

HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Marion women. Read what Miss Nancy Finley, Garden St., Marion, says: "Some time ago I had a bad attack of kidney trouble. Too much hard work brought on this complaint. There was a dull, heavy ache in my back that took all the life and ambition out of me. I felt run down and my work was a burden. I was dizzy and black specks came before my eyes. When I bent over a sharp pain shot through my back and my kidneys were all out of order. I finally heard of Doan's Kidney Pills and got a supply at the Streetman Drug Co. I felt better from the first and continued use entirely cured me."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Finley had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

Wildroot keeps my hair healthy

"By using Wildroot regularly, I keep my scalp entirely free from the itching crust of dandruff, the cause of most hair trouble. I owe my luxuriant hair—the envy of my friends—to this guaranteed dandruff remedy."

Wildroot Liquid Shampoo or Wildroot Shampoo Soap, used in connection with Wildroot Hair Tonic, will hasten the treatment.

EASY PLAN TO PICK APPLES

One of Main Objects Should Be to Remove Without Injuring the Little Twigs.

In picking apples each basket should have its own hook, fastened on the handle, made from hard and heavy wire and large enough to hang over a two-inch limb. A piece of clothes-line rope, about two and a half feet long, is needed with a very small ring spliced in one end and a hook like the basket hooks in the other end. Before going up in the tree, this small ring is slipped over the hook of one of the baskets and the other baskets are slipped over the line under the handles. The picker takes hold of the hook in the end of the rope and carries the bunch of baskets up in the tree, by placing a step ladder, which he has to have, against the trunk of the tree. Then hangs the line of baskets over a limb after taking one for immediate use to commence picking.

The apple is turned in an upward direction while it is broken off, with the stem where it joins the twig. (See illustration.) Pick two or three and lay them in the basket. The basket is kept close as that saves time from reaching. In this way a man can pick with both hands part of the time. If the apples are plentiful. Then a three-eighth inch line about thirty feet long is required to let down the baskets as they are filled. This line needs a heavy snap, having no spring and which is spliced at one end. The line must have no knots unless they are near the hook end. While picking hook the line in your left buckle or buttonhole and it will follow you around in the tree top unless you circle around too much.

To empty the baskets set them in the barrel; then turn them inside of the barrel. Care should be taken to prevent twigs and small pieces of limbs from breaking off with the apples, as they injure the trees for the next year's growth. Don't venture near the ends of the limbs that run near a horizontal position as they are not nearly so strong as those running vertically. Now two ladders are needed to pick around the outside of the tree; one should be a step-ladder about six and one-half feet high which

Removing Apples Without Injury to the Twigs.

will stretch out about eighteen feet. When using the long ladder place the top end just underneath the apples (not against them) having the foot a little farther back than is needed; then take hold of the bottom rung by it up and setting it in carefully to a nearly vertical position, which tightens the top and the holder will stand safely. If it ever does slip, the other limbs are behind it. Use the line for this ladder. Sometimes two baskets may be taken up the ladder, but they have to be moved often. Pick all up from the ground that are worth picking for any use, going over the ground but once, and these are to be put by themselves.

WHEN SMALL AGENCIES FAIL

Need for Co-Operative Marketing Organization Felt When Facilities Are Lacking.

Necessity is a good foundation for a co-operative organization. If the farmers in your community feel a need for an organization they will be interested in it, will unite with it, will support it, says the bureau of markets, United States department of agriculture. A need for a co-operative marketing organization may be the result of a lack of marketing facilities or unsatisfactory marketing facilities. Does your community need an organization?

SPRAYING FOR APPLE BLOTCH

Those Who Have but Slight Touch of It Now Should Take Measures to Check Trouble.

Apple blotch will continue to be a serious trouble and growers who now have but a slight amount of it should take measures to control it before it gains too much headway. One season's control will not be enough as the holdover cankers have the power to reinfest an orchard the next year. Thorough spraying must be done for several years before it can be eradicated.

In some of the island groups of the Pacific, eggs are preserved by being covered with sirup.

185 audiences tried it this way

MOST people know that the musical enjoyment which they get out of a phonograph depends upon one thing. That thing is the phonograph's realism.

This picture shows the best way to test a phonograph's realism. Miss Betsy Lane Shepherd, the famous soprano, is standing beside the New Edison, and singing in direct comparison with the New Edison's RE-CREATION of her voice.

185 audiences, aggregating more than 100,000 people, have actually heard this comparison. None could distinguish between her living voice and its RE-CREATION.

This is one of the phenomenal records of realism. The New Edison holds all other records of realism, too, because no other phonograph attempts this comparison-test—or could sustain it.

The NEW EDISON
"The Phonograph with a Soul"

You try it this way

—the way we use in our store!—the Realism Test! Test the New Edison's Realism against the pleasure you know music can bring.

Tell us what kind of voice or instrument gives you truest musical enjoyment. Listen while we play your favorite on the New Edison. The Realism Test will enable you to gauge whether the New Edison's RE-CREATION gives you all of this enjoyment.

This is your test! It will help you determine what the New Edison's Realism means, in terms of your own musical enjoyment.

Ask for it! The "Personal Favorites" Realism Test.

Another thing to ask about is our Budget Plan. It disposes of the money question, in a way that will appeal to your common-sense and to your pocketbook.
