"These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.

"It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RAT-SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP around." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Carolina Hardware and Red Star Pharmacy.

LET'S MAKE THE SOUTH "THE LAND OF THE CRAPE MYRTLE"

Progressive Farmer. All over the south now, the blossoming crape myrtles are adding to the beauty of the homes that are fortunate enough to have them. If you have no crape myrtles on your grounds, why not decide now to get some sprouts from a neighbor this fall, or else order a few from some nurseryman?

As we have often said before, if any other section of the United States had a virtual monopoly of a tree as beautiful as the crape myrtle, and so easily grown, that section would soon become famous as "The Land of Crape Myrtle." Why then should not the south make use of its opportunities in this respect? The crape myrtle will not flourish in the colder states north of us. It is one of God's special gifts of beauty to the south; and no other flowering shrub or tree blooms for so long a period, has such a variety of colors and tints, or requires less care.

If only one crape myrtle sprout were set out in every southern farmer's yard this fall, that action alone would not only help beautify each individual home but would also go far toward making the south "The Land of the Crape Myrtle." It is worth doing.

Will You Spend 65c On Rat-Snap to Save \$100?

One 65c pkg. can kill 50 rats. The average rat will rob you of \$10 a year in feed, chicks and property destruction. RAT-SNAP is deadly to rats. Cremates after killing. Leaves no smell. Comes in cakes. Rats will pass up meat, grain, cheese to feast on RAT-SNAP. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Carolina Hardware and Red Star Pharmacy.
