GOVERNOR A GUEST !

States Chief Executive Visits Pinehurst
with His Brilliant Staff.

Welcome in Keeping With Dignity of
Both Office and Man—Recep-
tion and Ball were Features.

The event of the week and the season thus far, was the visit of His Excellency Governor C. B. Aycock, and staff, of North Carolina, and Pinehurst's welcome to the States Chief Executive was in keeping with the high character of both the office and the man, and the dignity of the Village. The residents united with the management in making the occasion a notable one, and the recollection of it will be a pleasant memory for the visitors, and mark an important event in the winters social pleasures.

The program consisted of a reception and ball Saturday, the evening of the arrival of the distinguished visitors, followed by the entertainment of the party Sunday.

News of the Governor's coming received late Saturday, spread rapidly through the Village and long before the hour set for the reception the corridors of The Carolina were crowded with guests from the various hotels and cottages. During the interval which preceded the reception, The Carolina orchestra furnished music.

Shortly after 9:30 the reception began, the governor and his brilliantly uniformed staff receiving in the parlors of the hotel, in company with the matrons of the week.

At the close of the reception the ball began, members of the staff leading off with the matrons. The scene was a brilliant one, the dashing uniforms, clanking swords and gold lace of the officers making a striking picture in contrast with the exquisite toilettes of the women and the sombre evening dress of the men.

Dancing continued until midnight and a large company of "non-combatants" enjoyed the affair fully as much as the participants; with the possible exception of the young women belles of the evening who without question, made a profound impression upon the officers, and who were frequently forced to divide a dance so great was the demand.

Sunday the party was driven about the Village by General Hotel Manager H. W. Priest and Resident Manager T. B. Cotter. The Sunday evening concert at The Carolina, which drew an immense company, offered opportunity for the renewal of the pleasant acquaintances made the evening before.

The party left for Raleigh on a special car, early Monday morning. There were present: His Excellency Governor C. B. Aycock and Master Aycock (colonel); Adj. General B. S. Royster and Master Royster (colonel); Col. P. M. Pearsall, private secretary; Col. W. D. Pollock, Col. J. E. Robinson, Col. J. H. Erwin, Col. J. S. Cunningham, Col. Walker Taylor, Col. J. C. Miclin, Col. Solomon Gilbert, Col. Alfred Williams, Col. Jones Fuller, Col. Wescott Roberson, Col. C. C. Bench,

Maj. A. E. Lloyd, Maj. William Landis, Senator H. N. Pharr, Senator M. L. Spence.

The trip was without "political" significance, simply a pleasure outing for a glimpse at the now world-famous Pinehurst, and the only cause for regret is among the young women of Pinehurst, and that because the youthful colonels, Masters Aycock and Royster, did not dance.

WORLD'S RECORD DRIVE.

Travis Gets a Distance of 382 Yards
at Garden City.

A drive that is a new record in golf was made on Saturday Jan. 23, by Walter J. Travis from the eighth tee at the Garden City Golf Club links, during a threesome with the well-known amateurs Bruce Price of Tuxedo and Arden M. Robbins of St. Andrews. The drive was 382 yards. The ground was frozen and free from snow or ice, and there was a following wind.

"I somehow managed to get off an astonishing long ball," said Travis, in telling of the feat. "The drive was from the eighth tee to the road in front of the green, 382 yards in all. The actual distance of the hole is 408 yards. The going is practically level, a shade up grade if anything, for some 360 yards, then there is a gentle slope to the road of some fifteen yards. So far as I know this is the longest ball ever driven on this or any other hole on the course."

The hole is recognized as a hard par 4, for after the second shots the players are more often in the road than on the green. Under the scale adopted on Wednesday by the New Jersey State Golf Association, the par would be 4 1-2. Travis spoke very modestly for he is in fact entitled to a world's record. The only drive on the books that exceeds it is not definitely established and has never been accepted as the record. It was* of 387 yards and made three years ago by Edward Blackwell, always famous for his long game, the play being from the eighteenth tee at St. Andrews to the steps of the Royal and Ancient clubhouse at St. Andrews, the ball rebounding back some distance after hitting the steps.

The record drive had been 341 yards, 9 inches made by "Freddie" Tait at St. Andrews in 1895, on a cold, frosty day much like Saturday. Travis' drive is now the record, for it is thoroughly authenticated—*New York Sun.*
