

NEW PERFECTION

"Cooking Never Tires Me"

"MY kitchen is comfortable and cool—there is no coal or wood to carry—and no fires to build. I use a New Perfection Oil Cook Stove."

A New Perfection Oil Cook Stove, the stove with the long blue chimney, gives kitchen comfort in 2,000,000 American homes.

It turns on and off like a gas stove. Its fuel cost is economy itself, 2 cents a meal for 6 people.

The long blue chimney gives a perfect draft and assures a clean odorless heat and a lasting satisfaction.

New Perfection Oil Cook Stoves are made in many styles and sizes. They are sold by most good dealers.

What Some of The Scattered Sons Are Doing.

We rejoice over the achievements of our absent sons. They daily give us cause boastfully to exclaim, when others recite their worthy deeds, "He was born in North Carolina." They are at work in every land; in every country of the old world; in the awakening Orient; remodeling the aqueducts of the Caesars, and repairing the abutments of the Bridge of Sighs. In London a North Carolinian is building an electric railway with American capital, and another is there the master of trade the world over.

A North Carolina drummer sells blankets in Manchester and another more enterprising disposes of razors and blades on the streets of Damascus.

The fastest train in Continental Europe is engineered by a native of Guilford county, and North Carolina engineers pull the throttle up the slopes of the Andes, in African jungles and across the island of Japan. A North Carolina contractor has thrown a cantilever bridge over the river on the road to Mandalay. An engineer, graduate of our A. and M. College at Raleigh, installed the machinery which lights the most southern beacon on the habitable globe at Terra del Fuego, and a Bertie county sawyer cuts timber today in the far north of Sweden in the light of the midnight sun. A North Carolina plumber installed the electric plant at Bagdad which out-shines the lamp of far-famed Aladdin. Today a North Carolinian is carrying laundry machinery to China and another has carried to Germany improved machinery for brewing lager beer. The listless looking Coolie by his tepee in India cools himself with ice made on a Charlotte ice machine, and a North Carolina gin outfit gins cotton in the islands of the seas.

From the coves of Yancey and the mountain fastnesses of Watauga we are shipping cheese to the soldiers fighting near the Swiss border. The world rocks in comfort in North Carolina chairs, and chambers and palaces of royalty are beautiful and gorgeous with High Point furniture.—Hon. Francis D. Winston before the North Carolina Society at Atlanta, May 1916.

Rock Creek News.

Nealsville, June 22.—Miss Ida Mosteller and John Arrowood were married a few days ago, taking their many friends by surprise. After a brief honeymoon the young couple will go to Mut Cut where they will reside.

The Sunday school at Bethel is progressing nicely with J. D. Mashburn as superintendent.

Jethro Morgan, who was injured by being thrown from a buggy when his mule became frightened at an automobile, is improving.

E. V. Lawing made a business trip to Marion last week.

Construction work is well under way on the new steel bridge near Bethel and if the weather permits it will be completed within a short time. This bridge will be of great benefit to the people of this community.

The Memorial exercises have been postponed for an indefinite period, as this is a very busy season with the farmers.

Crops in this section are looking fine. Corn has been much improved by the recent showers. Most of the wheat crop has been cut and a good yield is expected.

If you have a farm or real estate of any kind you wish to sell, an advertisement in The Progress will do the work for you.

Board of Health Advises Vaccination As Preventive of Typhoid.

On account of the very large number of deaths from typhoid fever that has been reported to the State Board of Health within the last few weeks, the Board is urging the people to lose no time in taking the immunizing treatment against this disease. It says that on account of every case being a new source of infection and its spread and contact so insidious and unsuspecting, that no intelligent person can afford to neglect taking this means of protecting himself. Furthermore, the Board says that June is the month when the death rate from typhoid fever begins to rise and that already the incoming death certificates are showing an unusually large number of deaths from this disease for this season of the year.

"Vaccination as an effective means of preventing typhoid fever," says the Board, "has been well established, but the main reason why people continue to get sick and die from typhoid is indifference and not ignorance. The indifference and neglect that tolerate flies, filth and the spread of typhoid from individual to individual is that same indifference that makes a person neglect vaccination as a means of protecting himself. Indifference is now the cause of more deaths from typhoid fever than ignorance."

Remedy for the Chiggers.

If a bath in hot water, or in water containing salt or strong soap, is taken within a few hours after exposure in shrubbery and weeds infested with "chiggers" or "red bugs," no ill effects will be experienced. After a long exposure, however, a bath has practically no effect, and direct remedies are necessary.

After irritation has set in, and small red spots appear, the application of a moderately strong solution of ammonia to the affected parts is recommended by the Department of Agriculture's entomologists. A supersaturated solution of bicarbonate of soda, or common cooking soda or saleratus, will afford relief. Liberal applications should be made until the irritation subsides. If the suffering is severe, a dilute tincture of iodine or collodion should be lightly applied.

Vance Statue Unveiled.

Washington, June 22.—A bronze statue of Zebulon Vance, for many years senator from North Carolina, was unveiled today in statuary hall at the capitol.

Members of the North Carolina colony in Washington attended, and Vice President Marshall made the principal address.

AFTER THREE YEARS

Marion Testimony Remains Unshaken.

Time is the best test of truth. Here is a Marion story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. F. Williams, mgr. Telephone Co., Johnson St., Marion, says: "I was all run down from kidney trouble and the best doctors in the state had no hope for my recovery. I had rheumatic twinges throughout my body. I was extremely nervous and didn't sleep well. The kidney secretions were scanty and scalded in passage. I got Doan's Kidney Pills at Streetman's Drug Store and they cured me." (Statement given February 10, 1911.)

Over Three Years Later Mr. Williams said: "Since I recommended Doan's Kidney Pills, I have had no sign of kidney trouble. I think they saved my life."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.
