of private citizens.

Seawell Succeeds Kenan.

Joseph L. Seawell, who twenty-seven years ago entered the office as a barefooted messenger boy, was last week sworn in at Raleigh as clerk of the Supreme Court to succeed Col. Thomas S. Kenan, who died December 23. There were several other applicants for the place, but no other name was considered by members of the Supreme Court and the election was unanimous.

FENCING FOR PROFIT

When you stretch a line of "Pittsburgh Perfect" Fence around your poultry quarters or garden, you have enhanced the appearance and increased the value of your property. You have also made a profitable investment in a perfect fence which, though it costs no more, will still be standing erect, even and firm years after an inferior one has had to be replaced many times.

"PITTSBURGH PERFECT" POULTRY & GARDEN FENCE

as well as all other styles, is made of our special Open-Hearth wire—the toughest, most enduring metal it is possible to produce for fence manufacture. The wire is evenly and uniformly galvanized with pure zinc, and resists rust and corrosion for the longest time. The line and stay wires, all the same size, are **ELECTRICALLY WELDED at the JOINTS**, producing a solid fabric of metal, perfectly adaptable to all levels and deflections.

EVERY ROD GUARANTEED PERFECT Write for catalogue showing 73 different styles and sizes, adapted to every FIELD, FARM, RANCH, LAWN or POULTRY purpose.
