**NOTICE**

North Carolina, McDowell County. In the Superior Court. Mamie Bolton, vs. J. W. Bolton.

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of McDowell County to recover a judgment debt of \$1500 which arose upon an order and judgment of the Superior Court of McDowell County, rendered September 15th, 1925, allowing plaintiff \$85.00 per month for maintenance of plaintiff and her two children; and said defendant will further take notice that he is required to appear before the Clerk of the Superior Court of McDowell County, at his office in the court house in Marion, N. C., on or before the 23rd day of December, 1929, and answer or demur to the complaint in said action within the time prescribed by law, or the plaintiff will apply to the court for the relief demanded in the complaint. The defendant will also take notice that a warrant of attachment was issued by said Superior Court against the property of the defendant, which said warrant is returnable at the time and place above named for the return of the summons. This 16th day of November, 1929. J. L. LAUGHRIDGE, Clerk Superior Court.

**Figuring the Nation's**

**Leading Cereal Crops**

Let us set out to visualize the gigantic proportions of our crops, that we may the better appreciate the reason for thankful hearts. Start with corn, wheat, and oats, the three leading cereal crops, providing foods for man and beast, prosperity for country and city alike. Manhattan Island, on which New York city stands, contains 27 square miles of land surface. Should we empty these three largest grain crops over these 14,038 acres the gathered grain would cover the island to a depth of 120 feet—everything under ten stories would be buried beneath the avalanche of breadstuffs!

Or, let us suppose we lumped it together. Make a bin, if you please, and our three great cereal crops would fill a titanic measure one-half a cubic mile in dimensions. If it were set up on Broadway, this half cubic mile would tower seven times as high as the Woolworth building, and the bin would be twenty city blocks long by ten blocks wide. To grow the wheat alone required a field as large as all of New York state, and the billions of bushels of corn were grown on a field as large as New York, with New England, Scotland, Ireland and Wales.

And so on right down the column, nature has been most kind to American country folks. Surely, a far different situation confronts us than that which faced the fathers of Thanksgiving. Contrast this against that first harvest, and we should the better appreciate the reason for our thankfulness.—Earl W. Gage, in the Michigan Farmer.

**DON'T BLAME FOOD FOR INDIGESTION**

When pain and discomfort follow a meal, don't blame the food and decide to go on a diet. Nine times out of ten indigestion, acidity, flatulence and heartburn are caused by excess stomach acid and food fermentation.

Even the worst attacks, however, are quickly stopped by taking a little "Pape's Diapepsin," which instantly neutralizes the excess acidity, stops fermentation, and soothes and heals the acid-inflamed stomach lining. Make a special point of getting a 60-cent package of "Pape's Diapepsin" from your druggist today, and so follow the example of millions all over the world who use "Pape's Diapepsin" to end indigestion and allied stomach troubles.

With "Pape's Diapepsin" handy you can eat and enjoy whatever you fancy without fear of pain or discomfort to follow.

There's peace in the household guarded by Castoria. Peaceful sleep for Baby. Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby, and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. Castoria is purely vegetable. Give it whenever there's constipation, colic, diarrhea.

No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed, and the drugstore is closed!

**LAND SALE UNDER MORTGAGE**

Take notice that the undersigned mortgagee, under and by virtue of the power of sale contained in a certain mortgage deed executed by Willie Duncan and wife, Martha Duncan, to J. D. Williams, on the 25th day of March, 1929 and recorded in Book 41 at page 32 of the Record of Deeds for McDowell County, conveying the land therein and hereinafter described for the purpose of securing certain indebtedness therein described, and default having been made in the payment of said indebtedness will offer for sale to the highest bidder for cash at the court house door in Marion, North Carolina, on the 30th day of November, 1929, during the legal hours of sale the lands described in said mortgage deed.

For a more certain description of said lands see Record of Mortgage Deeds of McDowell County, book 41 and page 32, for a more perfect description.

This 28th day of October, 1929. J. D. WILLIAMS, Mortgagee.

**AT LEAST, NOT NOW**

I'm thankful for the sunshine,  
I'm thankful for the rain,  
I'm thankful for the summer wind  
That blows the golden grain.

I'm thankful for my country,  
I'm thankful for my God,  
I'm thankful for the flowers I love,  
The rose and goldenrod.

I'm thankful for my health and strength  
And nerves that are not jerky,  
But most of all I'm thankful  
THAT I WASN'T BORN A TURKEY.

**Nature's Blessings and Bounties on Every Side**

Thanksgiving is defined as an act of gratitude for favors and mercies, and it is well that we have a day set apart annually for a public acknowledgment or celebration of divine goodness, either in deliverance from calamities or in the dispensation of blessings and the bounties of nature.

But, notwithstanding, "the ills that flesh is heir to," and those which we bring upon ourselves, we might make every day a day of thanksgiving, for every day we share these blessings and partake of these bounties, and we should rejoice every moment in the knowledge that they are found all around and about us, in the fields and streams, in the flowers and trees, in the sunshine and the showers, in the products of farms and gardens and orchards and vineyards, in the coal and stone and minerals that were stored away for the use of man ages before his appearance on earth. We should be thankful that all of these things, and many more, were placed here for our comfort and pleasure, and above all, we should be thankful for life and love—for a paradise that is lost by man mainly through his wanderings in labyrinths formed by his own acts.—Southern Cultivator and Farming.

**WITH GRANDMOTHER**

Over the river and through the wood!  
Now grandmother's cap I spy!  
Hurrah for the fun! Is the pudding done?  
Hurrah for the pumpkin pie.  
—Lydia M. Child in the Kansas Farmer.

**Thanking Ourselves**

Probably the most of us have a fight—or should have one—to keep from thanking ourselves for what we have. I know no reason why you and I might not have been born in a tribe of pygmies on the island of Sumatra, and then we should have had woefully stunted lives. We should have lacked the associations and training that have had a big place in making us capable of earning a living and getting good out of life. Our debt to our fellow-men, and to all that made them what they are, is pretty heavy. We have the facts twisted in our minds when we spend much time giving credit to ourselves. Civilization and religious influences of many kinds have made America what it is, and we share in the benefits, receiving far more than we could contribute.—Ohio Farmer.

**Proving Thankfulness**

We have prospered in things material and have been able to work for our uplifting in things intellectual and spiritual. Let us remember that, as much has been given us, much will be expected from us; and that true homage comes from the heart as well as from the lips and shows itself in deeds. We can best prove our thankfulness to the Almighty by the way in which on this earth and at the time each of us does his duty to his fellow men.—Theodore Roosevelt.

**Good Fellowship in**

**Thanks of Pilgrims**

The fact that this holiday, a most cheerful American festival, is an inheritance from the Pilgrim fathers may account for the misgivings in some sciences that it is celebrated in too secular a vein, the emotion of gratitude finding innumerable outlets beside devotional services in the churches.

It is doubtful that Governor Bradford would share that feeling. He rejoiced that his people "had all things in good plenty," and the day of thanks that he appointed was given over to feasting on the fruits of the season and the trophies of the hunt and to such good fellowship as the means of the Colonists afforded. There was a semblance of sport in the festivity. Edward Winslow wrote to a friend in England that "among other recreations we exercised our arms, many of the Indians coming among us, and among the rest Massasoit, their greatest king, with some ninety men, whom we entertained and feasted three days."

**Cause for Thanks**

Lord, thou hast given me a cell  
Wherein to dwell;  
A little house, whose humble roof  
Is waterproof.

Lord, I confess, too, when I dine,  
The pulse is Thine,  
And all those other bits that be  
There placed by Thee.

All these, and better, thou dost send  
Me, to this end—  
That I should render, for my part  
A thankful heart.

—Robert Herrick.

**NOTICE OF SALE OF LAND UNDER MORTGAGE**

North Carolina, McDowell County.

Notice is hereby given under and by virtue of the powers given in a mortgage deed executed by N. D. Lamb and wife, Molly Lamb, to York Carson on the 5th day of April 1929 and recorded in Book of Mortgage Deeds for McDowell County, pages 41, page 35, in the office of Register of Deeds of McDowell County, North Carolina, conveying the hereinafter described tract of land to secure the payment of a certain sum of money and default having been made in the payment of same, after due demand, I will sell at the courthouse door in Marion, McDowell County, North Carolina, on Thursday, December 5, 1929, at 12 M. to the highest bidder for cash the following described land, to-wit:

**STORMIZING**  
ADDS 20,000 MILES TO THE LIFE OF YOUR MOTOR

**Stormizing adds 20,000 miles to the life of your car**

Worn cylinders are expensive. They waste fuel and, what is even more serious, they permit the unburned gases to leak past the compression rings and down into the crank case. This causes rapid wear of bearings and all moving parts.

Stormizing is the name given to an accurate process which stops this waste. We have installed the cylinder Stormizing Machine and equipment with which we can restore the cylinders of your motor to their original true and accurate condition. The Stormizing Process is mechanically the same as the original process used by car manufacturers in first boring and then honing cylinders. It is the modern method of restoring full power and adding twenty thousand miles to the life of a motor.

The savings of gas and oil effected will pay the cost of Stormizing your cylinders and the cost of new pistons, pins and rings.

Come in and let us show you how this valuable service can be applied to save you money and prolong the life of your car.

why smokers graduate to

**CAMELS—**

The phrase "I've Graduated to Camels" originated with a Camel smoker. It expresses the experience of millions who through Camels have learned to know real smoking pleasure.

As taste in smoking develops, it naturally leads toward better quality. New smokers may not be critical but when they once experience the true mildness and surpassing fragrance of the Camel blend, they realize that here is a real superiority. It is for smokers of such discernment that Camels are made . . . for them the choicest tobaccos are selected . . . and this quality is maintained for the millions who know genuine smoking pleasure.
