

NEW PERFECTION

"I Can Cook Anything

on my New Perfection—it works like a gas stove and costs less to operate."

Lights at the touch of a match, the flame stays high, medium, low—and turns out at once.

The New Perfection Oil Cook Stove, the stove with the long blue chimney, roasts, toasts, boils, bakes, broils and fries—anything, and keeps the kitchen cool.

The long blue chimney assures a *clean, odorless, even flame and lasting satisfaction*, because it gives a perfect draft and puts the heat just where it is needed.

Fuel cost—only 2 cents a meal for 6 people. Saves time, strength and money.

New Perfections are made in many styles and sizes. Your dealer can get any size for you.

Grand Jury Reports all Offices and Buildings in Good Condition.

The grand jury in Superior court completed its work last Thursday and submitted to Judge Shaw the following report:

"We, the grand jury for the July term, 1916, of McDowell Superior court, make the following report:

"We have acted upon all bills of indictments sent us by the Solicitor for the State, and have returned the same to the court.

"We have visited and examined the office of the Clerk of the Superior Court and find the office in good condition, the records well and conveniently kept and according to law, as far as we are able to ascertain. We also examined the offices of Register of Deeds, Sheriff and Treasurer and find them all in good condition and well and neatly kept.

"We also examined the court house and found it in good condition, with many improvements made within the past year, also the sanitary condition much improved and good.

"We visited in a body the county jail and closely examined the same; we found five prisoners—one white and four colored—who say they are well fed and have kind treatment. The jail seems to be well kept and free from vermin. The cages have been painted and new steel wall cots installed recently. We found the jail supplied with plenty of water, two bath tubs and three toilets, and the sanitary condition fairly good.

"Five of our body visited and examined the home for the aged and infirm and found six inmates—four white and two colored—who say they are well treated and have plenty to eat, with clean bed clothing and fairly good furniture; we find the buildings all in good condition, the water supply good and healthy and the sanitary condition generally good. The farm is fairly well cultivated and crops look promising. We find that ashes are being used in the closets and we recommend that lime be used instead.

Editors Select Morehead City for Next Convention.

Durham, July 13.—Morehead City was this evening selected as the next meeting place for the North Carolina Press Association, which will close its 1916 convention in this city tonight, with an address by William J. Shepherd, the war correspondent.

E. E. Britton, editor Raleigh News & Observer, was elected to head the organization for the coming year, succeeding Jas. H. Cowan, editor of the Wilmington Dispatch. Other officers are: Sanford Martin, Winston-Salem, first vice president; second vice president, R. F. Beasley, of Monroe, third vice president, Z. W. Whitehead, Wilmington; Secretary, Jno. B. Sherrill, Concord; Historian, M. L. Shipman, Raleigh; Orator, H. Galt Braxton, of Kinston; Poet, W. L. Hill, Maxton. The executive committee was re-elected.

Look Good—Feel Good.

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c. at your druggist.

About one-fourth of the area of the United States is still covered by forests.

Taking Big Chances.

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.

Crops in Western Carolina.

That the wheat crop in Western Carolina is threshing out much better than had been expected and will prove a very good yield of fair quality grain is the report made today by Commissioner of Agriculture W. A. Graham, who has been in the western section of the state for the past two weeks, spending a portion of the time on his plantation in Lincoln county.

Major Graham says he found that the crop on the uplands and the best drained low lands is quite good, but that the bottom lands that have been submerged several times during the season of growth of the crop is in very poor condition. Excessive rains have much retarded some of the upland corn on sandy soils where it has turned yellow and gives promise of only poor yield.

The oat crop, Major Graham says, is about the poorest that has been grown in this state with short and sparse straw and poorly developed heads.

Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Prosperity.

The cotton mills are now at the very highest point of their prosperity. In this State they are especially prosperous. A new company to operate a cotton mill was recently organized at Gastonia. In less than twenty-four hours the total capital of \$300,000 was subscribed, and more was available but not needed. All the manufacturing industries of the South are doing extremely well. The business depression incident to the breaking out of war in Europe has been cleared away, and the country is more prosperous now than it ever has been.

Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

Agricultural Bill Passed.

The annual agricultural bill carrying approximately \$24,000,000, was passed by senate Wednesday in virtually the same form as passed by the house. It contains provisions for federal grain inspection and licensing of grain warehouses and levies a tax of two cents a pound on cotton sold for future delivery.

Up to July 6th the State has issued license for 22,700 automobiles, for the year beginning July 1st. For the year ending on that date 24,460 automobile license were issued.
