THE UNIVERSAL CAR

One Hundred Per Cent "Pep"

When your Ford car or your Ford truck doesn't display its usual quantity and quality of "pep" and dash, it's time to have a repairman who understands the Ford mechanism give it the "once over"—then make the necessary adjustments or repairs, and return it to you full of its old time "pep" and energy and pull. You'll notice the difference.

We employ only skilled Ford mechanics—men who know how Ford cars are made, and how they should be kept to give the most efficient and economical service. And our shop equipment boasts a great many specially designed Ford tools and time-saving devices and machinery.

Don't risk chances, play fair with your Ford car. Keep it in the hands of its friends, Authorized Ford Dealers.
