A MATTER OF BUSINESS.

It is poor business to neglect your health. Your health depends mostly on the condition of your teeth.

Aside from the pain of toothache, neuralgia, a foul breath and bad appearance, you are incapacitated for any kind of work or business.

It is a matter of good or bad business judgement whether you have your teeth attended to by the old slip shod and un-sanitary methods, or in an up-to-date scientific manner.

Dr. Justice,
Dental Specialist.
Lady Attendant.
