BRILLIANT SEASON!

First Matches Prophesy Much For The Coming Winter's Play.

Prominent Golfers Visiting Pinehurst Links-Scores in Detail of New Year's Day and Other. Matches.

Golf starts out the New Year on the Pinehurst Golf Links in a very satisfactory way, plainly assuring a brilliant season. Play begun with the arrival of Mr. William C. Freeman of New York City, and party last week and has continued unabated. A number of matches have been the result and an additional feature came in the lowering of the course record by Professional Donald J. Ross, of the Pinehurst Golf Club.

The company represents men who have played the best courses of the country and they unhesitatingly de clare the Pinehurst course, as it now stands after the improvements of the past summer, not only to be unquestionably the finest in the South, but one of the finest in the country. They prophesy a remarkable season for the winter.

FOUR BALL TEAM MATCH. New Year's Day Contest Close One. Large Gallery Follows 'Round.

Considerable interest centred about the New Year's day four ball match between John M. Ward of the Fox Hills Golf Club, Staten Island and E. A. Freeman of the Montelair, (N. J.,) Golf Club vs. Mr. Wm. C. Freeman of the Montclair Club and Professional Donald Ross of the Pinehurst Golf Club.

Ward and Freeman won 3 up on 2 to play.

The players were not in the best of form but all suffered equally in this particular and in consequence, the match was a close and hard fought one in spite of the fact that the scores were hardly what the players wished them to be.

Mr. Ward's approaching was a feature of the match and during the contest there were many splendid putts. Mr. E. A. Freeman made the 11th hole, 153 yards, and Mr. Wm. C. Freeman made the 17th hole, 152 yards, each in two. Quite a gallery followed the players over the course.

The scores in detail were as follows:

	Out	In	Total
Ward	40	42	82
Ross	40	43	83
E. A. Freeman	43	44	87
Wm. C. Freeman	44	44	88

Mr. Ward is a golf player of National reputation holding the Fox Hills

and Montelair Golf Club championships. Last summer he won the first cup at the tournament of the Ekwanock Country Club, Manchester, Vermont.

THE MEDAL PLAY CONTEST.

Big Field of Entries and Excellent Scores in Thirty-Six Hole Match.

The visiting players opened their series of matches with a thirty-six hole medal play handicap match for handsome first and second Sterling cups, presented by the Holly Inn management. The event drew a large field of entries and Five defaulted on account of the weather. resulted in many close scores.

Mr. E. A. Freeman (scratch) won handily with 188 net but Dr. Frederick Schavoir and Mr. Alex MacGregor had a hard fight for the second trophy, Dr. Schavoir winning in 173 against 172 made by Mr. MacGregor.

Mr. George Dutton of Boston, and Mr. Wm. C. Freeman of New York, were close together with scores of 175 and 177 respectively.

FRIDAY'S TOURNAMENT.

Driving Rain Did Not Dampen Enthusiasm of Players.

Friday's 36-hole medal play tournament for cups offered by the Holly Inn management, for the two best net scores, was evidently planned without consultation with the Weather King and the result was a down pour of rain during the day. This did not, however dampen the ardor of the players to a great extent. They decided to make the match 18 holes instead of 36 and went ahead.

F. J. Bailey won first with 62, and H. O. C. Davis second with 64. The full scores were as follows:

FUZZY WUZZIES!

Kipling Wrote of One Kind But Pinehurst Has Another.

The Pinchurst Poultry Farm Fills a Practical Need and is also an Interesting Place to Visit.

The "Fuzzy Wuzzy" that Kipling wrote about was a "chap" that broke the British square and in so doing, won undying fame; but the "Fuzzy Wuzzies" that one finds at the Pinehurst Poultry Farm, are "chaps" that win the hearts of women without storming, and who will later win the good will of all by appearing in various dainty forms upon the menus of the hotels in Pinehurst's Hotel System.

But in their quaint infancy, they are of interest to all visitors to this department, established during the past summer, and which is already beginning to play an important part in supplying one very essential material need of the Village.

The Route.

The Poultry Farm is but a short distance and easily reached, from the Village. The shortest route is over the road which passes the Pinehurst stables at the right, and continues on through the country-side until it crosses a little brook. A few steps beyond, and from which point the buildings are in plain sight, a foot path cuts across fields, almost straight for the buildings.

It is a beautiful walk full of interest to the Nature Lover during the entire journey, with a little cabin on the way, to add a touch of human interest. All along the roadside are graceful grasses and picturesque flora and all about are stately long-leaf pines, the stern, scraggly oaks. About the brook are many strange trees and shrubs, with pitcher plants hidden away for sharp eyes to find, and tiny Mayflower vines lying snug and warm beneath blankets of dead grass, waiting patiently for the coming of the Spring, when they may unfold their delicate petals and exhale

The Farm Itself.

their sweet fragrance.

The buildings of the farm are extensive and thoroughly modern in equipment; well built, light, airy, clean and with concrete floors and the most approved devices for brooding, rearing and feeding the chickens which come into the world and leave it "orphans." Connected with the buildings are large yards in which the chickens may chase each
