

FEEL ALL USED UP?

Lots of Marion People Do.

Does your back ache constantly? Do you have sharp twinges when stooping or lifting? Feel all used up—as if you could just go no further?

Why not look to your kidneys? Why not use Doan's Kidney Pills? Marion people have done so. They tell you the result.

Mrs. D. M. Gibson, Court St., Marion, says: "It has been some time since kidney trouble got the upper hand of me. I don't know what brought on the trouble, but my back ached all the time and felt tired out and run down. I was often dizzy and black specks seemed to come before my eyes. My head ached a great deal and I was nervous. When I would bend over a sharp pain went through me and my kidneys were out of order, too. Hearing of Doan's Kidney Pills I began taking them and soon I was entirely cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gibson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver, indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all druggists.

MONEY AVAILABLE FOR FARM LOANS

North Carolina Committee Receiving Applications; Terms Very Reasonable.

Raleigh News & Observer.

"North Carolina ought to endeavor to get its share of the billion dollars the government proposes to loan for agricultural purposes," said Col. James R. Young, chairman of the U. S. Agricultural Loan Committee for North Carolina. Others, who with Col. Young constitute the committee, are Dr. B. W. Kilgore, of Raleigh; C. E. Taylor, of Wilmington; C. M. Hauser, of High Point, and S. F. Austin, of Nashville.

The committee held a meeting here yesterday and among the business transacted was the hearing of a banker who wanted to borrow \$500,000. He was given the terms on which he could negotiate the loan, and the committee, if he can furnish the proper security, will promptly get the money for him from the War Finance Corporation.

Loans are made only to banks and trust companies and only for agricultural purposes. If a bank has \$50,000 out on agricultural loans it can borrow that amount from the government through the North Carolina committee. Of course it must give absolutely good security. Loans are made mostly to State bankers as the National banks are cared for through the Reserve Bank at Richmond.

No Loans To Individuals

Loans are not made to individuals. An application came in a few days ago from an individual. He was told to go to his bankers, tell them his needs and have them make application.

The interest charges fare 5-12 and 6 per cent. Loans are for six and twelve months with renewal privilege to extend to not over three years.

About one hundred inquiries have come in to the North Carolina committee. This is not as many as had been anticipated as the demand for farm credits has generally been understood to be very great. Col. Young has an idea that one reason applications have not come in freely has been the fear of government red tape. In this connection he said that the rules had been liberalized considerably since the North Carolina committee was first appointed and compliance with them now is not difficult.

"Advances for agricultural purposes" are defined as advances "for any purpose connected with the growing, harvesting, preparation for market, and marketing of agricultural products, or the breeding, raising, fattening and marketing of live stock."

Col. Young regards the opportunity now open to get money for financing crop and livestock production as a most unusual one and when the banks become well acquainted with the reasonable terms upon which the money is loaned, he expects that applications will be numerous.

A PRAYER.

By Mary Chase Cornelius.
My dream of Heaven, dear God, is passing sweet,
Closer than breathing, nearer than hands and feet,
And oh, it seems to me that that dear place,
Lit by the glory of my Father's face,
Is just a Home, so guarded by Thy care,
That grief and pain can never enter there.
A home where I shall see the little lad
Who went away; his smile that made me glad,
And kiss again his lips, his snowy brow,
And cradle him in arms so empty now.
I do not long for harp, nor golden street,
Nor grand celestial song mine ear to greet,
But when at last my tired footsteps turn
Toward that haven where the home-lights burn
One joy I crave, that was so sweet of yore,
Oh, let my baby meet me at the door.

How you, too, can cut down on your coal this year

Over a million families will by using the Perfection

Perfection Oil Heaters will be more economical than ever this year—Aladdin Security Oil costs but a trifle more than half what it did a year ago.

It's wasteful to "rush" your heater to make two or three rooms comfortable. The economical way is to warm the house all over with your coal heater and then keep those rooms you use most comfortable and cozy with the additional heat of a Perfection.

The Perfection Oil Heater is simplicity itself—no trouble to take care of it—and it burns for about 19 hours on a single gallon of kerosene. Most hardware, housefurnishing and department stores sell Perfection Oil Heaters—blue or black, with nicked trimmings if you like.
