

Waynesville Downs Marion 19-6 Last Friday Night

The Marion Rippers went down in defeat at the hands of the powerful Waynesville Mountaineers, champions of the Blue Ridge Conference Friday night at Waynesville to the tune of 19-6.

The game was never in doubt after Whisenbunt, big Waynesville fullback, plunged over for the first six point. Later in the second quarter Yarborough Waynesville's big end caught a pass over Hammett in the end zone for another six points. The Ripper offense came to light with three minutes left to play in the first half. A pass to Gilbert Packett completed on the Marion 48 yard line saw the injured Packett outrun the Mountaineers to score standing up on a 62 yard jaunt.

Waynesville added another six pointer in the fourth period when Bob Davis, the best player on the field ploughed over for the score. Whisenbunt added the point.

Outside of the playing of Ken Greene, Alvin Rader, and Dan McCall, the Rippers did not show too much in offense or defense, Coach Ditt Said.

Home Demonstration Club Schedule

The November schedule of Home Demonstration clubs has been announced by Miss Elsie Garrett, county agent, as follows:

Dysartsville, November 25, two o'clock, home Mrs. H. C. McIntosh.
Greenlee, November 25, 7:30 (place to be announced).
Chapel Hill, November 29, two o'clock, Mrs. Charles Poteat's home.
North Cove, November 30, two o'clock, school building.
Old Fort, December 1, two o'clock, Mrs. William Porter.

New Refrigerators Now On Display At Marion Buick Co.

Marion women in large numbers yesterday viewed latest developments in home refrigerator convenience and design, and placed their stamp of approval on handsome new models just placed on display by Marion Buick Co.

Homemakers were delighted with smartly streamlined cabinets, gracefully tapering full-length doors, bigger freezer storage compartments, more convenient shelf arrangements and colorful plastic trays and inner doors, according to I. A. McLain, who has charge of the premiere showing.

"No wonder women like these new refrigerators," McLain said. "The manufacturer, International Harvester Company, went all out to give women just what they wanted. The result is super-convenience—a place in the refrigerator for everything—including tall bottles, mason jars, bulky foods, leftovers."

There are four entirely new International Harvester Refrigerators for 1950. They range in size from 7.4 cubic feet to 9 1/2 cubic feet, and there is a choice of full-width and conventional half-width freezer lockers, storing from 35 up to 50 pounds of frozen food.

The display of new 1950 refrigerators is continuing and the public is invited.

"Don't People Take The Darndest Chances?"

Yes, we do. But oddly, risks taken by the other fellow always look more perilous. That's why the man who fails to insure his property doesn't realize his danger until it's too late. How about you? Do you have proper insurance protection... at lowest possible cost?

Report 866,277 Children In School

Raleigh, Nov. 10—A total of 866,277 Tar Heel school children were enrolled in the State's public schools during the first month of this year's session.

This number may be boosted by an estimated 10,000 to 15,000 pupils by the end of the year as cotton picking and other harvesting draws to an end.

These figures were announced yesterday by J. E. Hunter, supervisor of teaching allotments for the State Board of Education.

Hunter said the enrollment already is 3,135 greater than at the end of seven months last year. This year's enrollment, he said, is the largest since 1941-42, but it went even higher some years prior to that.

This year's total enrollment includes 614,685 white and Indian children and 251,592 Negroes. The number of high school students this year is up 8,159 from last year, but the elementary grade enrollment is off from 1948 by 5,024 pupils.

Hunter said most teacher allotments for the school year have been made by the third month. The number of teachers include 10,332 in rural schools and 7,537 in city schools, counting 226 teaching supervisors and 25 special teachers in the overall figure.

BACK TO SCHOOL NIGHT OBSERVED AT WEST MARION

The West Marion parents and teachers met Tuesday night, November 15, in the school auditorium.

A welcome was given by Miss Elizabeth Conley, president, and the devotional by Mrs. Bruce Hildebrand.

The room count was taken and the room having highest percentage was Mrs. Bruce Gibbs' fourth and fifth grades. A home-made cake baked by Mrs. G. F. Washburn, was won by Mrs. Beth Dalton.

Reports were given by Mrs. Paul Bryant, chairman of membership committee, Mrs. Robert Green is chairman of room representatives, and Mrs. W. C. Burgin, chairman of Ways and Means committee.

After Matt McBrayer made a short talk and several announcements, a film of educational value was shown, then girls from the seventh and eighth grades directed the parents to their respective rooms, in which they went through "a day at school" with the teachers. The parents proved to be most interested and understanding "pupils". When the "recess bell" sounded all "pupils" assembled in the lunchroom for refreshments. Mrs. Guy Cheek, chairman of refreshment committee, was in charge of refreshments.

WHO KNOWS?

1. Who is the "Father" of the Reciprocal Trade Agreements Act?
 2. "How many "All-Dry" states are there in this country?"
 3. When did the U. S. get possession of Guam?
 4. What particular atomic development occurred on July 16, 1945?
 5. Identify the rupee; krona; guildler; drachma; diner.
 5. Which are our three leading coal-production states?
 7. How many women are holding Federal jobs?
 8. Who is president of the 1949 session of the U. N. General Assembly?
 9. Which United Kingdom export to the U. S has been bringing Britain the most dollars?
 10. What five nations make up the "Soviet bloc" in the U. N. General Assembly?

PLEASANT SURPRISE

Missoula, Mont.—Returning to her car, a Polson woman saw a slip of paper under the windshield wiper and concluded it was a traffic summons. Instead, it was a note, from an anonymous passerby, who had written, "Your left rear tire is almost flat."

Tuberculosis can be found early, before there are outward symptoms, by means of chest X-rays. Tuberculosis associations, whose work is supported by Christmas Seal funds, urge every adult to have a chest X-ray at least once a year.

Library Notes

BY ALICE BRYAN
County Librarian

"Heap high the board with plentiful cheer and gather to the feast,

And toast that sturdy Pilgrim band whose courage never ceased. Give praise to that All-Gracious One by whom their steps were led,

And thanks unto the harvest's Lord who sends our 'daily bread.'"
—By Alice Williams Brotherton.

New members registered at the Library:

Mrs. T. E. Blaylock, Mrs. Maurice Bryant, Maureen Bryant, Johnnie Cleveland Byrd, Douglas Cooper, Mrs. W. L. Cooper, Reva Dean Hicks, Mrs. Joyce Land, and Mrs. J. C. Pleasant.

Among the new books: (For adults) "The Devil's Tramping Ground" by John Harden—Collection of North Carolina mysteries, historical and otherwise—Of interest to all North Carolinians.

"Bridget Malwyn" by Martin Boyd—Story of the illegitimate daughter of an Irish peer, raised in the carefree and spacious life of a great Irish house.

"Doctor Will" by Pauline Stiles—Story of a doctor and his practice in a pioneer California town in the eighties.

"Rogue's March" by Maristan Chapman—Story centering around the Battle of King's Mountain and starring a frontier hero, Lantry Ward, who does not exactly aim for trouble, but shoots straight enough when it comes.

"The Sea Chase" by Andrew Geer—Mystery-adventure story. "Love Came Laughing By" by Emilie Loring—Mystery with romance.

"Your Most Humble Servant" by Christy Graham—Biography of Benjamin Banneker, grandson of an African prince and an English servant girl. Without him the nation's capital might never have been built. He revolutionized the science of astronomy. His famous Almanac molded the thought of the young American republic.

"The Three Wishes of Jamie McRuin" by Charles O'Neal—The 1949 Christopher Award Novel; Story of Jamie McRuin, an Irish lad who took to 'dreaming. "Twenty-four he was, and comely to boot, with three wishes in his heart. The first was for enough to travel to make a man homesick; the second for a beautiful wife; the third for a man who would speak in the tongue of the Ancient Gaelic bards."

(For children) "Thunder and Jerry" by Janet Rogers Howe—A Massachusetts horse story; of training horses and training boys to ride them.

"Wonderful Story Book" by Margaret Wise Brown—Collection of picture stories, given to the library by Harriett Gibson.

"Two Little Trains" by Margaret Wise Brown—Picture story of two little trains that went West.

"The Little Grey Men" by Denys Watkins-Pitchford—A delightful fairy tale, awarded the Carnegie Medal in England. "All the animals and birds up and down the stream had got wind of what was happening, for the tidings had been passed from beak to beak and from mouth to mouth. Everybody came to look at the new boat, for it was the finest boat ever built by gnomes."

U. S. PAYROLL

Rises granted by Congress in the last session increased the Federal payroll to a scheduled \$10,200,000,000, plus for this fiscal year ending June 30. That figures out about \$227 for each Federal income taxpayer. Government records disclose the payroll includes the payroll includes \$3,575,000,000 in pay and allowances for uniformed members of the armed forces and \$664,000,000 for civilian workers. The portion of the total payroll representing military expense actually runs up to 62 per cent of the total, because the armed forces employ 925,000 or 47 per cent, of all Government "civilian workers."

POOR BABY-SITTER

Abilene, Texas.—While baby-sitting with his two grandsons, N. E. Wilson decided to take a nap. This was a big mistake. The youngsters, 5 and 7, decided to play Indian and built a fire under Wilson's pickup truck. The truck was badly damaged before the firemen and a thoroughly awakened granddad could extinguish the blaze.
