

# DEVON

## LEAD & ZINC PAINT

**We Guarantee:**  
It means actual cash in your pocket to take advantage of this offer!

**PAINT** half your house with Devon Lead and Zinc Paint; paint the other half with any other paint you choose. If Devon doesn't take fewer gallons and cost less money, we will make no charge for Devon.

If Devon doesn't wear a year or two or three years longer—longer and better—we will give you enough Devon to do the job over. Or, paint half your house lead-and-oil; the other half Devon. In three years the lead-and-oil half will be hungry for more paint, with Devon still sound.

If not, we'll give you enough for the whole house.

Devon Products are time-tested and proven, backed by the 158 years' experience of the oldest paint manufacturing concern in the U. S. Founded 1754.

### SENTENCE BOY ON PATRICIDE CHARGE

Graham York Goes to Jackson Training School for Killing Drunken Father.

Morganton, Aug. 9.—In a general family row, which he himself precipitated, Max York, of Tower Creek township, was killed last Wednesday night by his 14 year old son, Graham York, who was tried here today. Following the trial Judge Bis Ray sentenced the youthful murderer, who confessed to the patricide, to the Jackson Training School for not less than three and a half years and not more than six.

Three witnesses were examined. A neighbor woman, who happened to be present, the boy's mother and the boy himself all told practically the same story.

On the night of the tragedy, Max York came home drunk, his usual condition, and proceeded to raise a row about his supper. He called for the axe to demolish the stove and when Graham did not get it for him he gave him a severe beating. Getting the axe he attempted to use it on his wife. She escaped him and for a while he lay in a drunken stupor on the floor. Arousing he began to row again with his son and though the evidence did not bring out this fact clearly it was intimated that the quarrel was about a still or preparations to make a run of brandy. In the scuffle York threw the gun out of doors and the son in a rage of temper because he had been beaten seized it and killed his father.

The boy says that he was 14 years old in June. It was evident that he told a straight tale and his evidence was entirely corroborated by his mother.

### REPLACING OLD DAIRY STOCK

Oregon County Organization Striving to Save Animals From High-Producing Stock.

(Prepared by the United States Department of Agriculture.)

While calves from low-producing cows are saved to maintain the herds on some farms, on other farms and in other sections, where higher-producing cattle are kept, calves from 800-pound cows by purebred bulls are often valued because no market is found for them as dairy stock. This is an economic waste which, according to re-

Economic Waste to Veal Calves From High-Producing Cows.

ports received by the United States Department of Agriculture, the extension organization of Coos county, Ore., is striving to eliminate.

About thirty calves from the best stock in Coos county were saved last year by arrangements made with farm bureaus of other counties to take them when two weeks old at \$12 a head, crated and delivered at the express office. Arrangements also were made recently for a representative of the Klamath county extension organization to spend 90 days locating newborn calves of good stock and finding a 'dairyman' to feed them for two weeks before shipment to farmers in his own county.

The reports also say that calves two weeks old are shipped safely as far as 500 miles, or for 96 hours' travel; day-old calves can rarely be shipped.

### PUREBREDS AID MILK YIELD

Tribute to Value of Improved Sires is Contained in Statement by J. C. McDowell.

A tribute to the value of purebred sires is contained in a recent statement made by J. C. McDowell, of the dairy division of the United States Department of Agriculture, who pointed out that the average production of 38,000 grade cows in cow testing associations in 1920 was 5,980 pounds of milk and 300 pounds of butter, while the average production of all cows in the United States was 4,000 pounds of milk and 200 pounds of butter. The average milk and butter yield of grade cows was 50 per cent higher than the average for all grades and scrubs taken together. The economy of production was over 100 per cent greater.

### INCREASE FAT ECONOMICALLY

Best Plan is to Put Cows on an Abundant Ration That is Rich and Easily Digested.

In a herd of well-fed cows it is not practical to try to produce milk containing more fat by giving rich feeds; that is a pretty well-settled fact. In a herd of poorly-fed cows, though, the percentage of fat can be increased by putting the cows on abundant ration that is rich and easily digested. Tests in New York showed an increase of one-quarter of 1 per cent of fat when the cows were kept on good feeds for two years. The increase was economical, too. There was 50 per cent increase in amount of milk produced.

C., on or before the 14th day of July, 1923, or this notice will be plead in bar thereof. All persons indebted to said estate will please make payment to the undersigned at once.

E. G. GOFORTH,  
Administrator of the estate of Mrs. Jane Hogan, Deceased.

### ANNOUNCEMENT

To the Voters of McDowell County: I do hereby announce myself as an independent candidate for the office of the Clerk of Superior Court of McDowell County. I am moved to make this independent race for the reason that I am convinced I was not treated fairly in the Democratic primary meetings. My friends have urged me to do this that justice may be done. I ask all my friends to give me their hearty support and I will be elected, and when elected I will serve the public with the utmost courtesy. Yours for votes,  
W. McD. BURGIN.

### EXECUTOR'S NOTICE

Having qualified as executor of the last Will and Testament of Bertha H. Mathis Willis, deceased, late of McDowell County, North Carolina, this is to notify all persons having claims against the estate of the said deceased to exhibit them to the undersigned on or before the 18th day of July, 1923, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 17th day of July, 1922.

T. W. WILLIS, Executor  
of the Last Will and Testament of Bertha H. Mathis Willis, deceased.

## Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U.S. Passenger Car Tires went into effect—Royal Cords included. These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Bear in mind that these prices apply to the most complete line of quality tires in the world. Remember, too—as you read the following table—that U. S. quality has been positively maintained.

SIZE	Royal Cord	Nobby	FABRIC Chain	Ucco	Plain
30 x 3 1/2	—	\$12.55	\$11.40	\$9.75	\$9.25
30 x 3 1/4	\$14.65	15.60	13.00	10.65	—
31 x 4	—	23.00	21.35	18.65	—
30 x 3 3/8	14.65	20.45	16.90	15.70	—
31 x 3 3/8	22.95	26.45	—	—	—
32 x 4	29.15	24.35	22.45	20.85	—
33 x 4	30.05	25.55	23.65	21.95	—
34 x 4	30.85	26.05	24.15	22.40	—
32 x 4 1/2	37.70	31.95	30.05	—	—
33 x 4 1/2	38.55	33.00	31.05	—	—
34 x 4 1/2	39.50	34.00	32.05	—	—
35 x 4 1/2	40.70	35.65	33.55	—	—
36 x 4 1/2	41.55	36.15	34.00	—	—
33 x 5	46.95	—	—	—	—
35 x 5	49.30	43.20	39.30	—	—
37 x 5	51.85	45.75	41.70	—	—

Federal Excise Tax on the above has been absorbed by the manufacturer

The dealer with a full line of U.S. Tires at these new prices can serve you better than you have ever been served before in the history of the automobile.

If there ever was any fancied advantage in shopping around for tires it disappeared on July 29, 1922.
