as Second Class Mail Matter.

SATURDAY, DECEMBER 5, 1903.

THAT GOLF is to remain permanently popular cannot longer be questioned, for the game has now become National in its character. It not only holds its old admirers, but is making new friends in increasing numbers each year. Young and old alike, find healthful, exhilarating enjoyment in the game which, all things considered, justly takes its place among the very best of out-door sports.

The early interest shown here is conclusive proof that the seasons tournaments will be the most successful ever held at any resort in the country.

THE FIRST of December finds more guests in the Village than ever before at this time of the year, and the season well begun; with every department as fully equipped as at the "height of the season."

The Holly Inn and Harvard are entertaining many guests, the cottages well filled, and numerous social pleasures and out-door sports are proving enjoyable.

THE WAY in which billiard playing is simplified by the device of a Munich college professor has astonished those who have witnessed the test. The sides of an ordinary billiard table are provided with six mirrors, one or more of which can be turned down when a play is to be made. The advantage rests in the fact that any image is reflected in the same angle in which it falls on the mirror just as the billiard ball rebounds from the cushion in the same angle as that of striking. The mirrors show at once the different ways in which shot can be made. Even the tyro is said to make difficult indirect shots as readily as direct ones, and the intricacies of the game are quickly conquered by anybody.

A BRITISH ENGINEER estimates that when a boy of one hundred pounds in weight eats two ounces of ice in five minutes, his stomach performs heat work equivalent to nearly an eighth of a horse power. In a machine wasting no power, this would raise the boy 194 feet high.

QUIET AND DIGNIFIED.

Thanksgiving Observance in Keeping with Character of Village.

Rev. Henry T. Gregory Delivers Sermon Appropriate to the Day at the Village Hall--Other Notes.

Pinehurst's Thanksgiving observance was in keeping with the dignity and character of the Village; just such an observance as took place in hundreds of cities and towns throughout the land. The day was clear, crisp, and beautiful; Nature rejoiced with mankind.

A handicap tournament occupied the attention of golfers, sportsman spent the day afield, and riding, driving and walking furnished recreation for others. There were many visitors at the Dairy Farm, Market Garden and Poultry Farm. Thanksgiving dinners were as usual, a feature at the hotels, and many of the cottagers dined with friends.

Religious services were held in the Village Hall at 4.00 P. M., Rev. Henry T. Gregory, officiating.

In opening Rev. Mr. Gregory read the words of Canticle, as found in the ninety-second Psalm:

"It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O most Highest;

"To tell of thy loving kindness in the morning, and of thy truth in the night season."

Originally, he said, Thanksgiving services were held to give thanks for the fruits of the soil, and while we as a people, still have great cause to be thankful for abundant harvests, we have also been blessed in many other ways. We are prosperous (sometimes too prosperous it is thought); we are at peace; we have not been devastated by war. And so it is eminently fitting that in recognition of all these bountiful mercies, we should set aside a special day each year in which to give thanks to Almighty God.

We should also give thanks at the beginning of the New Year for the blessings of the one just passed: for special mercies shown; because He has raised us from beds of sickness; because He has given skill to the physician. We should thank Him for the blessings of every day life: for health, prosperity, happiness.

But let us not forget to give thanks in time of trial, for it is at this time that we are apt to forget the blessings of life and neglect to offer praise for His mercies and grace. As individuals let us thank God every day for the many blessings He has shown us. Let us not alone be thankful in our homes, but let us come together frequently, as we have come to-day, in His house, to give thanks and praise Him.

Youth's Companion Calendar.

The Youth's Companion Calendar for 1904 is one of the most attractive of the many beautiful publications of its kind that has been issued by its publishers. It consists of three panels beautifully printed in colors.

ABSOLUTE PERFECTION.

Pinehurst Stands Alone in Point of Sanitary Plumbing and Sewage.

"Pinehurst" says Mr. George Simes, Manager of the Sanitary Agency, Boston, "is the only absolutely healthy Village, from a scientific sanitary standpoint, in the world.

"Mr. Leonard Tufts, the owner, conceived the idea of offering to the American people an absolutely sanitary, healthy, winter resort and engaged me to carefully inspect the plumbing and drainage of the Village and prepare plans for bringing both up to the highest known standards. This work begun a year ago last summer, has been completed during the past summer and every building now has a certificate of its perfect sanitary condition.

"The results of this work ought to be a source of personal satisfaction to each visitor to or resident in Pinehurst, and reflects great credit on the liberal-minded policy of the owner."

Mr. Merrow's Increasing Business.

E. L. Merrow, the photographer, is back for the season. Mr. Merrow's rapidly increasing business will make it necessary for him to carry a stock of double the size of former seasons this winter. The department of art needlework and novelties, established last year, will be greatly increased in size and attractiveness. Mr. Merrow will, as usual, make a specialty of photographic work and the development of plates and films and furnishing of supplies for amateurs.

"Miss West," Mr. Merrow's assistant, returns this year as Mrs. Merrow, and Mrs. C. E. Moorehouse will come in January to assume charge of the art needlework department.

Post Office Schedule.

The present Post Office schedule, in effect until December 15th, is as follows:

DEPARTURE—MAILS CLOSE.

5.40 A. M. to North*

5.15 " North and South
