**A. C. AVERY**, of Burke; and  
**GEORGE H. BROWN**, of Beaufort.

For Congress:  
**JAMES A. LOCKHART**.

Thursday, Sep. 30, 1896

**THE POLITICAL SITUATION.**

It would seem that the Democratic party has during this campaign by the counsel of the people, who are its sponsors, reached a position long desired by its well wishers, but rendered hitherto impossible by the grip upon its party machinery of the political bosses and office seekers, desiring solely their own aggrandisement caring but little for the commonweal. In this campaign there is a very broad and important plank the demand for the restoration of silver to its proper place at the mint, inserted in the planks of three great and considerable organizations. The Democratic party still stands firmly imbedded upon the principles that have been its bulwark through scores of years. The Populist party has in our southland recruited its ranks principally from the Democrats, while the silver party is composed of men of all parties who have stood steadfastly for the restoration of the white metal to its place at the mint.

For two years past there has been a strenuous effort by the despising white republicans abetted by some of their negro agents nearly all of whom are office seekers, to get hold of the Populist organization, and about the purposes for which it was effected. The result of this is a state of affairs in State and county discretely by the best men in the People's party ranks. There has been and is now an effort emanating from this source to saddle upon the people incompetent negro and white men, that is meeting the repudiation of all patriotic citizens. Many of the sturdy farmers who left the Democratic ranks in '73 and '74, and tiring of this company that has been thrust upon them are declaring their present unwillingness and seeking the ranks in which they were raised, now that the people are wakened to make their demands and assert their rights.

Among the members of the People's Party in this district, perhaps there are some of stricter integrity, and who would prove more worthy leaders in the councils of this party than Messrs. Dan A. Patterson and John H. Hollister. The former speaking of the mixed up county ticket of the Republican-Federal in 1892 in Robinson, is reported as saying that if that was the condition of things he had to retreat, it would be like the long to see him from the other side. Mr. Hollister, who is a prominent member of the party, and who is reported as saying that if that was the condition of things he had to retreat, it would be like the long to see him from the other side.

Continued from page 1.

Transcribed by Frederick MacRae, of Ipswich, in the year 1788.

**CONTINUED.**

Farquhar, by his second wife, left a son named Christopher, and four daughters. Christopher is a tenant in Carr, married and has children. These three last sons of Mr. Farquhar were joint partitioners of the Wadsett of Camanulung, for which their father gave ten thousand merks to George Earl of Seaforth. But, whether the other two paid of John or not, his ancestors got none of the money, when the Wadsett was redeemed, in the year 1751. Alexander, the eldest son of Mr. Farquhar, comes now to be mentioned. His father got him a Wadsett of the lands of Iverinate, Dorriandun and Letteringmer, from George Earl of Seaforth, for the sum of six thousand merks and payment of the cess annually. He was much esteemed by Kenneth Mor, Earl of Seaforth, being school-fellow with Mr. Farquhar. He made him his factor in Kintail, while he lived. He was first married to Margaret, the daughter of Murdoch, the second MacKenzie of Budecastle, by whom he had two sons, Duncan and John and two daughters, Katherine and Mary. His second wife was Mary, daughter of Alexander, the fourth MacKenzie of Dachmaluack, by whom he had seven sons and two daughters, Alexander, John and Boderick, Mary and Janet. He died Anno 1704. Mary was married to John Tusch of Logerich. Mr. Rory was married to a daughter of Alexander MacKenzie, Chamberlain of Ferintosh, by whom he had two sons, John and Duncan and two daughters, Helen and Janet. Duncan went to Maryland in America, was a Lieutenant in the Provincials there, and was killed with several others of the advanced party on the expedition under General Forbes, to Fort Duquesne, afterwards called Pittsburgh, in the year 1757.

John is living, unmarried. Helen is married to Thomas MacLean, schoolmaster Ord, and Janet died unmarried. Alexander was bred a priest and lived 'twixt Brahan and Strathglass till he was old, when he went to Donay, where he died. John was married to the daughter of MacKenzie of Auch. Her brother John was one of the Earl of Seaforth's Majors, in the year 1715, commonly called John of Auch. John MacRae had a son named Alexander, and two daughters, Margaret and Mary. Margaret is married to John Matheson in Durinish, and Mary to James Matheson, third son of Alexander Matheson, of Renegeld, by an other sister of John of Auch.

[TO BE CONTINUED.]

**A \$35.00 BICYCLE AT LAST.**

Ever since the introduction of the bicycle predictions have been frequently made that it was only a question of time when a high grade wheel could be purchased at a low price consistent with the actual cost of manufacture. It is a well known fact that the original manufacturers of bicycles have become enormously rich from the large profits in the business, and have been able to maintain high prices by constant advertising. High salaries were paid to win on their wheeler expensive bicycle shows; sometimes given away, and numerous other expedients are resorted to to keep the name of the wheel before the public, all of which the user pays for, and gets no better wheel than one under a less known name could be bought for at half the price.

In another column is shown a cut and full description of the "Maywood"—a first class, high grade wheel in every respect, at the low price of \$35. If one will read the specifications carefully he will be readily convinced that this particular wheel has many points of superiority over any other on the market, and as the manufacturers are a responsible, well known firm we can recommend them to the public.

Attention of the people of the United States is now being directed to the fact that the...

**ATTORNEYS AT LAW.**

ROBINSON & BIRDWOOD.

One member of the firm will be at the Springs Friday afternoon and Saturday of each week, or at other times when services are required. Will attend to all business of the Court when required.

**G & G**

Our notions will be found up-to-date and to style and quality.

**LADIES**

Are kept up to a high standard and will be found as low as any of same quality.

**Wanted—An Idea**

**WHAT? The good news of the day**

**WE ARE CANDIDATES** but not for your votes. If you are in favor of 10 to 1—all right, or if you favor the gold standard—just so. Ours in any way, we can handle either Gold or Silver just now to advantage and will give you your money's worth.

**OUR DRESS GOODS ARE WELL SELECTED**

**HATS AND SHOES** When you see prices quoted on Hats and shoes don't become alarmed, but come and see our stock before buying. We bought them to sell and they must go.

**GROCERIES AND CANNED GOODS**

**EXPORTS**—People from all parts of the earth journey to the Niagara Falls to see the world's greatest cataract. They do not come from quite so far to get one of our EXPORT CIGARS, but all who do come, show their appreciation of a good thing, by coming again. Kindly thanking the public for past favors we still solicit the same.

September 7, 96. **J. B. SELLERS & CO.**

FROM THE REV. DR. EDWARD L. CLARK,  
 Pastor of the Congregational Church, Boston, Mass.  
 "I have used Ripans Tabules with so much satisfaction that I now keep them always at hand. They are the only remedy I use except by a physician's prescription. They are all they claim to be."  
 EDWARD L. CLARK.

FROM REV. FREDERIC R. MARVIN,  
 Pastor of Highgate Memorial Church, Grosvenor, Mass.  
 "I regard the remedy as an excellent tonic and a most valuable family medicine."  
 FREDERIC R. MARVIN.

**M**OST people hardly realize that headaches and dyspepsia, and forty other miseries or more, all come from one cause, and that taking a separate remedy for each symptom is like picking the leaves off an obnoxious tree instead of striking at the root. Headache, or sluggishness, or disordered stomach, or constipation, or offensive breath—show that either the stomach or bowels, or the liver, are not doing their natural work, and Ripans Tabules go to the root of all these difficulties and many others at once, by immediately correcting the stomach and gently stimulating the liver and bowels to healthy action.

These Tabules are the accurate prescription of a regular physician; they are a perfectly harmless, simple remedy, as mild, yet certain, as nature itself. To people of sedentary ways, professional and business men; and particularly to women, these Tabules insure a regular habit, comfortable digestion, and a clear head; preventing many a serious illness with its long train of suffering and expense.

**Lay the axe to the root of the tree.**

In the largest hospitals in the world, presided over by the most skillful of living physicians, the ingredients of these Tabules are prescribed daily more than twice as often as any and all other preparations put together, and in these cases and in those where a physician is called, his prescriptions will be substantially the same, but the one will be much preferred and the one will be much more successful in its results.

In the rare cases where the symptoms of indigestion, flatulence, and other ailments are not relieved by the use of these Tabules, it is a sign that the system is in a state of chronic disease, and that the patient should consult a physician.

**The Ripans Chemical Co.**

**AUGUST AND SEPT EMPER.**

I've made up my mind not to carry over a single piece of Summer Dress Goods and I won't if you are wise enough to drop in and get my prices.

**CLOTHING** made to order and made to fit you. See samples and prices.
