SAYS SHE WAS
BENT BY PAINS**

Tanlac, of All Medicines, Helped Her. Does Housework After Years of Sufferings.

"I suffered from kidney troubles for the past ten years," Mrs. L. A. Wanet, of Phoenix, near Wilmington, explained to the Tanlac Man, "and Tanlac is the best medicine I have ever tried and I gladly give my statement so others may be reached by it through the papers.

"Until taking Tanlac my appetite was very poor and I was in a weak and run down condition. I would stay wide awake all night. My back gave me lots of trouble and, when attacked frequently by a burning sensation, I had to bend over to ease my pains. Headaches also bothered me. But now, I am so much stronger than I was and I am able to get around and do some work."

Tanlac is sold in Marion by J. W. Streetman.

**RURAL CREDIT LAW
MAKES MONEY CHEAP**

Former High-Interest Agencies Rush to Reduce Rates to the Farmers.

BIGGER LOANS AT LESS COST

May Borrow Half of Land Value at Less Than Five Per Cent.—Effect Already Being Felt Strongly.

The effect of the new rural credit law, passed by the Democratic Administration, already is being felt in lower interest rates, although the land banks have not yet been organized. Testimony to this effect is being given at the hearings held by the Federal Farm Loan Board in various western cities.

At the hearings in Nebraska, numerous farmers stated that interest rates in the homesteading section of that State already have been reduced from one to two per cent. by the prospective competition of the thirty to forty-year loans that the land banks soon will be making.

The average loan that an insurance company or other loan agency would make on a 640-acre "Kinkaid" claim was \$1,000. The commission deducted from this left the farmer \$850. He paid interest at from 8 to 10 per cent. for five years on \$1,000, making his average net interest rate from 11 to 13 per cent.

This now is stopped by the coming competition of the new rural credits law. Loan agents are rushing into Nebraska to make five-year loans at lower rates, to forestall the operation of the new law.

Lodge Protecting Banks.

This may account for the attack made on the Democratic rural credit measure by Senator Lodge, at Beverly, Mass., on Sept. 23, when he stated that money could be borrowed on better terms from regular agencies than under the rural credit act.

Mr. Lodge declares that this act will endanger the present National and co-operative banks and tend to break them down, according to the report of his speech in the Boston Globe.

The farmers of the West, who have suffered exorbitant interest rates for years, are not worrying about the banks. Their testimony before the Farm Loan Board showed that they are enthusiastic over the new law, and ready to help put it in successful operation.

Benefits to Farmers.

The new farm loan act provides means by which farmers can form co-operative or joint stock associations and borrow from the regional Federal Farm Loan Bank on the security of their land. Ten farmers can form one of these associations. They can borrow up to 50 per cent. of the value of their land, for a period running up to forty years.

The loan is repayable in small annual installments, or can be paid in full at any time. The estimated interest rate is 5 per cent. The farmer who borrows will share in the profits of the business, thereby reducing his interest rate to a still lower figure.

The Democratic National Committee has issued from its headquarters, at No. 30 East Forty-second street, New York, a pamphlet for free distribution fully explaining the rural credits law. It may be obtained from your Democratic State or County Committee.

Greatest Benefit to Farmers.

When Congress passed the Rural Credits bill a few weeks ago it placed upon the statute books a measure of greater direct benefit to the farmers of the United States than any legislation enacted since the creation of the Department of Agriculture, now nearly a generation ago.—The National Monthly.

**LABOR TIDE FLOWING
STEADILY TO WILSON**

Organized Workers of Michigan and Illinois Indorse Democratic Candidate.

Enthusiastic offers of support continue to pour into National Democratic headquarters from working men and union leaders from every section of the United States and from every trade and industry. Not only will President Wilson get hundreds of thousands of votes from working men hitherto members of the Republican party, but thousands of wage-earners who have voted the Socialist ticket will this time mark their ballots for him.

The latest indorsement of President Wilson by a labor leader comes from John H. Walker, president of the Illinois State Federation of Labor.

"A working man who would vote for Hughes, in the face of his acts and declarations against labor, and in the face of the great accomplishments of Mr. Wilson for labor," said Mr. Walker, "must be uninformed, misinformed, blinded by prejudice, or carried away by party sentiment."

No word said for President Wilson will have greater effect than a statement by Andrew Furuseth, president of the Seamen's Union, declaring:

"I am for the election of Woodrow Wilson and a Democratic Congress because of the enactment of the Seamen's law and of the Clayton act, recognizing and enforcing the equality before the law of workingmen with other citizens."

Asking, "Are Ye for God or Mammon?" President A. B. Garretson of the Order of Railway Conductors urges President Wilson's re-election, in the October number of "The Railway Conductor." Mr. Garretson is a life-long Republican.
