APPRAISAL BOARD IS BACK FROM FORESTS

40,000 Acres of Land in Three Tracts Offered Government in Burke and McDowell Counties.

Asheville Citizen, 21st.

The forest appraisal board, which has been inspecting 40,000 acres of land in Burke and McDowell counties, offered the government for acquisition under the forest service plan of purchasing lands, to be added to the national forests, returned yesterday and will at once complete their report to be forwarded the national forest reservation committee. The report will be of a confidential nature and announcement as to whether or not the forest service will purchase the land will be made from Washington.

The members of the board were: M. A. Mattoon, chief; P. M. Hodgkins, F. E. Murphy and D. K. Hendee. The purpose of the appraisal was to determine the number of board feet of timber per acre. Three adjoining tracts comprise the land. The party left the city August 1 and almost three months has been required to appraise the property.

James Stucky Says, "Rats Cost Me \$125 for Plumbing Bills"

"We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked the pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the rodent out." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Carolina Hardware and Red Star Pharmacy.

HARRIS PAYS PENALTY FOR MURDER OF MONNISH

Raleigh, Oct. 20.—J. T. Harris, former Ridgcrest merchant, and brother-in-law of the late United States Judge Jeter C. Pritchard, was electrocuted at the state prison here this morning at 10:30 for the killing of F. W. Monnish, philanthropist, of Tuscaloosa, Ala., at Ridgcrest on September 3, 1920. Two shocks were required to produce death. Harris left no statement regarding the killing.

For the common everyday ills of mankind there is nothing to equal Tanlac. Davis Pharmacy.

TUBERCULOSIS SEALS ON SALE CHRISTMAS

Ten Million Will Be Offered Public in State to Aid in Fight Against "White Plague."

The proceeds from the sale of tuberculosis Christmas seals serves to aid in the fight against the disease every year and it has been announced that ten million will be placed on sale in North Carolina this year. If the entire ten million are sold in the state this year it will mean \$100,000 to aid in the fight against the disease. Last year \$50,000 was realized from the sale of the seals and the funds were widely distributed.

At the state tuberculosis sanatorium a number of people who are fighting the disease are being given additional strength through the sale of Christmas seals. The state pays one-half of the expense of the patients and associations, organizations, friends or relatives provide the other half.

Every lover of clean baseball felt a personal loss when Christy Mathewson, greatest pitcher of all, was forced to quit the diamond and begin his fight against tuberculosis. He has brought to this, his greatest battle, the same indomitable courage and will to do his best that so endeared him to the fans a few years ago.

That these same fans do not forget and love to honor and assist him was touchingly displayed in the testimonial game played in his honor at the Polo grounds recently. All of the receipts of the game went to Christy to aid him in his fight against the white plague, which he is slowly but surely winning by the aid of rest, fresh air and nourishing food, under the supervision of competent medical attention.

If all tuberculosis victims in North Carolina were Christy Mathewsons and had a remembering, generous public to come to their aid in the time of need, the grim reaper would garner a slender harvest in our state instead of the thousands who are uselessly sacrificed each year.

To dam the tide that sweeps lives away ruthlessly and to equip every North Carolinian with the whole armour to fight tuberculosis, is the mission and sole work of the North Carolina Tuberculosis association. As you will want a part in this work, the association announces that ten million Christmas seals will be placed on sale in North Carolina this year, the receipts from which will be used to wage the war.

Where There's a Baby on Farm Keep Rat-Snap.

Rats are on most farms. Once they get inside the house—look out. Rats kill infants—biting them is not unusual. Nursing bottles attract rats. Break a cake of RAT-SNAP and throw it around. It will surely rid you of rats and mice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Carolina Hardware and Red Star Pharmacy.

The finest camphor trees in the world are found in the wilds of Borneo.

Spend your money with your home merchants. They help pay the taxes, keep up the schools, build roads, and make this community worth while. You will find the advertising of the best ones in The Progress.

Bargains that will save you many dollars will escape you if you fail to read carefully and regularly the advertising of local merchants in The Progress.

"Kerosene costs only about half what it did last year"

A practical way to save coal this fall and winter

The Perfection Oil Heater will prove more economical in over a million homes this year than ever before. Coal prices have changed but little in the last twelve months, while Aladdin Security Oil, the best kerosene you can buy, has gone down nearly 50%.

The Perfection is an efficient heater. There's no waste of fuel, no ashes that represent many of the pounds that go to make up your ton of coal. Rooms and hallways that are used

only a few minutes each day are an added source of wasted heat, greater, probably, than you imagine.

Use your coal heater to keep the whole house warm. Then in cold weather, instead of "rushing" the fire all day, make the living rooms comfortable by using a Perfection, just where you want it—in the bay window or the opposite side of the room from the radiator.

You can burn a Perfection for about 10 hours on a single gallon of kerosene. Your hardware or department store salesman will gladly point out its simple construction and smokeless wick adjustment to you.
