### The New Style.

Since we thumbed our way to knowledge  
In the schoolhouse on the hill,  
They are spelling education  
In a different manner still.  
They instruct the modern youngster  
How to breathe, and sew, and cook  
How to sculpture; patter Spanish;  
How a microbe ought to look.  
Education's silent letters  
Old-time fogies may deplore,  
For the Three Rs that we studied  
Nowadays are heard no more.

—N. Y. Sun.
