Cough, Cold Sore Throat

Sloan's Liniment gives quick relief for cough, cold, hoarseness, sore throat, croup, asthma, hay fever and bronchitis.

HERE'S PROOF.

MR. ALBERT W. PRICE, of Fredonia, Kan., writes: "We use Sloan's Liniment in the family and find it an excellent relief for colds and hay fever attacks. It stops coughing and sneezing almost instantly."

SLOAN'S LINIMENT

RELIEVED SORE THROAT.
Mrs. L. BREWER, of Modesto, Fla., writes: "I bought one bottle of your Liniment and it did me all the good in the world. My throat was very sore, and it cured me of my trouble."

GOOD FOR COLD AND CROUP.
MR. W. H. STRANGE, 3721 Elmwood Avenue, Chicago, Ill., writes: "A little boy next door had croup. I gave the mother Sloan's Liniment to try. She gave him three drops on sugar before going to bed, and he got up without the croup in the morning."
Price, 25c., 50c., \$1.00

THIS IS THE NEWSPAPER AGE

THE invention of movable types occurred a trifle less than 500 years ago. These 500 years have witnessed infinitely greater progress than the world had made in all the thousands of years previous. Printing has been the most considerable factor in this progress.

THE NEWSPAPER OF TODAY REACHES MORE PEOPLE AND INFLUENCES MORE PEOPLE THAN ANY OTHER FORM OF THE PRINTED PAGE.

It covers the fields devoted to all other kinds of printing. They are special. IT IS UNIVERSAL. This is the newspaper age. The press is the most potent factor in modern civilization. All the other factors have existed before in some form. Only the press is new. At its advent began the modern era.

THE MAN WITHOUT A NEWSPAPER IS A CITIZEN OF THE MIDDLE AGES SET DOWN IN THE TWENTIETH CENTURY.

He is as much out of date as the dodo, as much out of place as a bat in the sunlight, as much out-classed as a Roman galley by a modern ocean liner, as sure to be outdistanced as the locomotive is to outdistance the ox cart.

SUBSCRIBE FOR THIS NEWSPAPER.

Easily Fitted.
Colonel Jasper, having a new pair shoes that hurt his corns, decided to give them away to one of the negro holsters at the hotel liverystable, and picked out Zeke as a likely object of his generosity when he saw the old fellow shambling toward him wearing a pair of tattered shoes that looked like sandals.

"Zeke, what size shoes do you wear?" he called to him.
The old negro stopped short in expectation.
"Any size, cunnel!" he exclaimed earnestly. "Any size!"—Judge.

Strengthening Glass.
The strength of glass is greatly increased by boiling in a salt water solution and allowing to cool gradually.

FOR SOCIAL SERVICE

CONFERENCE MEETS IN CITY OF RALEIGH FOR TWO DAYS IN FEBRUARY.

MANY NOTABLE SPEAKERS

The Aim of the Body is to Study and Improve Conditions Affecting Human Life.—To Hold Meeting in the Raleigh Auditorium.

Raleigh.—Eminent people in North Carolina and several of prominence outside the state will convene in Raleigh February 11 and 12 to organize a North Carolina Conference for Social Service, the fruiting of an idea that has been growing for sometimes in the minds of some of the state's most progressive thinkers. To study and improve conditions affecting human life in North Carolina is the aim of the organization, and its purposes are to be effected by investigation of conditions of life in the state, awakening the people to the importance of reforms and securing adequate remedies through bodies of citizens, religious denominations, public officials and legislatures of the state.

The initial conference will meet in the Raleigh auditorium, and the body will be welcomed by Governor Locke Craig. One of the principal addresses will be made by Dr. Woods Hutchinson, of New York city, who is one of the best known medical writers in America, as well as one of the country's foremost physicians. Local speakers include J. Y. Joyner, W. H. Swift, T. W. Bickett, Gilbert Stephenson, Rev. Plato Durham, Bishop Robert Strange, Dr. W. S. Rankin and R. F. Beasley.

In addition to the general discussions for the two days' program, there will be many committee meetings in which several committees will map out the detail of the work to be inaugurated and will discuss means of accomplishing the ends thus foreseen. From now until the time of the meeting unceasing efforts will be made by the nucleus of the organization to interest as many as possible in the work, so that the general objects of the undertaking will be understood when the conference convenes.

Fatal Shooting Scrape.
Granite Falls.—Noah Mathis was shot by Arthur Holler, near Rhodhiss cotton mills, Mathis lived only an hour after being shot. Both were employes of the Rhodhiss mill. Holler was drinking and started to shoot Gathaer Teague, when Mathis interfered, the bullet taking effect in the left eye. Holler escaped and has not been caught.

Work in This State Best in South.
Raleigh.—Out of 135,867 persons in North Carolina who were examined last year, 42,132 were infected with the hookworm disease and 96,176 treatments were given by members of the staff, who in no instance made a charge or accepted pay from the patients. This is the gist of the annual report of State Director John A. Farrell to the Rockefeller sanitary commission for the eradication of the hookworm. The campaign in North Carolina during the year 1912 was the best reported from any state.

Captures Whiskey Still.
Louisburg.—Sheriff W. H. Allen and deputies, C. M. Vaughan, D. C. High and J. J. Lancaster, left in search of a reported whiskey still. The still was found in the garret of the home of Bud Bragg, a white man living about two miles west of Franklinton, and was estimated of 40-gallon capacity. It was taken, together with about twelve gallons of booze, and brought back to Louisburg. The officers say they destroyed a barrel of beer. Bragg was not arrested at the time of the seizure.

Winston-Salem.—The receipts at the local postoffice for the year 1912 not including postal money order receipts, aggregated over \$101,000, an increase over the preceding year of over \$7,000.

Raleigh.—This county will use strong steel cages, costing \$600 each, for its convicts when the latter are on road work and in what are known as temporary camps. The cages hold 16 men each, and are so arranged that the guards can be dispensed with. They look like small freight cars and are on low and very wide steel wheels.

Cautious.
Jeweler—Shall I mark the ring "From George to Grace?" Engaged Young Man—No; I guess you had better make it "From G. to G." You see, Gertrude is the name of my second choice.—Washington Star.

CORROBORATION

Of Interest to Marion Readers.

For months Marion citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Marion residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Marion reader.

Mrs. J. Brown, Garden and Spring Sts., Marion, N. C., says: "All I ever said praising Doan's Kidney Pills was correct and I willingly confirm my former statement. I had nervous and dizzy spells and backaches. My kidneys were also weak. I used Doan's Kidney Pills, procured at Streetman's Drug Store and they strengthened my kidneys and back and made me feel better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
