Worn Down, Out of Heart

Georgia Lady, Worn-out and Tired, Tells How She Was Helped by Ziron Iron Tonic.

THE personal experience of Mrs. Nannie Phillips, of Powder Springs, Ga., is printed below in her own words:

"I was in a worn-out condition. My stomach was out of order. I didn't sleep well. I was tired all the time. I couldn't half eat, and didn't rest well at night.

"I would get out of heart and blue. I would feel like I was going to be down in bed. Yet I kept dragging around.

"We heard of Ziron, and from what I read, I was sure it wouldn't hurt me, if it didn't help me. But after taking it, I found it really helped me, and I sent back for more. I ate better, felt much stronger. I am sure Ziron is a splendid tonic."

Many people, who are worn down and disheartened, due to stomach disorders and nervous ills, find relief by toning up their blood with Ziron Iron Tonic.

Tell your druggist you want to try Ziron on our money-back guarantee.

Ice! Coal! Wood!

We sell to everybody in any quantity at any time at any season. We give full weight and measure. Prices right. Give us an order.

Your patronage will be appreciated.

INFORMATION ABOUT HOW TO REGISTER AND VOTE

Women Intending to Vote Must Register, But Not Required to Pay Poll Tax or Tell Age.

The following information relative to registering and voting, given out by Legislative Reference Librarian H. M. London, will be of especial interest to prospective women voters throughout the State:

"All persons not previously registered, and who expect to vote at the election on November 2, are required to present themselves in person before the registrar of the precinct for registration, between September 30 and October 23, inclusive. Voters cannot be registered by mail or over the telephone. The registrar of the precinct will be at the polling place on each of the four Saturdays during the registration period with his books for the purpose of registering voters. At other times, he may be found at his residence.

"The woman voter is subject to the same conditions and qualifications as apply to the male voter, except that she is not required to pay a poll tax or exhibit a poll tax receipt in order to register and vote in the coming election. Before registering each woman voter must take the following oath:

"That she will support the constitution of the United States and the constitution of the State of North Carolina, not inconsistent therewith; that she has been a resident of the State of North Carolina for two years, of the county for six months and of the precinct in which she proposes to vote four months; that she is 21 years of age and has not registered for this election in any other precinct."

"The attorney general has ruled that the woman voter need not give her exact age, but she must state that she is 21 years of age, or over. An act of the extra session of the General Assembly of 1920 defines the residence of a married woman living with her husband to be where her husband resides, and that of a woman living separate and apart from her husband to be where she actually resides.

"Where a person has moved from one precinct to another precinct in the same county within four months from the election, such person should register and vote at the old precinct.

"At the coming election six boxes will be provided in which the following ballots will be deposited: (1) State officers, including United States Senator; (2) member of Congress; (3) presidential electors; (4) members of the General Assembly and county officers; (5) township constable and justices of the peace, and (6) constitutional amendments.

"Under the absentee voters' law any person duly registered who may be absent from the county or physically unable to go to the polls for the purpose of voting in person, which act shall be made to appear by the certificate of a physician or by affidavit, shall be allowed to register and vote upon application to the chairman of the county board of elections, who will furnish the voter ballots and blank certificate necessary for voting."

ALLIGATOR EGGS CAUSE HEN NERVOUS PROSTRATION

A hen owned by Dr. W. E. Willis of Corpus Christi, Tex., is suffering from something akin to nervous prostration, according to the physician.

Dr. Willis found a nest filled with alligator eggs while on a hunting expedition. He brought six of the eggs home with him. A sedate hen in the doctor's barnyard was determined to set, and although the sun would have hatched the alligator eggs, Dr. Willis decided to humor the fowl and put the eggs under her Biddy waited for just one egg to hatch, according to the doctor, and then left the nest on a dead run, cackling wildly.

CUTTING FARM LABOR COSTS

One of Most Effective Ways is to Use More Horses—Development of Team Work Rapid.

One of the most effective ways of cutting farm labor costs is that of using more horses. The gradual development of team work in the field has been most successful in many instances, and we may expect this development to continue.
