FINAL WARNING GOES TO GERMANY

AMERICA ANXIOUSLY AWAITS REPLY FROM IMPERIAL GOVERNMENT.

WILSON TALKS TO CONGRESS

President Tells Congress Germany Must Accede to Demands to Prevent Breaking of Relationship.

Washington.—President Wilson's long-expected final warning to Germany that the United States will break off diplomatic relations unless she abandons her present methods of submarine warfare, and immediately declares her intention to do so, was delivered in a note to Berlin and was announced by the President in an address to a joint session of Congress.

The President demands nothing less than the abandonment of submarine warfare against commerce.

Both the President's address and the American note declare in unequivocal terms that only by Germany acceding to the demand can the breaking off of relations be prevented.

The President considers that the next step depends solely upon Germany and that three or four days constitute a reasonable time for a reply. He is willing to discuss how submarine warfare may be conducted within the limits of international law and humanity after Germany abandons her present methods.

Diplomatic history records but one instance as yet where a breaking of relations between two first-class Powers has not eventually brought war—that which now exists between Germany and Italy.

UNITED STATES MARINES GUARD WIRELESS STATION

If a Break Occurs With Germany Stations Will Be Seized at Once.

Philadelphia, Pa.—Three hours after President Wilson had read his ultimatum to Germany before Congress a detachment of marines from the Philadelphia Navy Yard left for Tuckerton, N. J. and Sayville, L. I. where are located the powerful trans-Atlantic wireless stations. The detachment of 26 marines from the local yard will be joined by a much larger detachment from the Brooklyn navy yard it was stated. The marines have been ordered to the point which would be the first to be attacked by the enemies of the United States in the event of an open break with Germany.

Asheville will make the growing of goldenrod in the city limits a misdemeanor, and the presence of any kind of rag weed in city limits will be a misdemeanor. The reason for this is to make the city a mecca for hay fever sufferers.

DRINK SIX GLASSES OF WATER DAILY

An Interesting Statement by One of the Big Men in the Drug Business

A. E. KIESLING

of Houston, Texas, says:

"If you have a muddy complexion and dull eyes, you are constipated. Six glasses of water daily and one or two Rexall Orderlies at night will correct this condition and make you 'fit as a fiddle.' Rexall Orderlies, in my opinion, are the best laxative to be had, and can be taken by men, women or children."

We have the exclusive selling rights for this great laxative.

GENERAL HUGH SCOTT GOES TO MEXICAN BORDER

Washington.—No decision as to withdrawal of American troops for 10 days unless there are new outbreaks against the forces in Mexico to compel immediate action. This was made clear when Secretary Baker dispatched Maj. Gen. Hugh L. Scott, chief of staff to the border as his personal representative to make a complete report on the military problems confronting General Funston.

The administration's final action on General Carranza's suggestion that the expedition be recalled probably will be based largely on his report. General Scott, who left Washington tonight will hardly be able to complete his observations in less than 10 days.

Secretary Baker described General Scott's mission as being to assemble complete information on the border situation for the use of the department.

FORCEFUL ADDRESS OF WILSON TO CONGRESS.

Washington.—President Wilson told Congress, assembled in joint session shortly after 1 o'clock, he had given Germany a final irrevocable notification that the United States will break off diplomatic relations if her illegal submarine campaign is continued.

A note, America's last word, practically an ultimatum, and demanding an immediate reply, presumably was in the Berlin foreign office as the President was speaking.

It was declared in accordance with the President's plan to have it before the German government at the same moment he was addressing the American Congress.

The population of continental United States on April 1 was 102,804,000 as estimated by the treasury department statisticians in computing the per capita money circulation of the country which they place at \$38 41, an increase of \$3 67 over the per capita circulation on April 1 last year.

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure Circulars free. All Druggists, 75c.
