

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

**To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.**

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

## BUY A FARM

In the West Florida Country, this is not the Florida that you have been reading so much about, but some five hundred miles from the much advertised country. This West Florida country is elevated and healthy, no extreme heat in the summer, nor cold in the winters. Fruit, Vegetables, figs, and watermelons, satsuma oranges, fish and oysters are in abundance. Eggs and chickens are extremely high and this is a good climate to raise them in. This part of the world has never been advertised for sale before, and no extravagant literature is gotten out to show the enormous growth of the products, but the growths are here just the same, with a climate seldom equalled and never excelled. Rheumatism, catarrh and tuberculosis are always relieved and cured in numbers of instances. This land is extremely productive if properly handled. We are offering lands in tracts of ten acres up to five hundred acres at twenty dollars per acre; three dollars per acre down and the balance at the rate of fifteen cents per acre per month. Also we have some small and large farms fully improved bearing pecans, oranges, figs, all kinds of berries, etc. etc. close to the fast growing town of Pensacola. Particulars may be obtained free of charge from Charter Land Co., Pensacola, U. S. A.
