

FOUND SIMPLE REMEDY THAT RELIEVED CHILD

Mild Laxative Compound Corrects Stubborn Case of Constipation.

An important duty that devolves on parents is the regulation of their children's bowels. Health in later life depends in large measure on early training and a child should be taught from infancy to regular habits.

When from any cause the bowel becomes congested with stomach waste a mild laxative should be employed to open up the passage gently and carry off the congested mass. A most effective remedy for this purpose is the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin. Mrs. W. D. Bulls, of Reed, Okla., used Dr. Caldwell's Syrup Pepsin for her baby boy, Harley Buren Bulls, and says "It did him more good than anything we have given him. His bowels are very stubborn about acting, but they act easily every time I give him Dr. Caldwell's Syrup Pepsin."

Dr. Caldwell's Syrup Pepsin contains no opiate or narcotic drug and is a splendid remedy for children and older people as well. It has been on the mar-

Lynch Father of Girl's Assailant.

Kinston, April 5—Joseph Black, negro, aged 50, was taken from Lenoir County jail here this morning about 3 o'clock by a mob estimated at 300, carried in automobile to Maury section of Greene County, shot to death, and the body left in the road.

Black was the father of Will Black, now being guarded in the penitentiary in Raleigh. Will Black last week is alleged to have criminally assaulted a six-year-old white girl, clubbed her mother and shot two members of the posse who arrested him. Joseph Black is said to have given his son arms, threatened to kill the little girl's father if he prosecuted the assailant and declared she was no better than his son.

The mob was comprised of Greene County farmers and others. Their leader was a mere boy, it is said. The jailer was without assistance and his life was threatened. He delivered up the keys. Leaders of the mob took Black out of the cell and carried him downstairs, the negro too weak from fright to walk.

The Early Fly.

"The early fly is the one to swat. It comes before the weather's hot And sits around and files its legs, And lays at least ten million eggs. And every egg will bring a fly, To drive us crazy by and by.

"Oh, every fly that skips our swatters Will have five million sons and daughters,

And countless first and second cousins, And aunts and uncles scores of dozens, And fifty-seven billion nieces; So knock the blame thing all to pieces.

"And every niece and every aunt, Unless you swat them so they can't, Will lay enough dodgasted eggs To fill up ten five-gallon kegs. And all these eggs, ere summer hies, Will bring fourth twenty trillion flies.

"And thus we have an endless chain, So all our swatting is in vain, Unless we do that swatting soon, In April and in early June; So, men and comrades, let us rise, Gird up your loins and swat the flies. And, ladies, leave your cozy bowers, Where you have wasted golden hours, With ardor in your souls and eyes, Roll up your sleeves and swat the flies." (D. B. Tucker, M. D., specialist in rural sanitation in Seminole County Capital)

Tar Heel Progressive Strong for Roosevelt.

Greensboro, April 6.—Twenty-four delegates to the progressive national convention at Chicago were named by the state executive committee of North Carolina progressives here, and were instructed to vote for Theodore Roosevelt for presidential nominee. There are two delegates from each of the 10 congressional districts in the state and four at large.

One resolution adopted commended the action of the progressive executive committee in calling a convention and another expressed the hope "that the progressive and republican conventions at Chicago will be able to agree upon a candidate for president who will be acceptable to the progressives."

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

A Hint.

Stage Manager—"My dear, I wish you would wear a different gown in the second act."

Rita Ravenyelp—"But that is the latest style, and I paid two hundred dollars for it."

Stage Manager—"That may be true, but when your husband says: 'Woman, you are hiding something from me,' the audience can't figure out what he means."—Judge.

Charlie Penland, twenty years old, of Asheville, was convicted of violating the so-called Mann white slave act by a Federal court jury at Greenville, S. C., Thursday, and sentenced to serve two years in the Atlanta penitentiary. Penland was accused of transporting a girl from Asheville to Greenville for immoral purposes.
