

# THIS IS THE **NEWSPAPER AGE**

HE invention of movable types occurred a trifle less than 500 years ago. These 500 years have witnessed infinitely greater progress than the world had made in all the thousands of years previous. Printing has been the most considerable factor in this progress.

THE NEWSPAPER OF TODAY REACHES MORE PEOPLE AND IN-FLUENCES MORE PEOPLE THAN ANY OTHER FORM OF THE PRINTED PAGE.

It covers the fields devoted to all other kinds of printing. They are special. IT IS UNIVERSAL.

This is the newspaper age. The press is the most potent factor in modern civilization. All the other

#### Sugar Hill News.

Sugar Hill, Jan. 29.-Miss Mamie Crawford visited in the Cove recently. We regret very much to lose one of our teachers, Miss Hunter leaving to enter school at G. F. College. We wish a son. her success.

Well, "Betty," it looks like you would not keep referring to those who have gone to regions unknown, perhaps where snow never falls.

Wonder if "Zero" can beat 340 pounds for an eight-months-old pig, or 1568 pounds for five eight-months-old pigs, an average of 313 3-5 pounds each.

W. M. Wilson was in Marion on business last Saturday.

Mrs. Lee Morris of Union Mills and son, George R. Morris, of Richmond, Va., visited relatives here last week.

factors have existed before in some form. Only the press is new. At its advent began the modern era.

THE MAN WITHOUT A NEWS-PAPER IS A CITIZEN OF THE MIDDLE AGES SET DOWN IN THE TWENTIETH CENTURY.

He is as much out of date as the dodo, as much out of place as a bat in the sunlight, as much outclassed as a Roman galley by a modern ocean liner, as sure to be outdistanced as the locomotive is to outdistance the ox cart.

Since Teacher Did Not Know.

It was in the primary class of a graded school in a western city, and the day was the 22nd of February.

"Now, who can tell me whose birthday this is?" asked the teacher. A little girl rose timidly.

"Well, Margaret, you may tell us," said the teacher.

"Mine," was the unexpected reply.-Fverybody's Magazine.

The improvements on the farms of this country represent a valuation of \$1,262,022,000, according to the last census an increase of more than 68 per cent in ten years.
