

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

**"Dodson's Liver Tone" Starts Your Liver
Better Than Calomel and Doesn't
Salivate or Make You Sick.**

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful to-night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Do You Want a Car?

Of course you want a car. Everybody wants one these days. Life is too short to spend a good portion of it getting from one place to another when a car will whisk you there in short order.

Come in and let us demonstrate our celebrated Buick, the car for service, for pleasure, and for light operating expense. Everybody who rides in a Buick falls in love with it. It is just as natural to love a Buick as it is to love your wife or your best girl. We are selling them for only \$1020.00.

Buy your tires and other supplies from us.
Let us do your repair work.

Work Begun on Addition to School for Deaf—Cemetery Moved.

Morganton, June 9.—Work was begun this week on the addition to the main building of the North Carolina School for the Deaf—the kitchen addition for the building of which the board of trustees of the school recently made provision. It will be finished during vacation, as will the new dairy barn which is being built. During the summer steam ceilings will be put in the dormitories and study halls.

The Western Power company has just finished moving at its expense what is known as the Conley graveyard on Paddy's creek, near Bridgewater, to a hill near the Hilliard school house, a distance of about a mile from the original site. When the proposed dam is built across the Linville river the entire valley in which the burial ground was located will be flooded, hence the removal.

The Conleys were among the first families to settle in western Burke, then a part of Buncombe county, and attached to the graveyard is much interesting history. The oldest headstone bore the date of burial 109 years ago. It was found on taking up "Big Bill" Conley, who was buried fifty years ago, that the stout pair of home made shoes which he wore—"brögans"—were almost as good as new. One of the unknown dead was found with skull turned face downward. The number moved was eighty-six.

Progressive Platform—Americanism Emphasized.

Chicago, June 8.—Ringling declarations of Americanism and for preparedness, military, spiritual, economic, and industrial, are keynotes of the progressive national platform completed today in cooperation with the republican convention platform builders. The progressive platform leaders hoped to present their document to the convention today or tomorrow at the latest.

The "Americanism" planks, minus direct reference to hyphenism, declared in vigorous terms for upholding American rights on land and sea, guarding "the honor and influence of our nation" and maintenance of "the integrity of international law."

The platform also declares that the supreme duty of civilization is to make peace permanent after the war, for which this nation should be prepared in every sphere. Regarding military preparedness, the platform declares for "a navy restored to at least second rank in battle efficiency," a standing army of 250,000 men and "a system of universal military training—a citizen soldiery—controlled by the national government."

Regarding Mexico, the platform asserts that "every resource of the government should be forthwith used to end these conditions."

Other platform declarations are for woman suffrage, regulation of industry and "just distribution of its returns; conservation, re-establishment of the American merchant marine, national highways development; a permanent tariff commission and a protective tariff."

The University of North Carolina is one of the oldest universities in the South. It was opened to students in 1794.

Keep right on reading the home paper, brother and sister. It is the patriotism that leads to the right kind of preparedness.

Riches used to take wings, but nowadays aeroplanes take riches.

"SAFETY FIRST" SIGNS

PEOPLE ARE TOO PRONE TO FORGET VALUABLE SUGGESTION IN SIMPLE WORDS.

Suggested That Law Be Enacted Requiring "Safety First" Sign to be Posted in Front of all Engineers and Drivers.

In all probability a more appropriate and valuable suggestion was never made in two simple words than "Safety first." It is indeed a fit companion phrase to the now classic admonition, "Lest we forget." But, of the two, the former is the stronger. With "Safety first" always in mind, the little we could forget would not be worth remembering. The besetting sin is that we are too prone to forget "Safety first."

This is the pity of it, and it seems to us something should be done which would in large measure prevent forgetfulness. We have in mind a more practical and effective method than merely the printed words "Safety first" posted indiscriminately for the eyes of any who may be sufficiently interested to give the suggestion a passing thought. There is danger of such so-called education becoming one of ridicule rather than of adoption. This for the reason, the general public has been told to "Watch its step" until this official advice is as sounding brass. What about the individual who pulls the throttle, the bell cord, the lever of the electric car, the elevator, or who handles the wheel of the automobile? If the insurance commissioners of this country would recommend to the legislatures of their States the enactment of a law requiring the words "Safety first" to be posted in red letters directly in front of every engineer, motorman or driver of a public or private conveyance, propelled by steam, electricity, or gasoline, the greatest possible stride towards the elimination of preventable accidents would be the net result.—Insurance Vindicator.

BUILDING SAFER SCHOOLS

All Over North Carolina People Are Aroused to a Desire For a Better and Safer School Building.

One of the best signs of the times is the awakening of the people in regard to "Better and Safer School Buildings." From one end of the country to the other, and especially in North Carolina, people are being aroused to a desire to have their school buildings safe for their children.

Insurance Commissioner Young is especially gratified that nearly every new school building to be erected in the State is to have the Double Tower Stairways, as advised by him, and no stairways or other opening between the floors on the inside of the building. This will absolutely care for the smoke panic that causes over 80 per cent of all the casualties in school fires. With the discussion and publicity that has been given to the matter in the State, this is not surprising, but it is surprising that the Commissioner is receiving from nearly every State of the Union requests for the pamphlet issued by him showing the proposed safety suggestions.

JOHN T. SCOTT WANTED BY INSURANCE DEPARTMENT.

Some time ago there arrived in Asheville a man from Pennsylvania by the name of John T. Scott, who went into the insurance business. He seems to have violated about every law of the State governing the supervision and control of insurance agents. The Insurance Department is anxious to be advised of his whereabouts in order that he may be brought back here and put upon trial for his many misdeeds in swindling the people as well as the companies that he represented.

This is a very striking case showing the importance of care upon the part of insurance companies in their selection of agents and the caution that our people should exercise in patronizing agents without being satisfied that they are men of character and standing. There is as much danger in trusting an insurance agent who is unreliable and without character as in dealing with any other unreliable business man.

It is estimated that the average manure pile will breed 900,000 flies per ton?

If you have a farm or real estate of any kind you wish to sell, an advertisement in The Progress will do the work for you.

ANSWER THE ALARM!

Marion People Should Not Delay.

If your kidneys are inflamed, Don't stand around and do nothing. Like a fire it will soon be beyond control.

You will get the alarm in time—Backache, or dizziness or disorders of the urine.

Heed the warning. Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stamp out the cause.

Profit by a Marion woman's experience. Mrs. R. H. Bomar, Sweeney Hill, Marion, says: "We have used Doan's Kidney Pills and have always found them satisfactory. Whenever I feel any soreness in my back or other symptoms of kidney trouble, I take Doan's Kidney Pills with good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bomar. Foster-Milburn Co., Props, Buffalo, N. Y.

MEN

All men look neater and feel better when their clothing is neatly cleaned and pressed.

We do all kinds of dyeing, cleaning, pressing and repairing.

PALM BEACH SUITS

cleaned and pressed, 50c a suit.

PANAMA and STRAW HATS

cleaned and reblocked.

Our prices are reasonable.

Beaux Monde,

(Under new management.)
