## Hadacol Helps Textile Workers Stay On The Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which has been brought them by HADACOL with its five B vitamins and four important minerals. Two of these workers, a young father employed by the great Cannon Mills at Kannapolis, N.C., and a mother working at a mill in nearby Salisbury, N.C., recently told how HADACOL had helped keep them on the job.

Jay W. Barnhardt, Route 3, Box 343, Kannapolis, N. C., is 30 years old. Mr. Barnhardt and the proud father of two children. His work in the Cannon Mills calls for a great deal of standing up.

"I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me. I eat and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mrs. Maggie H. Poole, 1503 Caroline Avenue, in Salisbury, N. C., had become so ill that she was forced to give up her work but soon after hearing the wonderful news about HADACOL she was back on the job and has been doing well ever since.

"I was tired, weak and nervous," said Mrs. Poole. "I suffered indigestion and food didn't agree with me. I also had headaches. After taking five bottles of HADACOL I felt good and was back on the job at the mill. I had tried so many things that the HADACOL news was a real blessing to

me. I have more appetite and eat what I want to. I feel better than I have in a long time."

Mr. Barnhardt and Mrs. Poole were both suffering from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances . . . Your food will not agree with you . . . You will have an upset stomach . . . You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and mineral which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL. So it matters not how old you are or who you are . . . it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation HADACOL a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial! Insist on the genuine HADACOL. Don't be misled. Accept no substitute.

Sold at all leading drug stores. Trial size only \$1.25, but save money; buy the large family and hospital size, only \$3.50. If your druggist does not handle HADACOL, order direct from The LeBlanc Corporation, Lafayette, La., and when the postman brings your package just pay the amount plus the c. o. d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.

November, 1950, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This the 2nd day of November, 1949.  
Minnie Saunders, Executrix of the Estate of I. W. Saunders, deceased.

### Library Notes

BY ALICE BRYAN  
County Librarian

New members registered at the Library:

Garrett Condrey, Mrs. Howard Gouge, Georgia Mae Hollifield, Barbara Wilene Ross, and Thomas J. Thompson.

Four-year-old Daniel Carter Hudgins has his own library registration card. Last week he took home the book "Kittens" by Lowe, the first library book signed for in his own name; although he has been coming to the library since he was two years old.

Among the new books: "Ruth" by Irving Fineman—"Story of Ruth, the woman of the alien land of Moab, who said to Naomi, 'Whither thou goest I will go' and went with her to the land of Israel. Here is an array of men and women whose names and stories exert eternal appeal—Ruth, seeking to make her life and win her love among the stern embattled Israelites; Naomi, poor and widowed, but rich in knowledge of humanity; and Boaz, handsome, rich, strong and sorely torn between his duties as a Judge in Israel and his growing love for the alien Ruth."

"The Dusty Godmother" by Michael Foster—Study of three people; the young daughter of a broken marriage, her newspaperman father, and the shy young woman with whom he eventually falls in love.

"The Way West" by A. B. Guthrie, Jr.—"The author of 'The Big Sky' tells the stories of fifty people and more in this novel of a wagon train from the peaceful, settled towns and farm lands of the East. Driven westward by various hungers—the longing for new land, the desire to win Oregon for the United States, the wish to escape from the confining and sometimes defeating circumstances of their lives thus far, they form their train, turn the heads of their draft oxen to the west, and begin the long months of one of the great migrations of history."

"That Man from Nazareth" by Harry Emerson Fosdick—A picture of Jesus as others saw him, based on a long and careful study of the Christian and Jewish literature of the time of the Christ and of the emerging Christian Church.

"Uncle, Aunt and Jezebel" by Martha Hedman—"An amusing account of the famous actress's youth in Finland where she was brought up by her uncle and aunt. Uncle Mathias was handsome and magnetic—and that was Aunt Mathilda's problem, for she was older than her husband and plain. Though 'Jezebel', the other woman who was always discretely in the background, was the eternal threat to Aunt Mathilda's security, Aunt Mathilda had a weapon. 'I fight with food,' she would say; and Uncle Mathias always came back."

"Queen New Orleans; City by the River" by Harnett T. Kane—Colorful, swaggering, unforgettable story of New Orleans, one of the most exciting cities of the world.

World peanut production is expected to establish a new record in 1949, according to preliminary information available to the Office of Foreign Agricultural Relations. Total output is forecast at 11,460,000 short tons of unshelled nuts, about 20 per cent above the pre-war average of 9,550,000 short tons. The expansion over 1940 is attributed to the sharp increase in India, the world's largest peanut producer.
