

**THE DICKINSON SCHOOL.****Work to be Carried Forward on More Comprehensive Lines.**

Visitors interested in the Dickinson School for Colored Children will be glad to know that the school will reopen the first Monday in February, and will be conducted upon more comprehensive lines than in the past.

The teacher in charge will be a thoroughly competent one, not only a graduate of Shaw University, and having the thorough training that is characteristic of its graduates, but an ordained minister as well. Under the new management the school will have the kindly interest of President Meserve and the faculty of Shaw University.

In addition to the work of the school which has been carried on for some years past, it is proposed to introduce other lines of work which were outlined some years ago and which will provide domestic training for young girls giving instruction in housekeeping, sewing, and the like; and for the boys in agricultural, manual training, and other departments.

The County has made an appropriation for a period of four months of the year and the additional expense has been borne by the Village and friends of the school who visit Pinehurst. The good wrought since its foundation has been inestimable, and the institution is one most worthy of support.

Contributions are always welcome and those wishing to aid are kindly asked to hand subscriptions to clerks at the various hotels or the Cashier at the Pinehurst General Office. Definite information concerning this school may always be had at the General Office, and inquiry or investigation relative to this work, is always welcome. It is earnestly hoped that those who may wish to contribute will do so as outlined above, and not through those connected with the school.

Mr. and Mrs. F. P. Marsh, of New York, who have spent several seasons in Pinehurst come for a long sojourn.

Mr. C. C. Oyster, New Cumberland, Pa., and Mr. R. B. Miller, Harrisburg, Pa., were guests of the week.

Among those who came for the golf tournament were Mr. and Mrs. H. W. Smedley, Miss Smedley, Ardmore, Pa., and Mr. Walter Smedley, Media, Pa.

**PLEASED THE GUESTS.****Products From Market Garden and Dairy Much Enjoyed.**

Many comments upon Pinehurst Market Garden and Dairy Farm were heard among the visitors of the week. Cucumbers, radishes and other vegetable delicacies from the garden, and an abundant supply of milk and cream from the dairy, were features which came as a genuine surprise to many who thought they were familiar with the food supply end of Southern resorts.

The fact that Pinehurst has no equal in the completeness of its equipment is becoming more and more generally realized and is in a large measure, accountable for the phenomenal success the Village is enjoying.

**THE THREE PRISONERS.****A Boy's Story of Exceptional Instruction and Interest.**

"The Three Prisoners," by W. H. Shelton, published by A. S. Barnes & Co., New York, is an original and exciting story of boys and a schoolmaster who became involved in war in spite of themselves. Dramatic incidents of the great Civil War, in which the author himself took part, are mingled with a stirring story of adventure, danger, imprisonment and escape. The author tells us that the story is true and the unexpected happenings throughout might be held to be another proof of the strangeness of truth. "The Three Prisoners" gives a fresh view of the life of the great war. It is not only a story quickening in interest throughout, but a book of sterling worth, which will be read again and again and valued as a living page of American history.
