Bad Teeth Reduce Physical Efficiency.

A recent investigation made by the U. S. Public Health Service in connection with studies of rural school children showed the 49.3 per cent had defective teeth, 21.1 per cent had two or more missing teeth, and only 16.9 per cent had had dental attention. Over 14 per cent never used a tooth brush, 58.2 per cent used one occasionally and only 27.4 per cent used one daily. Defective teeth reduce physical efficiency. Dirty, suppurating, snaggle-toothed mouths are responsible for many cases of heart disease, rheumatism, and other chronic affections. The children are not responsible for the neglected state of their teeth. The ignorant and careless parent is to blame for this condition—a condition which hampers mental and physical growth and puts a permanent handicap on our future citizens. School teachers can and are doing much in inculcating habits of personal cleanliness on the rural school child but this will fail of the highest accomplishment unless parents co-operate heartily and continuously. This is a duty which we owe our children.

Cartridge Explodes Injuring a Woman.

Statesville, Nov. 2.—Mrs. J. E. Deitz, wife of a prominent business man, was painfully hurt by the accidental discharge of a .38-caliber cartridge, while superintending the clearing away of trash in the yard at her home; the hired boy set fire to a pile of leaves when several large caliber cartridges that had been accidentally dropped in the yard exploded. One of the missiles struck Mrs. Deitz in the right arm.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

A Prayer for Rain.
