

A Sick Man

Writes Dr. Hartman About Kidney Disease.

A gentleman writes me: "I was greatly interested in your article describing the Kauffman case of serious disease of the kidneys. The description of his case exactly outlines my condition. I am sure if Peruna cured him as you say, it would cure me also. I am losing flesh rapidly and the doctors say I have every symptom of Bright's disease of the kidneys. If you think I would be benefited by Peruna I will certainly try some as the doctors have practically given me up, the same as they did him."

In reply I wish to say, first, that I never make any promises as to what Peruna will cure. No physician can make positive statements of that sort. I can say this much, however, if I were in your place I should certainly give Peruna a trial. I know of no other remedy that would be so likely to be of use to you in your present condition as Peruna. Take a tablespoonful before each meal and at bedtime. Continue this for two or three weeks and then if there is anything you wish to ask me further write me and I will give your letter prompt attention.

If I find that the Peruna is not helping you I will be perfectly frank and tell you so, for I would not have you take Peruna unless it was really helping you. But it has rescued so many cases of kidney disease that I am quite confident you will find it exactly suited to your case.

Kidney disease begins with catarrh of the kidneys. Peruna is a catarrh remedy. Unless the destruction of the kidneys is already too great Peruna relieves the catarrh and the cause of the kidney disease is removed.

I shall anxiously await a report of your case. Remember, all letters are sacredly confidential. I never use any one's name or address without his written consent. My correspondence is absolutely private. PERUNA IS FOR SALE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Ask Your Druggist for Free Peruna Almanac for 1913.

Commissioner's Sale of Sarah Hallyburton Lands.

By virtue of an order of re-sale made and entered in a Special Proceeding pending in the Superior Court of McDowell County, North Carolina, entitled W. F. Hallyburton and others Ex Parte, wherein the undersigned was appointed a Commissioner to make sale of the lands hereinafter mentioned and described.

I will sell at the court house door in the town of Marion, to the highest bidder for cash, on Monday the 3rd day of February, 1913 (it being the first Monday of the said month) within the legal hours of sale, all the following described tract or parcel of land, known as the home place of Sarah Hallyburton, deceased, bounded and described as follows:

Beginning on a Hickory on the east side of Catawba river, and runs south crossing the river, 60 poles to a pine; thence north 57 west 26 poles to small hickory, now gone; thence south with old Rutherford line, 180 poles to a red oak; thence west 52 poles to a hickory, on the bank of Shadricks creek; thence north 40 poles to a post oak; thence west 15 poles to a stake; thence south 29 poles to a stake, in the field; thence south 20 west crossing Shadricks creek, 10 poles to a stake at the Southern railway; thence west with the line of Southern railway track, to the point of intersection with the old line on the west, near the creek bank; thence north 30 poles to a stake, Finley and Conley corner; thence east 42 poles to a black gum, Rutherford and Lucy Conley corner; thence north 34 east with said Conley line, 100 poles to a pine, her corner; thence north 18 east 40 poles to a stake and pointers near a small branch; thence north 42 east with said line 12 poles to a black locust tree, same course with said line 50 poles to stake on river bank, Lucy Connelly beginning corner; thence east crossing the river to the beginning, containing 180 acres more or less.

This December 31st, 1912.
W. F. HALLYBURTON,
Commissioner.

Executor's Notice

We, the undersigned having qualified as Executrix and Executor of the last will and testament of Altha M. Reid, deceased, late of McDowell county, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Marion, N. C., on or before the 12th day of December, 1912, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

SALLIE BRINKLEY, Executrix.
W. E. WILLIS, Executor,
of the last will and testament of
Mrs. Altha M. Reid.
James Morris, Atty.

Why the Nights Are Bright.

Kansas City Star.

Observant persons have been interested in the extraordinary brilliancy of the moonlight recently. William Pitt, of Independence, a member of the Irving-Pitt Manufacturing Company of Kansas City, an authority on astronomy, says:

"It is not imaginary, but based on scientific facts. It is only at rare intervals, maybe many years apart, that such a combination of circumstances exists as in the past few nights. The increased brightness of the moon is due to the fact that the moon became full about the time of the winter solstice, at which time the earth is nearest to the sun. It also happens that the moon is just now nearest to the earth. The moon is at its most northern declination. This caused it to shine downward on the earth from almost directly overhead at midnight just as the sun does at midday in summer. In most cases the results is a very strong light. Last Sunday, the shortest day of the winter, the moon was nearly full. I know of no way to express in figures just how much brighter it is now than usual at the time of a full moon."

Parcel Post Rules.

Washington, Jan. 9.—It is likely, in the judgment of authorities of the Postoffice Department, to be only a short time until books and other printed matter now handled as third class mail at eight cents a pound, will be made payable as parcel post matter.

Steps, it became known today, already have been taken to induce Congress to so amend the parcel post act as to permit printed matter to be sent by parcel post.

In line with this idea, Postmaster General Hitchcock decided today that senders of parcel post packages containing merchandise might enclose printed matter descriptive of the contents without affecting their classification. His order is an amendment to existing parcel post regulations which provide that the inclusion in a package of any printed matter subjects the entire package to the third class of postage.

A Hero in A Lighthouse.

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so called cures for years, without benefit and they also improved my sight." Now, at seventy, I am feeling fine." For dyspepsia indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50 cts. at J. W. Streetman's.

The High Point Furniture factories last year turned out \$9,500,000 worth of furniture and paid out \$1,150,000 for labor.

Frightful Polar Winds

blow with terrific force at the far north and play havoc with the skin, causing red, rough or sore chapped hands and lips, that need Bucklen's Arnica Salve to heal them. It makes the skin soft and smooth. Unrivalled for cold-sores, also burns, boils, sores, ulcers, cuts, bruises and piles. Only 25 cents at J. W. Streetman's.

England Likes Lobsters.

About 80,000 lobsters are eaten daily in Great Britain. Most of them come from Norway and Nova Scotia.

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

Idiot Brains.

The brain of an idiot contains much less phosphorus than that of a person of average mental power.

\$100 Per Plate

was paid at a banquet to Henry Clay, in New Orleans in 1842. Mighty costly for those with stomach trouble or indigestion. To day people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25 cts. at J. W. Streetman's.

FROM THE TAR HEEL STATE

Short Paragraphs of State News That Has Been Condensed For Busy People of the State.

Washington.—Senator Overman was appointed one of a committee of three from the senate to act with a similar committee of the house for the inauguration of Mr. Wilson. This means that Senator Overman will ride close to the president in the great parade up Pennsylvania avenue.

Raleigh.—Governor Kitchin authorizes exchange of courts between O. H. Allen and Judge J. L. Webb, by which Judge Allen holds Pitt county court January 13, for two weeks, and Judge Webb, Mecklenburg court, two weeks, beginning January 13. Judge Allen is from Kinston and Judge Webb from Shelby.

Spencer.—A heavy wind storm raging for several hours played havoc in this section recently, unroofing barns and houses, blowing down telephone and telegraph poles, fences and out-buildings. The heaviest damage was perhaps the blowing down of a large coal chute tower in course of erection for the Southern at Spencer.

New Bern.—A deed of trust from the New Bern-Ghent Street Railway Company of Richmond, Va., has been filed in the office of the register of deeds of this county. The bonds, which are in denominations of \$1,000 each, are made payable in 1932. These first mortgage bonds are sixty in number making the bonded indebtedness of the street railway \$60,000.

Asheville.—With one leg mashed almost entirely loose from his body, and his arm and shoulder badly crushed, Walter Masser, a flagman on the Southern railway, was brought to this city from Waynesville, after being run over by a train at that city. Messer's right leg had to be amputated and his chances for recovery are very slight.

Washington.—Among the items in the appropriation bill sent to the house of representatives by Secretary of the Treasury MacVeagh, is one for \$1,000 to pay the rental of temporary headquarters for the Charlotte post-office and for the accommodation of government officials while the present building is being remodeled or torn away. This amount is asked for the fiscal year ending June 30, 1914.

Greensboro.—Plans have about been completed for the beginning of a campaign here to raise \$36,000 for the chamber of commerce, the money to be used in fighting for better freight rates and for exploiting the city in various ways. The \$36,000 pledges are to be paid in yearly instalments, the idea being to secure \$12,000 for the next three years and to devote this sum yearly to the needs of the organization and the city.

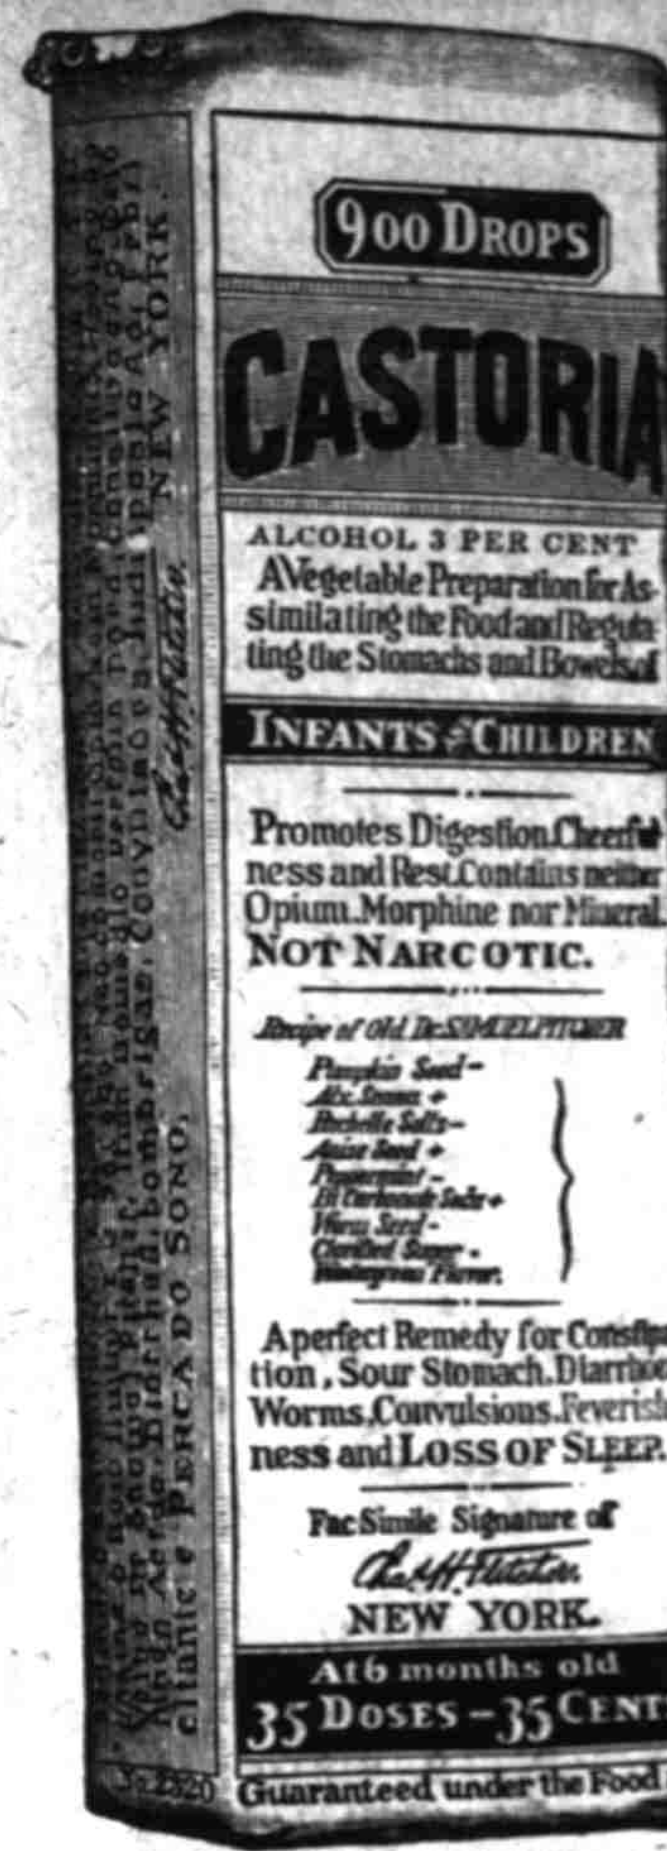

Salisbury.—A committee from the Rowan County Farmers' Union met with Senator Brown and Representatives Murphy and Carlton and formally presented them the resolutions passed at the annual meeting of the union at Barger's School House, in the county, several days ago. The laws especially were considered, that of an improved system of working the county roads and a longer school term with a moderate compulsory act.

Stanley.—A distressing accident occurred at the plant of the Stanley Mfg. Co. when Mr. Alonzo Turbyfill fell to his death from a scaffold on which he and other workmen were repairing a broken shaft. The victim and his fellow-workmen were handling a shaft on which a pulley weighing about 500 pounds was fastened when the scaffold began to totter overbalancing the three workmen and falling. The pulley fell upon the lifeless form of the deceased mangle his body.

Kinston.—L. A. Hughes of LaGrange is in the county jail here, following his arrest on a capias issued at the request of Solicitor Shaw. Hughes assaulted his father-in-law at LaGrange, and will have a hearing before a magistrate there for the charge. Sentence against him was suspended in a case at the May, 1911, term of criminal court, and he was ordered to pay the costs and appear before superior court each May to prove good behavior.

Kinston.—The completion of the two new sidings, the finishing touches on which were made recently, greatly increases the yard facilities of the Norfolk Southern, at this point, giving Kinston one of the most commodious yards on the system.

Washington.—Larger appropriation for the eradication of the cattle tick in the Southern states than the \$250,000 appropriated last year was urged upon the senate committee on agriculture by state veterinarians and others from Louisiana, Tennessee, Georgia, Alabama, Florida, North Carolina, Arkansas and Mississippi.
