"INTERFERENCE"
ALL-TALKING PICTURE

With CLIVE BROOK,
DORIS KENYON, WILLIAM
POWELL and EVELYN BRENT.

The story is a drama revolving about a doctor and his young wife whose happiness is threatened by the return of the wife's first husband who had been reported killed during the war.

Each of the stars is a splendid actor, with an unusually good "talking voice". And each star is exactly suited for the role,—Brook as the cool and polished doctor, Doris Kenyon as his wife, Powell as the suave villain-husband, and Evelyn Brent as his jealous sweetheart.

"INTERFERENCE", is reported everywhere as an exceptionally fine picture, the best dialog picture made to date. The intense interest of the story, the finished performance of the players, and their excellent voices, make it a picture that you will enjoy seeing and hearing.
