It is not often that a hole on a golf course is made in 1, but that is what happened on the Pinehurst links a few

shows that the medal play for both was 79, 38 out and 41 in, and that without the handicap Ross would have won by only 1 up. As it was the game ended with Cory 2 up. Following is the score:

Every golf enthusiast and all his friends turned out last Thursday afternoon to see the biggest two-ball foursome match of the season, Chas. B. Cory and A. H. Fenn versus Donald and Alec Ross, (the last three professionals). The weather was perfect and the course in excellent condition, so that the spectators enjoyed an exhibition of real golf playing. The match was won in the fifteenth hole by the Ross brothers with 4 up and 3 to go. A number of very clever shots, chief among which were: a neat and skillful lofty shot by Cory, from a lie behind a temporary obstacle in the shape of a steam roller, which was lying just off the edge of the fair green in the rough—Cory was within less than a yard of the obstacle and lofted his ball to carry nearly 150 yards; Cory also made a beautiful drive at the Ghost Walk, 11th hole, which won in 2; another good shot was a long putt from the edge of the green by Fenn in the sixth which halved the hole; the most sensational shot of the game was a clean putt with an iron by Donald Ross in the eighteenth, who holed his ball at a distance of 30 yards. Following is the score:

Mr. and Mrs. Charles B. Cory, of Boston, are in Pinehurst for the championship tournament. Mr. Cory is the owner of the well known private links at Great Island, Mass., near Hyannis, and one of the leading golfers in the United States. He has spent the past winter principally in Florida and has played in nearly all the big events that have happened on the peninsula this season, winning a large number of matches. He is secretary of the Palm Beach Golf Club and a welcome visitor on every links in the country. This is Mr. Cory's second visit to Pinehurst and he is cordial in his approval of the greens here, saying they are beautiful and cannot be surpassed anywhere in the South; the fair greens, he says, while not perfect at present, are fully as good as can be expected in view of several recent heavy rains.

The juvenile putting contest held Saturday 5, on the clock green proved to be

days ago. This phenomenal shot was made by George A. Mosher, a guest at the Holly Inn, who drove from the tee of the third, 116 yards, over a large earth bunker fairly on to the putting green, in such a way that his ball rolled fairly into the hole. This is the first 1 on record on the Pinehurst course.

One of the best played and prettiest matches of the season took place on the links last Wednesday afternoon between Charles B. Cory, of Boston, and Donald Ross, our popular professional. Mr. Ross gave Mr. Cory a handicap of three bisques, (strokes which may be discounted from his actual score, at any point or points in the game at the option of the player receiving the handicap). Both players were in excellent form and to all lovers of the game was a genuinely enjoyable one, on account of the uniformly even, neat and finished work of the contestants. This will be appreciated when one takes a look at the score, which
