GH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

Dalomel makes you sick; you lose a work. Calomel is quicksilver and the work. Calomel is quicksilver and sublivates; calomel injures your liver. It you are bilious; feel lazy, sluggish the most patch is sour, just take a spoonful of unless Dodson's Liver Tone instead resing sickening, salivating calomel. The control of the calomel sublivation of the calomel sublivation

Shergish Liver Better Than Calomel and Can Not Sallvate.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick

"Summer? I Don't Dread It!"

NOOKING will be a real pleasure this summer on my New Perfection Oil Cook Stove-for the kitchen will be cool!"

Why cook over a hot range in a hot kitchen when you can be cool and comfortable. The New Perfection Oil Cook Stove, the stove with the long blue chimney, works like a gas stove. The long blue chimney gives a perfect draft, assures a clean, odorless heat and lasting satisfaction. The fuel cost is only two cents for a meal for six.

New Perfection Oil Cook Stoves are made in many styles and sizes. They are sold by most good dealers who will gladly show them.

Look for The Long Blue Chimney

This July 24, 1916.

J. A. LAUGHRIDGE Executor of Abe McGee, dec'd.

2,000 MEN AT WORK

Southern Exerting Every Effort to Reopen Line Between Old Fort and Ridgecrest.

Old Fort, Aug. 17.-Old Fort is veritable human bee hive. From Old Fort to Ridgecrest a distance of about 12 miles, from 2,000 to 2,500 men are at work. The Southchaos. Chief Assistant T. H. Gatlin, a man of tireless energy, can be seen every day going up and down the line directing this large force of men with his two assistants, A. Harriss and B. O. Lackey.

Men have to be fed and housed which is all done at the expense of the Southern, in addition to the wages paid. Sixty days was the most conservative estimate, placed on getting a train from Old Fort to Ridgecrest after the washout The work they do is the work of

A work train will go to Ridgecrest 20 days short of the time first estimated. Work is going on night and day. Everybody is busy and the great system employed by the Southern is being brought in play to further this work. Trains are running from Ridgecrest to Asheville and in a short time after a work train goes through the regular passenger travel will be resumed. There are a few cases of fever here but so far the situation is well under control. The railroad, through their physician, offers to all, the new treatment for the prevention of fever without cost to all their employes. All water is boiled.

Fatal Accident and Other Injuries. Old Fort Sentinel, 17th

Wednesday, the 16th, was an unlucky day among those employed hereabouts on railroad repair work. After dark J. F. Hodges, a young single man, fell from the end of his train below town and a car wheel crushed his left shoulder. Immediately Dr. Ashworth, who was on his way to Old Fort, rendered medical aid, and soon thereafter was joined and assisted by Dr. McIntosh. When these physicians realized the seriousness of the injury, a special train was placed at their disposal to carry Mr. Hodges to Dr. Long, a specialist at Statesville; but notwithstanding this train made a record run, the unfortunate man died from internal hemorrhage before reaching there. The remains will be prepared and sent to his home-Morristown, Tenn.

The same evening after working hours two extra gang foremen-Messrs. Hogan and Simpson—started with their gangs down the mountain to Dendron on a push car. On reaching mile-post 117, 2 miles east of Dendron camp, some of the men lost their balance. and thinking they were about to fall off, commenced to grasp each other, and in the excitement jumped off, but none sustained serious injury. Of the eight or nine receiving minor contusions and lacerations it is Supplies, brooms and buckets expected all will be in shape to resume work in a few days.

The same afternoon during the setting-off of a blast up the mountain a fragment of rock struck one of the gang named J. H. Foster. employed by the McCreary company, and broke one of his legs. He resides near Asheville.

Cure For Cholera Morbus.

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Havén, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel trouble with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.

Work That is Worthless.

There stands the fig-tree in the vineyard with every incentive to fruit-bearing-life, soil, culture, air, sunshine, shower; but we come to it and find nothing but leaves; does it fulfill its true mission? Yonder is the candle, several inches in length, already lighted, adapted to the candlestick, with ern is trying to bring order out of light-giving power sufficient for a roomful of people; but instead of flaming from the candlestick it is overcapped by the bushel measure or set underneath the curtained bed. Of what real value is its light? Alas, how many in the hive of humanity are drones, how many in the nation are but parasites on the body politic, how many in the churches are hardly worth the ink required to write their names upon the church register? balancing straws, of blowing bubbles, of chasing butterflies; a work that is absolutely valueless to man, to the brotherhood and to God .-Biblical Recorder.

> The watermelon crop all over the State is poor.
