NORTH CAROLINA BRIEFS.

Randolph is planning a record breaking county commencement on April 7.
Several North Carolina surgeons are touring Middle Atlantic and Middle Western cities to attend a number of clinics.
That he wasn't mistaken for a turkey by Harry Jackson, a Connecticut sportsman who fired a load of shot into his face at Maysville a few days ago, is the statement made by Hiram McDaniell, of that place.
Asheville business men celebrated "Prosperity Day" on February 29.
Yeggmen blew two safes in Charlotte recently and secured about \$300.
February broke the record for revenue collections in the western district, the report of Collector Watts showing collections to the amount of \$1,055,345.55, the largest amount ever collected in the district in a single month.
Iredell county has made arrangements for medical inspection of schools next fall.
Hosiery mills at Durham are reported to be turning down orders.

Dangers of Draft

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c. at your Druggist.

Playing For Prizes.

Playing cards for prizes is coming to be a popular form of amusement in the social circles of many smaller towns of the country as well as in the larger cities. Possibly very few good women who participate in this game for booty realize what it may lead to. Judge Carl Henderson, of Kentucky, in a recent charge to the grand jury at Madisonville, threw a bomb into the camps by ordering an investigation of all bridge parties and an indictment against those who were caught playing cards for booty. The judge said: "The card table is the ruination of many boys, and that card table is in the home. Investigate the society gambling first, and then go after the poor negro and ignorant class of people."

Rank Foolishness.

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that cause colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effectual and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

Discourtesy Rebuked.

Lord Palmerston expected work to be done well, but Mr. Preston Thomas in his book tells us that of mere peccadilloes he was tolerant. Some young gentlemen in the foreign office amused themselves by "shining" young ladies who lived on the other side of the street—that is, by catching the rays of the sun on a mirror and flashing them over the way. The father of the young ladies complained to Palmerston, who thereupon issued this minute:
"The secretary of state declares that the gentlemen in his department will not cast disagreeable reflections on the ladies opposite."—London Chronicle.
