**Lenoir Downs Marion 12-0  
Canton To Invade Marion**

The Marion Rippers rated a three touch down underdog against the powerful Lenoir High School, eleven went down in defeat by a 12-0 score. The Rippers completely outplayed the favored Bearcats, but misfortune always seemed to follow our Orange clad boys. Several offside and backfield in motion penalties set the Rippers back when they were in moving position. Two touch downs scored by the Rippers were called back, one on a slipping penalty when Chub McGalliard circled end for a touch down; the other nullified touch down came on a pass interference play when the officials refused to give Captain Rader his choice of the score or penalty; while the rule book clearly states a touch down play is a choice to the captain. Had the Rippers received a break, they could have easily won the game as they were in Lenoir territory all night. The Rippers easily played their best game to date. Dan McCall, Jerry Atkins, Hubert Stanton and Wilburn Hammett carried the ball very good. Carl McGalliard was in excellent form as he caught several of McCalls heaves for good gains.

On defense, Rader, Greene, Gibbs, the Wilson brothers all stood out with their rugged play. Again lady luck deserted our Rippers—Big Joe Jenkins starting left tackle sprained his ankle while walking to the playing field, his substitute Leon Daniels was hurt on the first play which saw Ken Greene shift from end to tackle and play excellent ball.

**HOME-COMING GAME FRIDAY**

A light and fast Canton High Black Bear eleven will take on the Rippers in their Homecoming game at 7:30 tomorrow night. The Black Bears boasting a 4-3 record and one tie will be remembering the 48-0 defeat they took last year at the hands of the Marion Rippers. The starting team for Canton all saw action in that game and are out for revenge. Last week Canton defeated Christ School 26-6 as they warmed up for the Marion game.

In Bob Moore and Neil Rhymer, the Marion football fans will see two of the fastest high school backs in western North Carolina. Both travelled 60 and 55 yards for scores last week.

The Rippers came out of the Lenoir game in fair shape and are hard at work to try and stop the running and passing attack of the Black Bears.

Coach Ditt was high in praise for his Rippers—stating it was the best game of the season and if the Rippers can carry on that type of ball, they will win the remaining games on their schedule.

**HOME BUILDING**

If present building trends continue for the rest of this year, more than one million homes will have been started during the current year. July, August and September were record-breaking months in the number of homes on which construction was begun. The first nine months of the year have contributed 745,000 new, permanent homes and apartments. Farm homes are not included in the totals.

**150th BIRTHDAY**

The City of Washington will celebrate its one hundred fiftieth birthday in 1950, with a "Freedom Fair," which is expected to bring millions of visitors to Washington for at least three years. April 15th is the anniversary of the laying of the cornerstone of the National Capital by George Washington. The formal opening of the exposition has been set for July 4, 1950.

**FARM POPULATION**

Fewer people live on farms in the United States than at any time in nearly seventy years. Despite the increase in population of the country as a whole, the farm population has dropped from a total of 32,077,000 in 1910 to its present total of 27,776,000, while in non farm areas has increased 99.8 in the same period.

Alabama is known as the cotton state.
