WHY IT IS CHEAPER TO USE

Wichita's Best Flour.

Gluten is the only nourishment in wheat or flour, the balance is only starch. "WICHITA'S BEST FLOUR" is over 25% richer and stronger in gluten than any soft wheat flour, and will naturally absorb more water or milk. Any baker knows this because he gets 32 to 40 lbs. more bread out of a barrel of hard wheat flour than it is possible to get out of a barrel of soft wheat flour. The economy to the housewife is that she can use a little less WICHITA'S BEST FLOUR when baking bread or biscuits, and it will make as much bread or biscuits as had she used a larger amount of soft wheat flour. Therefore, every sack of WICHITA'S BEST FLOUR will last the housewife several days longer than the same sized sack of soft wheat flour, and she saves money even when WICHITA'S BEST FLOUR is 10 to 15c higher per 24 lb sack than soft wheat flour. The above has been known throughout the north for a long time where practically all the flour sold is hard wheat flour. The consumers in this section are just now beginning to realize this important fact.

A. BLANTON GROCERY CO.,

MARION DISTRIBUTERS

Trustees Sale.

By virtue of the power of sale contained in a certain Deed of Trust made by Lee Harris and wife Hattie Harris, to the undersigned trustee, dated the 19th day of June, 1915, and duly registered in the office of the register of deeds for McDowell county, N. C., in book of mortgages and deeds of trust No. 18 at page 504, to which reference is hereby made, and default having been made in the payment of the interest secured by said deed of trust whereby the power of sale therein contained has become operative, said undersigned trustee will on Monday, the 14th day of February, 1916, at 12 o'clock noon, sell at public auction, for cash, at the court house door in the city of Marion, County of McDowell and State of North Carolina, beginning on a stake in J. L. Fortune's line and runs with said line south 2 degrees west 60 poles to two small chestnuts on the south side of a branch; thence south 73 degrees west 26 poles to a cucumber; thence west 100 poles to a stake and

pointers on top of a high ridge; thence north 58 degrees west 36 poles to a stake and pointers on the south side of the top of a ridge; thence north 57 poles to a stake in the compromise line; thence with said line east to the beginning.
This 11th day of January, 1916.

A. A. HEDGEMAN,
Trustee.

Administrator's Notice.

Having qualified as administrator of J. W. Grayson, deceased, all creditors are hereby notified to present their claims to the undersigned on or before the 15th day of January, 1917, or this notice will be pleaded in bar of the same. All persons indebted to the estate of the said J. W. Grayson will please make immediate settlement.
This 12th day of January, 1916.

A. W. GRAYSON,
Administrator of Estate
of J. W. Grayson, dec'd.

NOTICE!

North Carolina,
McDowell County.

To W. M. Cowen Heirs: You will take notice that on the 3rd day of May, 1915, I purchased from the sheriff of said county, at a sale in the manner provided by law for the delinquent taxes amounting to \$40.75 and cost, for the year 1914, the following described real estate in said county and state, to-wit: Twenty acres of Muddy Creek bottom land in Dysartsville township, listed as the property of W. M. Cowen's heirs, under the Muddy Creek Drainage Act. You will further take notice that on the 3rd day of May, 1916, I will apply to the sheriff of said county for a deed for said real estate, unless redeemed before the above date expires.
This January 4, 1916.

J. A. GETTYS, Purchaser.

**BIG DEVELOPMENT
IN BURKE COUNTY**

Beginning Gigantic Water Power
and Electrical Installation—
All Land Purchased.

Morganton, Jan. 18.—So far very little publicity has been given the fact that Western North Carolina and especially Burke county is the site of the beginning of the most gigantic water power and electrical development in America, and that developments are taking place involving many millions of dollars.

The two largest electrical power companies in the world, the Southern Power and the Niagara Falls companies, and a smaller company in which Mr. Millner, of Morganton, is associated, are quickly but surely securing the vast multitude water power afforded by the Catawba, Linville and John's rivers and their tributaries and these companies have purchased and optioned practically every acre of land within the proposed scope, and covering a territory of over 1,000,000 acres and involving expenditures which will reach far into the millions.

Commencing six miles above Linville falls and covering the stream to Shortoff Mountain, thirty miles below, with its water fall of nearly 2,000 feet, a company of which Niagara Falls Electric company is said to be the dominating power, has secured land and options covering every foot of the stream. This development as now proposed is for the purpose of establishing one of the largest nitrogen plants in the world, extracting nitrogen from the air and the manufacture of its various by-products, and surveys have been made contemplating the extension of the Cranberry-Johnson City railway to Linville Falls as well as having access to the C. C. and O.

Starting at Shortoff mountain at the lower edge of the lands controlled by this company the Southern Power company has purchased and optioned every acre of land on Linville river to its intersection with the Catawba and then the land on the Catawba for several miles above and below the intersection of Linville. This territory also includes the lands lying on another stream, Paddy's creek. Likewise on John's river in another section of the county control has been secured and enormous prices have been paid for farms.

Within the past ten days options and purchases amounting to over \$500,000 have been made, the largest single deal being the option of the Perkins farm on John's river at \$85,000.

Like all developments of this kind these companies have worked silently and swiftly, avoiding giving any information leading to publicity and in the meantime, dozens of men as civil engineers, record searchers, options and purchasing agents have been working steadily. Farmers who optioned their places took it as a joke and none thought any more would be heard of it, but not one option has been allowed to expire and every man giving an option has had a check shoved under his nose. The ones who showed inclination to be slow are financially far better off, although all got a big price; but at places 200 and 300-acre farms sold for \$8,000 to 12,000 while adjoining farms of equal value brought from \$20,000 to \$30,000, according to the inclination of the owner to sign an option.

Every farm in the proposed territory, with the sole exception of the Caleb Kincaid farm on Paddy's creek and Linville, has been secured. Kincaid refused to option

A MARION INTERVIEW

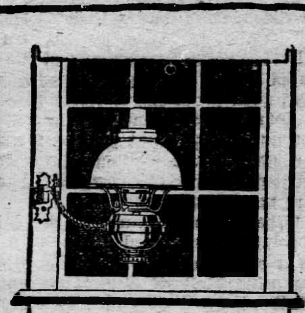

Mrs. Dale Tells Her Experience.

The following brief account of an interview with a Marion woman over four years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. C. A. Dale, Garden St., Marion, says: "My system was full of uric acid and my feet and hands swelled to twice their normal size. The skin was drawn as tight as a drum and was purple. I was helpless for two months and the pains in my back never let up. At times there was an almost complete retention of the kidney secretions. The doctor didn't help me and I got Doan's Kidney Pills at Streetman's Drug Store. They cured me." (Statement given in February, 1911.)

Over Three Years Later Mrs. Dale said: "Except for a little soreness in my back occasionally, I have had no sign of kidney trouble in years, thanks to Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dale has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

**The RAYO LAMP
SAVES TROUBLE**

YOU don't have to spend the greater part of your time cleaning it—and wondering why it won't burn. The Rayo is simple in construction and in design. It lights without removing the shade and gives the best sort of light—the kind that won't hurt your eyes.

**Rayo
Lamps**

Rayo lamps are an ornament to any home. They require very little attention—yet always add to the attractiveness of the room.

The Rayo is the symbol of efficiency—economy—convenience.

Use Aladdin Security Oil or Diamond White Oil to obtain best results in Oil Stoves, Lamps and Heaters.

The Rayo is only one of our many products that bring comfort and economy to the farm. Ask for them by name.

- Matchless Liquid Gloss
- Standard Hand Separator Oil
- Standard Household Lubricant
- Parowax
- Eureka Harness Oil
- Mica Axle Grease

If your dealer does not carry these, write to our nearest station.
